(a) The Lessor agrees that the Comptroller General of the United States or any of his duly authorized representatives shall, until the expiration of 3 years after final payment under this lease, have access to and the right to examine any directly pertinent books, documents, papers, and records of the Lessor involving transactions related to this lease.

(b) The Lessor further agrees to include in all his subcontracts hereunder a provision to the effect that the subcontractor agrees that the Comptroller General of the United States or his representatives shall, until the expiration of 3 years after final payment under this lease with the Government, have access to and the right to examine any directly pertinent books, documents, papers, and records of such subcontractor involving transactions related to the subcontract.

12. APPLICABLE CODES AND ORDINANCES

The Lessor, as part of the rental consideration, agrees to comply with all codes and ordinances applicable to the ownership and operation of the building in which the leased space is situated and, at his own expense, to obtain all necessary permits and related items.

13. INSPECTION.

At all times after receipt of Bids, prior to or after acceptance of any Bid or during any construction, remodeling or renovation work, the premises and the building or any parts thereof, upon reasonable and proper notice, shall be accessible for inspection by the Contracting Officer, or by architects, engineers, or other technicians representing him, to determine whether the essential requirements of the solicitation or the lease requirements are met.

14. ECONOMY ACT LIMITATION.

If the rental specified in this lease exceeds $2,000 per annum, the limitation of Section 322 of the Economy Act of 1932, as amended (40 U.S.C. 278a), shall apply.

15. FAILURE IN PERFORMANCE.

In the event of failure by the Lessor to provide any service, utility, maintenance or repairs required under this lease, the Government shall have the right to secure said services, utilities, maintenance or repairs and to deduct the cost thereof from rental payments.

16. LESSOR'S SUCCESSORS.

The terms and provisions of this lease and the conditions herein shall bind the Lessor, and the Lessor's heirs, executors, administrators, successors, and assigns.

CERTIFICATION

1. CERTIFICATION OF NONSEGREGATED FACILITIES.

(Applicable to (1) contracts, (2) subcontracts, and (3) agreements with applicants who are themselves performing federally assisted construction contracts, exceeding $10,000 which are not exempt from the provisions of the Equal Opportunity clause.)

By the submission of this bid, the bidder, offeror, applicant, or subcontractor certifies that he does not maintain or provide for his employees any segregated facilities at any of his establishments, and that he does not permit his employees to perform their services at any location, under his control, where segregated facilities are maintained. He certifies further that he will not maintain or provide for his employees any segregated facilities at any of his establishments, and that he will not permit his employees to perform their services at any location, under his control, where segregated facilities are maintained. The bidder, offeror, applicant, or subcontractor agrees that a breach of this certification is a violation of the Equal Opportunity clause in this contract. As used in this certification, the term "segregated facilities" means any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, or national origin, because of habit, local custom, or otherwise. He further agrees that (except where he has obtained identical certifications from proposed subcontractors for specific time periods) he will obtain identical certifications from proposed subcontractors prior to the award of subcontracts exceeding $10,000 which are not exempt from the provisions of the Equal Opportunity clause; that he will retain such certifications in his files; and that he will forward the following notice to such proposed subcontractors (except where the proposed subcontractors have submitted identical certifications for specific time periods):

NOTICE TO PROSPECTIVE SUBCONTRACTORS OF REQUIREMENT FOR CERTIFICATIONS OF NONSEGREGATED FACILITIES

A Certification of Nonsegregated Facilities must be submitted prior to the award of a subcontract exceeding $10,000 which is not exempt from the provisions of the Equal Opportunity clause. The certification may be submitted either for each subcontract or for all subcontracts during a period (i.e., quarterly, semiannually, or annually).

NOTE: The penalty for making false statements in offers is prescribed in 18 U.S.C. 1001.

NOTE.—The penalty for making false statements in offers is prescribed in 18 U.S.C. 1001.

INSTRUCTIONS

1. Whenever the lease is executed by an attorney, agent, or trustee on behalf of the Lessor, two authenticated copies of his power of attorney, or other evidence to act on behalf of the Lessor, shall accompany the lease.

2. When the Lessor is a partnership, the names of the partners composing the firm shall be stated in the body of the lease. The lease shall be signed with the partnership name, followed by the name of the partner signing the same.

3. Where the Lessor is a corporation, the lease shall be signed with the corporate name, followed by the signature and title of the officer or other person signing the lease on its behalf, duly attested, and, if requested by the Government evidence of this authority so to act shall be furnished.

4. When deletions or other alterations are made specific notation thereof shall be entered under clause 8 of the lease before signing.

5. If the property leased is located in a State requiring the recording of leases, the Lessor shall comply with all such statutory requirements at Lessor's expense.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The Mayor is authorized to execute and the City Clerk to attest and affix the seal of the City of Chicago upon an Agency and Participation Agreement between the City and the State of Illinois subject to the approval of the City Comptroller and as to form and legality by the Corporation Counsel; said Agreement to be in the following form:

State of Illinois
Department of Transportation
Division of Aeronautics
Agency and Participation Agreement
(State and Federally Assisted
Airport Master Planning)

This Agreement, made and entered into by and between the Division of Aeronautics, (hereinafter referred to as the "Division"), for and in behalf of the State of Illinois, and the Department of Aviation, of the City of Chicago, a municipal corporation of the State of Illinois, acting through its Department of Aviation, (hereinafter referred to as the "City").

WITNESSETH:

Whereas, the City desires to sponsor a project for the Chicago Midway Airport of a public air navigation facility, known or to be designated as the Chicago Midway Master Planning Grant under the Planning Grant Program and the provisions of the Federal Airport and Airway Development Act of 1970 and the Regulations promulgated pursuant thereto; and

Whereas, this project shall be identified as Illinois Project 75P-1-20 Planning Grant Program (PGP) No. A-17-0025-01; Master Plan Study.

Whereas, the City has accordingly requested Federal financial assistance in the accomplishment of such project, in the sum $228,149.00 under the Planning Grant Program Designation No. A-17-0025-01; and

Whereas, the Division has had appropriated to it certain monies for the development of public air navigation facilities, subject to the provisions of Section 34 of the Illinois Aeronautics Act; and

Whereas, the City has requested assistance of the Division in making up the amount of and payment of the non-Federal share of the costs and expenses of said project, and to act as its agent in certain matters connected therewith; and

Whereas, the parties hereto, by this agreement, intend (a) to fix their respective responsibilities, with reference to each other, with reference to the accomplishments of said project, and with reference to the United States, and (b) to designate the parties to accept, receipt for and disburse all funds and payments of the Federal Government and of the City used or to be used in payment of the costs and expenses of said project or representing reimbursements by the Federal Government on such costs and expenses as shall have been incurred by the parties hereto, or either of them.

Now, therefore, for and in consideration of the benefits which will accrue to the parties hereto by virtue of this Agreement and the respective covenants herein contained, It Is Mutually Covenanted and Agreed as follows:

1. The City shall be the "Sponsor" of the project identified above, except as set forth in Paragraph 2 immediately hereafter following.
2. The Division shall act as agent for the accomplishment of the project by its rendering and furnishing of certain administrative services, as follows: documentation and project reporting liaison with the Federal Aviation Administration.
3. The City shall, by appropriate contract or amendment, or supplementary contract, cause adequate, capable and qualified project managers acceptable to the Division to be furnished by Landrum and Brown, Inc. (Consultant) and shall therein make provision to effectuate the provisions hereinafter set forth in Section 4; and shall therein provide that such project reports as shall be required by the Federal Aviation Administration, shall be prepared and forwarded to the Division by such project manager.

EXAMINATION OF RECORDS

(a) The Lessor agrees that the Comptroller General of the United States or any of his duly authorized representatives shall, until expiration of 3 years after final payment under this contract, or of the time periods for the particular records specified in Part 1-20 of the Federal Procurement Regulations (41 CFR Part 1-20), whichever expires earlier, have access to and the right to examine any directly pertinent books, documents, papers, and records of the Lessor involving transactions related to this contract.

(b) The Lessor further agrees to include in all his subcontracts hereunder a provision to the effect that the subcontractor agrees that the Comptroller General of the United States or any of his duly authorized representatives shall, until expiration of 3 years after final payment under the subcontract, or of the time periods for the particular records specified in Part 1-20 of the Federal Procurement Regulations (41 CFR Part 1-20), whichever expires earlier, have access to and the right to examine any directly pertinent books, documents, papers and records of such subcontractor, involving transactions related to the subcontract. The term "subcontract" as used in this clause excludes (1) purchase orders not exceeding $2,500 and (2) subcontracts or purchase orders for public utility services at rates established for uniform applicability to the general public.

GENERAL PROVISIONS, CERTIFICATION AND INSTRUCTIONS

U.S. Government Lease for Real Property

GENERAL PROVISIONS

~~1. SUBLETTING THE PREMISES.~~

The Government may sublet any part of the premises but shall not be relieved from any obligations under this lease by reason of any such subletting.

~~2. MAINTENANCE OF PREMISES.~~

The Lessor shall maintain the demised premises, including the building and any and all equipment, fixtures, and appurtenances, furnished by the Lessor under this lease in good repair and tenantable condition, except in case of damage arising from the act or the negligence of the Government's agents or employees. For the purpose of so maintaining said premises and property, the Lessor may at reasonable times, and with the approval of the authorized Government representative in charge, enter and inspect the same and make any necessary repairs thereto.

3. DAMAGE BY FIRE OR OTHER CASUALTY.

If the said premises be destroyed by fire or other casualty this lease shall immediately terminate. In case of partial destruction or damage, so as to render the premises untenantable, as determined by the Government, the Government may terminate the lease by giving written notice to the Lessor within fifteen (15) days thereafter; if so terminated no rent shall accrue to the Lessor after such partial destruction or damage; and if not so terminated the rent shall be reduced proportionately by supplemental agreement hereto effective from the date of such partial destruction or damage.

4. ALTERATIONS. upon prior written consent by the City

The Government shall have the right during the existence of this lease to make alterations, attach fixtures and erect additions, structures or signs in or upon the premises hereby leased, which fixtures, additions or structures so placed in, upon or attached to the said premises shall be and remain the property of the Government and may be removed or otherwise disposed of by the Government.

~~5. CONDITION REPORT.~~

A joint physical survey and inspection report of the demised premises shall be made as of the effective date of this lease, reflecting the then present condition, and will be signed on behalf of the parties hereto.

6. COVENANT AGAINST CONTINGENT FEES.

The Lessor warrants that no person or selling agency has been employed or retained to solicit or secure this lease upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Lessor for the purpose of securing business. For breach or violation of this warranty the Government shall have the right to annul this lease without liability or in its discretion to deduct from the rental price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee. (Licensed real estate agents or brokers having listings on property for rent, in accordance with general business practice, and who have not obtained such licenses for the sole purpose of effecting this lease, may be considered as bona fide employees or agencies within the exception contained in this clause.)

7. OFFICIALS NOT TO BENEFIT.

No Member of or Delegate to Congress, or Resident Commissioner shall be admitted to any share or part of this lease contract, or to any benefit that may arise therefrom; but this provision shall not be construed to extend to this lease contract if made with a corporation for its general benefit.

8. ASSIGNMENT OF CLAIMS.

Pursuant to the provisions of the Assignment of Claims Act of 1940, as amended (31 U.S.C. 203, 41 U.S.C. 15), if this lease provides for payments aggregating $1,000 or more, claims for monies due or to become due the Lessor from the Government under this contract may be assigned to a bank, trust company, or other financing institution, including any Federal lending agency, and may thereafter be further assigned or reassigned to any such institution. Any such assignment or reassignment shall cover all amounts payable under this contract and not already paid, and shall not be made to more than one party, except that any such assignment or reassignment may be made to one party as agent or trustee for two or more parties participating in such financing. Notwithstanding any provisions of this contract, payments to an assignee of any monies due or to become due under this contract shall not, to the extent provided in said Act, as amended, be subject to reduction or set-off.

~~9. EQUAL OPPORTUNITY CLAUSE.~~

(The following clause is applicable unless this contract is exempt under the rules, regulations, and relevant orders of the Secretary of Labor (41 CFR, ch. 60).)

During the performance of this contract, the Contractor agrees as follows:

(a) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to, the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Contracting Officer setting forth the provisions of this Equal Opportunity clause.

(b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.

(c) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency Contracting Officer, advising the labor union or workers' representative of the Contractor's commitments under this Equal Opportunity clause, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(d) The Contractor will comply with all provisions of Executive Order No. 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(e) The Contractor will furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting

agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(f) In the event of the Contractor's noncompliance with the Equal Opportunity clause of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended, in whole or in part, and the Contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order No. 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order No. 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(g) The Contractor will include the provisions of paragraphs (a) through (g) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order No. 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: *Provided, however,* That in the event the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

10. FACILITIES NONDISCRIMINATION.

(a) As used in this section, the term "facility" means stores, shops, restaurants, cafeterias, restrooms, and any other facility of a public nature in the building in which the space covered by this lease is located.

(b) The Lessor agrees that he will not discriminate by segregation or otherwise against any person or persons because of race, color, religion, sex, or national origin in furnishing, or by refusing to furnish, to such person or persons the use of any facility, including any and all services, privileges, accommodations, and activities provided thereby. Nothing herein shall require the furnishing to the general public of the use of any facility customarily furnished by the Lessor solely to tenants, their employees, customers, patients, clients, guests and invitees.

(c) It is agreed that the Lessor's noncompliance with the provisions of this section shall constitute a material breach of this lease. In the event of such noncompliance, the Government may take appropriate action to enforce compliance, may terminate this lease, or may pursue such other remedies as may be provided by law. In the event of termination, the Lessor shall be liable for all excess costs of the Government in acquiring substitute space, including but not limited to the cost of moving to such space. Substitute space shall be obtained in as close proximity to the Lessor's building as is feasible and moving costs will be limited to the actual expenses thereof as incurred.

(d) It is further agreed that from and after the date hereof the Lessor will, at such time as any agreement is to be entered into or a concession is to be permitted to operate, include or require the inclusion of the foregoing provisions of this section in every such agreement or concession pursuant to which any person other than the Lessor operates or has the right to operate any facility. Nothing herein contained, however, shall be deemed to require the Lessor to include or require the inclusion of the foregoing provisions of this section in any existing agreement or concession arrangement or one in which the contracting party other than the Lessor has the unilateral right to renew or extend the agreement or arrangement, until the expiration of the existing agreement or arrangement and the unilateral right to renew or extend. The Lessor also agrees that it will take any and all lawful actions as expeditiously as possible, with respect to any such agreement as the contracting agency may direct, as a means of enforcing the intent of this section, including, but not limited to, termination of the agreement or concession and institution of court action.

11. EXAMINATION OF RECORDS.

(NOTE.—This provision is applicable if this lease was negotiated without advertising.)

(a) The Lessor agrees that the Comptroller General of the United States or any of his duly authorized representatives shall, until the expiration of 3 years after final payment under this lease, have access to and the right to examine any directly pertinent books, documents, papers, and records of the Lessor involving transactions related to this lease.

(b) The Lessor further agrees to include in all his subcontracts hereunder a provision to the effect that the subcontractor agrees that the Comptroller General of the United States or his representatives shall, until the expiration of 3 years after final payment under this lease with the Government, have access to and the right to examine any directly pertinent books, documents, papers, and records of such subcontractor involving transactions related to the subcontract.

12. APPLICABLE CODES AND ORDINANCES

The Lessor, as part of the rental consideration, agrees to comply with all codes and ordinances applicable to the ownership and operation of the building in which the leased space is situated and, at his own expense, to obtain all necessary permits and related items.

13. INSPECTION.

At all times after receipt of Bids, prior to or after acceptance of any Bid or during any construction, remodeling or renovation work, the premises and the building or any parts thereof, upon reasonable and proper notice, shall be accessible for inspection by the Contracting Officer, or by architects, engineers, or other technicians representing him, to determine whether the essential requirements of the solicitation or the lease requirements are met.

14. ECONOMY ACT LIMITATION.

If the rental specified in this lease exceeds $2,000 per annum, the limitation of Section 322 of the Economy Act of 1932, as amended (40 U.S.C. 278a), shall apply.

15. FAILURE IN PERFORMANCE.

In the event of failure by the Lessor to provide any service, utility, maintenance or repairs required under this lease, the Government shall have the right to secure said services, utilities, maintenance or repairs and to deduct the cost thereof from rental payments.

16. LESSOR'S SUCCESSORS.

The terms and provisions of this lease and the conditions herein shall bind the Lessor, and the Lessor's heirs, executors, administrators, successors, and assigns.

CERTIFICATION

1. CERTIFICATION OF NONSEGREGATED FACILITIES.

(Applicable to (1) contracts, (2) subcontracts, and (3) agreements with applicants who are themselves performing federally assisted construction contracts, exceeding $10,000 which are not exempt from the provisions of the Equal Opportunity clause.)

By the submission of this bid, the bidder, offeror, applicant, or subcontractor certifies that he does not maintain or provide for his employees any segregated facilities at any of his establishments, and that he does not permit his employees to perform their services at any location, under his control, where segregated facilities are maintained. He certifies further that he will not maintain or provide for his employees any segregated facilities at any of his establishments, and that he will not permit his employees to perform their services at any location, under his control, where segregated facilities are maintained. The bidder, offeror, applicant, or subcontractor agrees that a breach of this certification is a violation of the Equal Opportunity clause in this contract. As used in this certification, the term "segregated facilities" means any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, or national origin, because of habit, local custom, or otherwise. He further agrees that (except where he has obtained identical certifications from proposed subcontractors for specific time periods) he will obtain identical certifications from proposed subcontractors prior to the award of subcontracts exceeding $10,000 which are not exempt from the provisions of the Equal Opportunity clause; that he will retain such certifications in his files; and that he will forward the following notice to such proposed subcontractors (except where the proposed subcontractors have submitted identical certifications for specific time periods):

NOTICE TO PROSPECTIVE SUBCONTRACTORS OF REQUIREMENT FOR CERTIFICATIONS OF NONSEGREGATED FACILITIES

A Certification of Nonsegregated Facilities must be submitted prior to the award of a subcontract exceeding $10,000 which is not exempt from the provisions of the Equal Opportunity clause. The certification may be submitted either for each subcontract or for all subcontracts during a period (i.e., quarterly, semiannually, or annually).

NOTE: The penalty for making false statements in offers is prescribed in 18 U.S.C. 1001.

NOTE.—The penalty for making false statements in offers is prescribed in 18 U.S.C. 1001.

INSTRUCTIONS

1. Whenever the lease is executed by an attorney, agent, or trustee on behalf of the Lessor, two authenticated copies of his power of attorney, or other evidence to act on behalf of the Lessor, shall accompany the lease.

2. When the Lessor is a partnership, the names of the partners composing the firm shall be stated in the body of the lease. The lease shall be signed with the partnership name, followed by the name of the partner signing the same.

3. Where the Lessor is a corporation, the lease shall be signed with the corporate name, followed by the signature and title of the officer or other person signing the lease on its behalf, duly attested, and, if requested by the Government evidence of this authority so to act shall be furnished.

4. When deletions or other alterations are made specific notation thereof shall be entered under clause 8 of the lease before signing.

5. If the property leased is located in a State requiring the recording of leases, the Lessor shall comply with all such statutory requirements at Lessor's expense.

(continued from page 9165)

4. The Division is hereby authorized, empowered, appointed and directed to;
   a. to issue proceed notices and such stop-work orders as the Federal Aviation Administration shall determine to be necessary or expedient; as prescribed by the Airport and Airway Development Act;
   b. to procure and to forward to the Federal Aviation Administration such project documents and project reports, and to approve or disapprove periodic and final estimates and completed work as the latter shall require.
   c. to accept, receive, receipt for, and deposit with the State Treasurer to the account of said project any and all funds granted, allowed, paid or made available by the United States under the Airport and Airway Development Act and Congressional appropriations made pursuant thereto, and to disburse upon State warrant such funds in the payment of such project costs as the Division shall determine to be earned and payable;

   which agency responsibilities, duties and authorities the Division hereby accepts and assumes, for execution and discharge according to the best of its ability.
5. The City shall be signatory party, in its own name, stead, right and behalf, to the Project Application made or to be made to the Federal Aviation Administration, to the Acceptance of such Grant Offer as shall be tendered by the United States, through the Federal Aviation Administration, and to any and all Amendments to such Grant Agreement as shall be executed.
6. The estimated total costs for said project $342,224.00. The Division hereby agrees, with the approval of the Governor, to participate in the project for payment of such project costs as are not barred by Section 34 of the Illinois Aeronautics Act, from funds appropriated to the Division by and under Section 12, Senate Bill 1345, in the amount of one-sixth (1/6) participation or $54,166.00 of project costs. The State will participate in the amount of one-third (1/3) of 5.3% of the Consultant's contract costs or $5,742.00 under Section 12, Senate Bill 1345 for State administrative costs. Payments to the Engineer, shall be made on the basis of monthly reports and approved by the Chief Engineer, up to ninety percent (90%) of said maximum State funds committed to and released for the project. The remaining ten percent (10%) may be retained by the Division until after the contract has been completed and accepted and all other requirements of the contract agreed to be performed by the Engineer are complied with.

   On the basis of the Project Application, it is expected that a Grant Offer from the United States will be tendered in the approximate amount of $228,149.00. Accordingly, it is estimated that the share of the City in the total project costs will be approximately $54,167.00; However, the City specifically agrees that in any event it will pay all project costs by which the total of actual project costs may and shall exceed the sum of the State funds as are herein committed and the Federal funds granted, or otherwise in order to complete the works called for by the project Grant Agreement with the United States, as the same may, with the express consent and approval of the City, be amended, changed, modified, or supplemented—subject, however, and only, to the limitations as to revenue and restrictions on bonded indebtedness imposed by State statutes and constitution.
7. The City agrees to comply at all times with the conditions prescribed in the second provision of said Section 34 with respect to which the City is required to satisfy the Division under the terms thereof.
8. The airport shall be used, operated and maintained at all times by the City for the use and benefit of the general public without unjust discrimination, in accordance with all applicable Federal and State laws and the rules and regulations prescribed thereunder, and in accordance with the covenants and assurances of the City made with and to the United States.
9. The City should file with the Division, such reports concerning study documents as defined in Study Work Program, Section MP6; as the Division may require from time to time.
10. Notices, reports or other communications required by or transmitted pursuant to this Agreement to the Division shall be directed to the attention of the Director of Aeronautics, Division of Aeronautics, State of Illinois, Capital Airport, Springfield, Illinois.
11. To the extent that the Grant requires, this Agreement is made subject and subordinate to the provisions thereof. All commitments of the City hereunder are subject to Constitutional and statutory limitations binding upon it to the availability of funds which may lawfully be applied hereto.
12. In the event that the Federal Aviation Administration, acting for the United States shall refuse or fail to extend a Grant Offer on this project, this Agreement shall automatically be voided and become of no force and effect.
13. This Agreement shall be and is deemed to be one entered into pursuant to the Illinois Aeronautics Act of the State of Illinois, and shall be construed and given effect in accordance with said Act and not otherwise.

In Witness Whereof, the parties hereto have caused this Agreement to be executed and their respective seals affixed as of the dates respectively hereafter set forth.

Yeas—Aldermen Roti, Barnett, Kenner, Evans, Sawyer, Jones, Cousins, Adduci, Vrdolyak, Bilandic, Kwak, Madrzyk, Burke, Langford, Shannon, Hincs, Fitzpatrick, Stewart, Stemberk, Marzullo, Zydlo, Ray, Washington, Cross, Gabinski, Sande, Frost, Laskowski, Aiello, Casey, Cullerton, Laurino, Natarus, Singer, Simpson, Fifielski, Cohen, Hoellen, Hedlund, Stone—40.

Nays—None.

Alderman Stewart moved to *Reconsider* the foregoing vote. The motion was *Lost.*

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The Mayor is authorized to execute and the City Clerk to attest and affiv the seal of the City of Chicago upon an Agency Agreement between the City and the State of Illinois subject to the approval of the City Comptroller and as to form and legality by the Corporation Counsel; said Agreement to be in the following form:

State of Illinois
Department of Transportation
Division of Aeronautics

Agency Agreement
(Federally Assisted Airport Master Planning)

This Agreement, made and entered into by and between the Division of Aeronautics, (hereinafter referred to as the "Division"), for and in behalf of the State of Illinois, and the Department of Aviation, of the City of Chicago, a municipal corporation of the State of Illinois, acting through its Department of Aviation, (hereinafter referred to as the "City").

WITNESSETH:

Whereas, the City desires to sponsor a project for the Chicago-O'Hare International Airport of a public air navigation facility known or to be designated as the Chicago-O'Hare Master Planning Grant under the Planning Grant Program and the provisions of the Federal Airport and Airway Development Act of 1970 and the Regulations promulgated pursuant thereto; and

Whereas, this project shall be identified as Illinois Project 75P-1-19 Planning Grant Program (PGP) No. A-17-0022-01 Master Plan Study.

Whereas, the City has accordingly requested Federal financial assistance in the accomplishment of such project, in the sum of $1,780,491.00 under the Planning Grant Program Designation No. A-17-0022-01; and

Whereas, the City has requested assistance of the Division to act as its agent in certain matters connected therewith; and as prescribed by the Airport and Airways Development Act.

Whereas, the parties hereto, by this agreement, intend (a) to fix their respective responsibilities, with reference to each other, with reference to the accomplishment of said project, and with reference to the United States, and (b) to designate the parties to accept, receipt for and disburse all funds and payments of the Federal Government and of the City used or to be used in payment of the costs and expenses of said project or representing reimbursement by the Federal Government on such costs and expenses as shall have been incurred by the parties hereto, or either of them.

Now, therefore, for and in consideration of the benefits which will accrue to the parties hereto by virtue of this Agreement and the respective covenants herein contained, It Is Mutually Covenanted and Agreed as follows:

1. The City shall be the "Sponsor" of the project identified above, except as set forth in Paragraph 2 immediately hereafter following.
2. The Division shall act as agent for the accomplishment of the project by its rendering and furnishing of certain administrative services, as follows: documentation and project reporting liaison with the Federal Aviation Administration.
3. The City shall, by appropriate contract or amendment, or supplementary contract, cause adequate, capable and qualified project managers acceptable to the Division to be furnished by Landrum and Brown, Inc. (Consultant) and shall therein make provision to effectuate the provisions hereinafter set forth in Section 4; and shall therein provide that such project reports as shall be required by the Federal Aviation Administration, shall be prepared and forwarded to the Division by such project manager.
4. The Division is hereby authorized, empowered, appointed and directed to;
   a. to issue proceed notices and such stop-work orders as the Federal Aviation Administration shall determine to be necessary or expedient; as prescribed by the Airport and Airway Development Act;
   b. to procure and to forward to the Federal Aviation Administration such project documents and project reports, and to approve or disapprove periodic and final estimates and completed work as the latter shall require.
   c. to accept, receive, receipt for, and deposit with the State Treasurer to the account of said project any and all funds granted, allowed, paid or made available by the United States under the Airport and Airway Development Act and Congressional appropriations made pursuant thereto, and to disburse upon State warrant such funds in the payment of such project costs as the Division shall determine to be earned and payable;

   which agency responsibilities, duties and authorities the Division hereby accepts and assumes, for execution and discharge according to the best of its ability.
5. The City shall be signatory party, in its own name, stead, right and behalf, to the Project Application made or to be made to the Federal Aviation Administration, to the Acceptance of such Grant Offer as shall be tendered by the United States, through the Federal Aviation Administration, and to any and all Amendments to such Grant Agreement as shall be executed.
6. The estimated total project costs for said project is $2,670,736.00. The Division hereby agrees, with the approval of the Governor, to participate in the project, for payment of such project costs are not barred by Section 34 of the Illinois Aeronautics Act, from funds appropriated to the Division by and under Section 12, Senate Bill 1345, in the amount of one-third (1/3) of 5.3% of the Consultant's contract costs or $44,808.00.

   On the basis of the Project Application, it is expected that a Grant Offer from the United States will be tendered in the approximate amount of $1,780,491.00. Accordingly, it is

estimated that the share of the City in the total costs will be approximately $845,437.00.

7. The City agrees to comply at all times with the conditions prescribed in the second proviso of said Section 34 with respect to which the City is required to satisfy the Division under the terms thereof.
8. The airport shall be used, operated and maintained at all times by the City for the use and benefit of the general public without unjust discrimination, in accordance with all applicable Federal and State laws and the rules and regulations prescribed thereunder, and in accordance with the covenants and assurances of the City made with and to the United States.
9. The City should file with the Division, such reports concerning study documents as defined in Study Work Program, Section MP6; as the Division may require from time to time.
10. Notices, reports or other communications required by or transmitted pursuant to this Agreement to the Division shall be directed to the attention of the Director of Aeronautics, Division of Aeronautics, State of Illinois, Capital Airport, Springfield, Illinois.
11. To the extent that the Grant requires, this Agreement is made subject and subordinate to the provisions thereof. All commitments of the City hereunder are subject to Constitutional and statutory limitations binding upon it to the availability of funds which may lawfully be applied hereto.
12. In the event that the Federal Aviation Administration, acting for the United States shall refuse or fail to extend a Grant Offer on this project, this Agreement shall automatically be voided and become of no force and effect.
13. This Agreement shall be and is deemed to be one entered into pursuant to the Illinois Aeronautics Act of the State of Illinois, and shall be construed and given effect in accordance with said Act and not otherwise.

In Witness Whereof, the parties hereto have caused this Agreement to be executed and their respective seals affixed as of the dates respectively hereafter set forth.

Execution of Agreement Authorized with State of Illinois and County of Cook for Improvement of N. Kedzie Av. between W. Howard St. and N. Lincoln Av. (Previous Ordinance Repealed).

The Committee on Finance submitted a report recommending that the City Council pass a proposed ordinance transmitted therewith, to authorize the execution of an agreement with the State of Illinois and the County of Cook for the improvement of N. Kedzie Avenue between W. Howard Street and N. Lincoln Avenue and repealing a previous ordinance passed on December 14, 1973.

On motion of Alderman Bilandic the said proposed ordinance was *Passed,* by yeas and nays as follows:

Yeas—Aldermen Roti, Barnett, Kenner, Evans, Sawyer, Jones, Cousins, Adduci, Vrdolyak, Bilandic, Kwak, Madrzyk, Burke, Langford, Shannon, Hines, Fitzpatrick, Stewart, Stemberk, Marzullo, Zydlo, Ray, Washington, Cross, Gabinski, Sande, Frost, Laskowski, Aiello, Casey, Cullerton, Laurino, Natarus, Singer, Simpson, Fifielski, Cohen, Hoellen, Hedlund, Stone—40.

Nays—None.

The following is said ordinance as passed:

WHEREAS, Plans for the construction of Kedzie Avenue from Lincoln Avenue to Howard Street are proceeding; and

WHEREAS, The State of Illinois has indicated a willingness to participate in the cost of the right-of-way acquisition for the improvement; and

WHEREAS, The County of Cook has indicated a willingness to undertake the construction of the improvement; and

WHEREAS, It is in the interest of the City, County and State that this improvement be commenced at the earliest possible date; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the ordinance passed by the City Council of the City of Chicago on December 14, 1973 and appearing on pages 6772, 6773 and 6774 of the Journal of the Proceedings of the City Council of said date, authorizing the execution of a City-County-State agreement for the improvement of N. Kedzie Avenue between W. Howard Street and N. Lincoln Avenue, be repealed and replaced by the agreement and authorization contained herein.

SECTION 2. That the Mayor is authorized to execute, the City Clerk to attest and the Commissioner of Public Works and the City Comptroller to approve, upon approval of the Corporation Counsel as to form and legality, an agreement with the State of Illinois and the County of Cook providing for the project described therein. Said agreement to be substantially in the following form:

Kedzie Avenue Improvement
W. Howard Street to N. Lincoln Avenue

This Agreement, entered into this ..... day of ....., 1974, by and between the State of Illinois, acting through its Department of Transportation and hereinafter called the "State", the County of Cook, a body politic and corporate of the State of Illinois and hereinafter called the "County", and the City of Chicago, acting through its Department of Public Works and hereinafter called the "City".

WITNESSETH

Whereas, the State, the County and the City, in the interests of the safe and efficient movement of vehicular traffic, find it necessary to construct the project identified as follows:

Kedzie Avenue Improvement
W. Howard Street to N. Lincoln Avenue

Section 135-2424.02 M.F.T. and Section 135A-0102 M.F.T.
N. Kedzie Avenue 2830 C.S.

Whereas, The Department of Transportation of the State of Illinois, under Chapter 121, Article 4-409, may enter into a written contract with any other highway authority for the maintenance, administration, engineering or improvement of any highway or portion thereof; and

Whereas, The City Council of the City of Chicago passed an ordinance on May 21, 1971 (Council Journal page 229) allocating M.F.T. Funds for engineering of the Kedzie Avenue Improvement; and

Whereas, City plans a future 84-inch reinforced concrete pipe sewer draining from east of Kedzie Avenue to the North Shore Channel west thereof, thus crossing Kedzie Avenue, construction to begin in 1976, and, in order to avoid disrupting the operation of Kedzie Avenue by this 1976 construction, desires that the portion of the sewer in Kedzie Avenue be constructed along with this proposed improvement;

Whereas, The Kedzie Avenue Improvement project consists of the complete design, necessary right-of-way acquisition and construction required for the widening, extension and improvement of North Kedzie Avenue between West Howard Street and North Lincoln Avenue including pavement construction consisting of bituminous concrete binder and surface courses, Class I, over an 8-inch Portland Cement Concrete base course and subbase granular material, together with curb, gutter, driveway and sidewalk construction, landscaping, drainage structures and laterals and including the force account work for traffic control and informational signs, street lighting, traffic signals, publicly owned communication systems, water distribution facilities, a portion of the 84-inch City storm sewer across Kedzie Avenue as previously mentioned, and any other related work.

Now Be It Therefore Resolved, the State agrees:

1. To reimburse the City from the State Road Fund, one hundred percent (100%) of its entire cost of the right-of-way acquisition for the project upon receipt of billing supported by documention as required by the State.
2. To review and approve without delay, all submittals which require State review, approval or other action.

Now Be It Therefore Resolved, the County agrees:

3. To let and award any necessary construction contracts, for the work and to perform management of the construction, all in accordance with established procedures of the City, the County and the State.
4. To pay all contract construction costs and force account construction costs and to appropriate such Motor Fuel Tax Funds as are necessary therefor, excepting those costs associated with constructing the 84-inch storm sewer.
5. To review and approve without delay, all submittals which require County review, approval or other action.

Now Be It Therefore Resolved, the City agrees:

6. To prepare, or cause to be prepared, Surveys, Plans, Specifications, Estimate of Cost for the improvement, to purchase all necessary right-of-way, and to submit same for review and approval by the County with that portion of the 84-inch RCP sewer to be covered by separate plan sheets and a listing of separate items and quantities in the contract plans, all plans, specifications and cost estimates for said sewer bearing the formal approval of City's Bureau of Sewers before submittal to County.
7. To finance the cost of the engineering, including force account engineering, from City Motor Fuel Tax Funds, to finance the cost of right-of-way acquisition pending reimbursement by the State from the Road Fund, and to reimburse the County with Sewer Bond Funds for the County's costs of constructing the 84-inch storm sewer within thirty (30) days after date of County's bill therefor, in the manner of billing selected by County.
8. To perform preliminary engineering for the necessary relocation and/or adjustment of the City's electrical and water utilities and to perform the force account construction work for such items in accordance with the plans, specifications and estimates of costs approved by the County and the State (per existing agreement).
9. To maintain the improvement in a manner satisfactory to the public authority having ultimate jurisdiction upon its completion.
10. To maintain the traffic signals and pay the energy charges therefor, with the City retaining the right to control the sequence and timing of the aforesaid traffic signals (exceptions to this policy may be made by further agreement of all parties to this Agreement).
11. To maintain a competent traffic engineering unit to accomplish the proper operation and maintenance of the traffic engineering features of the improvement (the Bureau of Street Traffic, Department of Streets and Sanitation, presently constitutes this unit).
12. To maintain and enforce the traffic regulations necessary for the proper operation of the completed improvement.
13. To review and approve without delay all submittals which require City review, approval or other action.

Now Be It Therefore Resolved, the parties hereto Mutually agree:

14. That prior to the County advertising for work to be performed hereunder, the disposition of encroachments will be cooperatively determined by representatives of the City, the County and the State.

15. That the estimated cost of the Kedzie Avenue Improvement, W. Howard Street to N. Lincoln Avenue is as follows:

	City Share	*County Share*	*Project Total*
Engineering	$200,000.	.....	$ 200,000.
Right-of-Way Acquisition	500,000.	.....	500,000.
Force Account Construction	.....	$ 450,000.	450,000.
Contract Construction	100,000.	2,150,000.	2,250,000.
Grand Totals	$800,000.	$2,600,000.	$3,400,000.

16. This agreement and the covenants contained herein shall be null and void in the event the Right-of-Way required for this project is not acquired by July 1, 1975 or when total reimbursements from the State Road Fund to the City under the terms described herein and in other City-State and City-County-State Agreements covering non-Federally funded projects reaches Forty-nine Million, Five Hundred Thousand Dollars ($49,500,000.00).

This Agreement shall be binding upon and inure to the benefit of the parties hereto, their successors and assigns.

In Witness Whereof, City, County and State have caused this Agreement to be executed by their respective officials and attested to on the dates hereinafter listed, and have attached their respective resolutions and/or ordinances hereto authorizing such execution.

Execution of Agreement Authorized with State of Illinois for Improvement of La Salle Dr. between N. Clark St. and N. Lake Shore Dr.

The Committee on Finance submitted a report recommending that the City Council pass a proposed ordinance transmitted therewith, to authorize the execution of an agreement with the State of Illinois for the improvement of La Salle Drive between N. Clark Street and N. Lake Shore Drive.

On motion of Alderman Bilandic the said proposed ordinance was *Passed,* by yeas and nays as follows:

Yeas—Aldermen Roti, Barnett, Kenner, Evans, Sawyer, Jones, Cousins, Adduci, Vrdolyak, Bilandic, Kwak, Madrzyk, Burke, Langford, Shannon, Hines, Fitzpatrick, Stewart, Stemberk, Marzullo, Zydlo, Ray, Washington, Cross, Gabinski, Sande, Frost, Laskowski, Aiello, Casey, Cullerton, Laurino, Natarus, Singer, Simpson, Fifielski, Cohen, Hoellen, Hedlund, Stone—40.

Nays—None.

The following is said ordinance as passed:

WHEREAS, The State has indicated a willingness to participate in the financing of the improvement of LaSalle Drive between Clark Street and North Lake Shore Drive; and

WHEREAS, The City has indicated a willingness to undertake the engineering and construction for the improvement of LaSalle Drive between Clark Street and North Lake Shore Drive; and

WHEREAS, It is in the interest of the City and State that said improvement be commenced at the earliest possible date; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Mayor is authorized to execute, the City Clerk to attest and the Commissioner of Public Works and City Comptroller to approve, upon approval of the Corporation Counsel as to form and legality, an agreement with the State of Illinois for the Improvement of LaSalle Drive between Clark Street and North Lake Shore Drive. Said agreement to be substantially in the following form:

La Salle Drive Improvement
Clark Street to N. Lake Shore Drive
La Salle Drive 1011-C.S.
Faus M-5000(5)

This Agreement, entered into this ..... day of ....., 19....., by and between the State of Illinois, acting through its Department of Transportation, and hereinafter called the State, and the City of Chicago, acting through its Department of Public Works, and hereinafter called the City.

Witnesseth

Whereas, the State and the City, in the interests of the safe and efficient movement of vehicular and pedestrian traffic, find it necessary to improve La Salle Drive from Clark Street to N. Lake Shore Drive: said improvement to consist of pavement widening and reconstruction; construction or relocation of channelization structures; reconstruction and/or extension of two (2) existing pedestrian-bicycle-equestrian subway structures; relocation, replacement or adjustment of Municipally-owned utilities; and other incidental work; and

Whereas, the City has indicated a willingness to undertake the engineering and construction of the improvement; and

Whereas, the City has indicated a willingness to finance the engineering of the improvement; and

Whereas, the State has indicated a willingness to finance the construction of the improvement; and

Whereas, the State and the City are desirous of availing themselves of Federal-aid Funds authorized by the most recent Federal-aid Highway Act for the construction of this improvement; and

Whereas, under Federal regulations certain written agreements are required.

Now, Therefore, the City agrees:

1. To prepare, or cause to be prepared at its own expense, surveys, studies, plans, specifications and cost estimates for the improvement.

2. To prepare surveys, plans, and cost estimates for the removal, relocation, replacement and adjustment of City utilities, traffic signals, publicly-owned communication systems, street lighting, traffic control devices, and water distribution facilities; all of which are necessary as a part of the improvement, and to perform all such field work on a force account basis, in accordance with established procedures of the City, the State, and the Federal Highway Administration.

3. To finance the force account work, including force account engineering, pending reimbursement by the State of the cost and to appropriate such funds as are necessary therefor.

4. To maintain, or cause to be maintained, the improvement in a satisfactory manner upon its completion.

5. To maintain the necessary traffic signals and pay the energy charges therefor, with the City retaining the right to control the sequence and timing of the aforesaid traffic signals (exceptions to this policy may be made by further agreement of all parties to this Agreement).

6. To maintain a competent traffic engineering unit to accomplish the proper operation and maintenance of the traffic engineering features of the improvement (the Bureau of Street Traffic, Department of Streets and Sanitation, presently constitutes this unit).

7. To maintain and enforce the traffic regulations necessary for the proper operation of the completed improvement.

8. To let and award a contract for the work with the concurrence of the State and Federal Highway Administration, and to provide construction supervision, all in accordance with established procedures of the City, the State, and Federal Highway Administration.

9. To finance the contract construction work pending reimbursement by the State and to appropriate such funds as are necessary therefor.

10. That failure on the part of the City to fulfill the responsibilities assigned in paragraphs 4, 5, 6, and 7 will render the City ineligible for future Federal participation in projects for which the City has similar responsibilities, until such time as any deficiencies are corrected.

11. To retain all project records and to make them available for audit by State and Federal auditors during the project development and construction stages, and for a period of three (3) years after final acceptance.

Now, Therefore, the States agrees:

12. To pay to the City all construction and force account costs of the improvement.

13. To review and submit to the Federal Highway Administration, without delay, all submittals which require FHWA review, approval or other action.

Now, Therefore, the parties hereto mutually agree:

14. That prior to the City advertising for work to be performed hereunder, the disposition of encroachments will be cooperatively determined by representatives of the City, the State, and the Federal Highway Administration.

15. That the estimated cost of the improvement is as follows:

Engineering	$ 165,000
Contract Construction	1,365,000
Force Account	280,000
Total	$1,810,000

16. That the Federal-aid share of the cost is 70.21% of the costs of the improvement that are declared by the Federal Highway Administration to be participating and that this division of estimated costs is as follows:

Federal Aid:		
70.21% of $1,365,000	$958,367	
70.21% of $280,000	196,588	$1,154,955
Matching:		
(City) 100.00% of $165,000	$165,000	
(State) 29.79% of $1,365,000	406,633	
(State) 29.79% of $280,000	83,412	$ 655,045
Total		$1,810,000

17. That any construction costs, including force account, which are declared to be ineligible for Federal reimbursement by the Federal Highway Administration, will be paid entirely by the State.

18. That standard Federal-aid procedures and requirements shall apply to all phases of the project.

19. This agreement and the covenants contained herein shall be null and void in the event the contract covering the construction work contemplated herein is not awarded by July 1, 1977.

This Agreement shall be binding upon and inure to the benefit of the parties hereto, their successors and assigns.

In Witness Whereof, City and State have caused this Agreement to be executed by their respective officials and attested to on the dates hereinafter listed.

[Signature forms omitted]

SECTION 2. The City Clerk is directed to transmit two (2) certified copies of this ordinance to the Department of Transportation of the State of Illinois, through the District Engineer of District 1 of said Department of Transportation.

SECTION 3. This ordinance shall be in force and effect from and after its passage.

Execution of Agreement Authorized with State of Illinois for Grant of Use of Certain Strip of Land Needed for Widening and Improvement of W. Pratt Av. between N. Western and N. Damen Aves.

The Committee on Finance submitted a report recommending that the City Council pass a proposed ordinance transmitted therewith, to authorize the execution of an agreement with the State of Illinois for a grant of use of a certain strip of land needed for the widening and improvement of W. On motion of Alderman Bilandic the said proposed ordinance was *Passed,* by yeas and nays as follows:

Yeas—Aldermen Roti, Barnett, Kenner, Evans, Sawyer, Jones, Cousins, Adduci, Vrdolyak, Bilandic, Kwak, Madrzyk, Burke, Langford, Shannon, Hines, Fitzpatrick, Stewart, Stemberk, Marzullo, Zydlo, Ray, Washington, Cross, Gabinski, Sande, Frost, Laskowski, Aiello, Casey, Cullerton, Laurino, Natarus, Singer, Simpson, Fifielski, Cohen, Hoellen, Hedlund, Stone—40.

Nays—None.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Mayor is authorized to execute, the City Clerk to attest, and the Acting Commissioner of Public Works to execute upon approval of the Corporation Counsel as to form and legality an agreement between the Department of Transportation of the State of Illinois and the City of Chicago whereby the Department of Transportation of the State of Illinois grants the City of Chicago the use of certain land for the widening and improvement of W. Pratt Avenue between N. Western Avenue and N. Damen Avenue, said agreement to be substantially in the following form:

This Agreement, entered into this ..... day of .....1974, by and between the Department of Transportation of the State of Illinois, hereinafter called "State", and the City of Chicago, a Municipal Corporation, acting through its Department of Public Works hereinafter called "City".

WITNESSETH:

Whereas, certain parcels of land located in the County of Cook, City of Chicago, are owned by the State of Illinois, and are presently under the control, custody and jurisdiction of the Department of Transportation and are deemed necessary for the reconstruction and improvement of W. Pratt Avenue between N. Western Avenue and N. Damen Avenue in the City of Chicago; said parcels being more particularly described as follows:

Parcel "A"

The North 40 feet of the Southwest quarter (S.W.¼) lying West of the West line of the East 971.10 feet thereof (Except the West 50 feet thereof) of Section 31, Township 41 North, Range 14 East of the Third Principal Meridian in Cook County, Illinois.

Area Parcel "B"—34,884.0 Sq. Ft.

(Plat attached hereto as Exhibit A)

Whereas, the jurisdiction of the aforesaid described property was conveyed to the Department of Transportation of the State of Illinois by the Department of Conservation of the State of Illinois pursuant to Section 63a-10 of Chapter 127 Illinois Revised Statutes, for the purpose of permitting the City of Chicago to utilize said real property for roadway purposes, (copy attached hereto as Exhibit B); and

Whereas, the said property described herein is appurtenant to the existing right of way herein described as Pratt Avenue and is necessary for the widening of said Pratt Avenue; and

Whereas, the improvement of the aforesaid Pratt Avenue is required to adequately and safely accommodate the increased traffic volume thereon; and

Whereas, the City has agreed to construct and maintain said improvement in a good and workmanlike manner and to bear the total cost of said construction and maintenance; and

Whereas, pursuant to Section 4-409 Chapter 121 Illinois Revised Statutes, the State desires to allow the City of Chicago to utilize the aforesaid described property for the sole purpose of improving existing Pratt Avenue by the widening thereof.

Now, Therefore, in consideration of the premises and the mutual undertaking of the parties hereto and in conformity with all applicable laws and regulations, the parties hereto agree as follows:

1) That State will allow the City to enter upon the following described property along Pratt Avenue and exercise control over said property for so long as said premises are utilized for the purpose of constructing (copy of construction plans attached as Exhibit C), repairing, and maintaining as a public street aforesaid Pratt Avenue, legal description as follows to wit:

Parcel "A"

The North 40 feet of the Southwest quarter (S.W.¼) lying West of the West line of the East 971.10 feet thereof (Except the West 50 feet thereof), of Section 31, Township 41 North, Range 14 East of the Third Principal Meridian in Cook County, Illinois.

Area Parcel "A"—64,606.4 Sq. Ft.

Parcel "B"

The North 40 feet of the Southwest Quarter (S.W.¼) lying East of the West line of the East 905.10 feet thereof (Except the East 33 feet thereof) of Section 31, Township 41 North, Range 14 East of the Third Principal Meridian in Cook County, Illinois.

Area Parcel "B"—34,884.0 Sq. Ft.

(Plat attached hereto as Exhibit A)

2) That the parties hereto do hereby agree to incorporate herein the provisions of their agreement of August 7, 1973 regarding the method of payment for said improvement, (copy of agreement attached hereto as Exhibit D).

3) That City agrees to indemnify and hold harmless the State from any and all claims for damages arising out the the City's use of the aforesaid described property.

4) That City agrees to build, construct, maintain and keep in repair said roadway consistent with the specifications observed in the construction of the existing portion of said roadway now maintained by the City for the general use and benefit of the public.

5) That City will maintain street lighting, traffic signs, and signals according to local ordinance.

6) That City at its option may construct pedestrian walks or bicycle paths on the aforesaid described property.

7) That City agrees to undertake the widening of existing Pratt Avenue within five years from the date hereof and further agrees that said improvement shall be completed within eight years from the date hereof. If this project is not begun within five years from the date hereof this agreement shall terminate.

In Witness Whereof the parties hereto have caused this agreement to be executed on the date first above written.

[Signature forms and Exhibits omitted]

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Commissioner of Streets and Sanitation be, and he is hereby authorized and directed to execute; the Deputy Commissioner of Traffic to approve; the City Clerk to attest; the City Comptroller to accept and file for record, upon approval by the Corporation Counsel, a certain Agreement between the State of Illinois and the City of Chicago for the installation, operation, and maintenance of traffic control signals at the corner of N. Harlem Avenue and W. Pratt Avenue, which Agreement is substantially in form and substance as follows:

This agreement entered into this ..... day of ....., A.D. 19.... by and between the State of Illinois, acting by and through its Department of Transportation, hereinafter called the State, and the City of Chicago of the State of Illinois, hereinafter called the City.

WITNESSETH:

Whereas, the State, in order to facilitate the free flow of traffic and insure safety to the motoring public is desirous of improving the intersection of Harlem Avenue (Illinois Route 43) and Pratt Avenue by installing traffic control signals (to be known as State Section 1974-136-TS and as City Section Harlem Avenue 2929-CS) and by performing all other work necessary to complete the improvement in accordance with the plans and specifications; and,

Whereas, the City is desirous of said improvement in that same will be of immediate benefit to the residents of the City and permanent in nature; and,

Whereas, the intersection of Harlem Avenue and Pratt Avenue lies on the corporate limits of the City.

Now, Therefore, in consideration of the mutual covenants contained herein, the parties hereto agree as follows:

1. The City agrees to prepare plans and specifications, and upon approval by the State, construct the improvement in accordance with plans and specifications.
2. The City agrees to obtain from the State approval of the plans and specifications prior to beginning the work to be performed hereunder.
3. The City agrees to submit to the State for approval a detailed estimate of the work to be performed including the estimated cost of all material, labor, equipment and incidentals to be used in constructing this improvement, prior to the start of construction.
4. It is mutually agreed that the proportional participation for the construction of this improvement will be as follows:

Intersection	*State Funds*	*City Funds*
N. Harlem Avenue and W. Pratt Avenue	67 Per Cent	33 Per Cent

5. It is mutually agreed that the estimated cost of construction of the improvement is $35,000.00.
6. It is mutually agreed that the City will initially pay the entire engineering and construction costs for this improvement and be reimbursed at the completion of this improvement by the State in an amount equal to the State's share of the actual cost of construction as determined in accordance with Item 4 above.
7. The City has passed a resolution appropriating sufficient funds to pay for the initial cost of this improvement, a copy of which is attached hereto "Exhibit A".
8. It is mutually agreed that the City shall be financially responsible for the maintenance of the traffic signals and for the energy charges to operate the traffic signals.
9. Upon completion of this improvement, the City will be responsible for the maintenance of the traffic signals in a manner satisfactory to the State. Such maintenance shall be in accordance with the existing City traffic signal maintenance policies.
10. The City will make arrangements with the local power company to furnish electrical energy for the operation of the traffic signals and to bill the City for the energy charges as determined in accordance with Item 8 above.
11. The City retains the right to control the sequence and timing of the traffic signals.
12. The City agrees to attach, as Exhibit "B" any existing ordinances prohibiting parking adjacent to this improvement on the approaches lying within the corporate limits of the City.
13. The City agrees to exercise its franchise right to cause private utilities to be relocated at no expense to the State.
14. The City agrees to comply with all applicable Executive Orders and Federal Highway Acts pursuant to the Equal Employment Opportunity and non-discrimination regulations required by the U.S. Department of Transportation.
15. This agreement and the covenants contained herein shall be null and void in the event any contract covering the construction work contemplated herein is not awarded by June 30, 1975.
16. This agreement shall be binding upon and inure to the benefit of the parties hereto, their successors, and assigns.

[Signature forms omitted]

Execution of Easement Agreement Authorized with Chicago Park District for Installation of New Water Main to Service La Rabida Children's Hospital Complex in Jackson Park.

The Committee on Finance submitted a report recommending that the City Council pass a proposed ordinance transmitted therewith, to authorize the execution of an easement agreement with the Chicago Park District for the installation of a new water main to service La Rabida Children's Hospital Complex in Jackson Park.

On motion of Alderman Bilandic the said proposed ordinance was *Passed,* by yeas and nays as follows:

Yeas—Aldermen Roti, Barnett, Kenner, Evans, Sawyer, Jones, Cousins, Adduci, Vrdolyak, Bilandic, Kwak, Madrzyk, Burke, Langford, Shannon, Hines, Fitzpatrick, Stewart, Stemberk, Marzullo, Zydlo, Ray, Washington, Cross, Gabinski, Sande, Frost, Laskowski, Aiello, Casey, Cullerton, Laurino, Natarus, Singer, Simpson, Fifielski, Cohen, Hoellen, Hedlund, Stone—40.

Nays—None.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Acting Commissioner of the Department of Water and Sewers, and the Acting City Comptroller are hereby authorized and directed to execute on behalf of the City of Chicago, and the City Clerk to attest, upon approval of the Corporation Counsel as to form and legality, an Easement Agreement between the Chicago Park District and the City of Chicago, permitting the City to install a new 12-inch water main with appurtenances thereto under and through a strip of land in Jackson Park for the purpose of providing fire protection and domestic service for the La Rabida Childrens Hospital Complex. Said Easement Agreement to be substantially as follows:

This Indenture, made and entered into this 5th day of August, 1974, by and between the Chicago Park District, a Municipal Corporation organized and existing under the laws of the State of Illinois, hereinafter referred to as the "Park District," party of the first part, and the City of Chicago, a Municipal Corporation organized and existing under the laws of the State of Illinois, hereinafter referred to as the "City," party of the second part.

WITNESSETH:

Now, Therefore, in consideration of the sum of One Dollar ($1.00) and other good and valuable considerations, the receipt of which is hereby acknowledged, and of the mutual covenants and agreements herein contained, the Park District does hereby give, grant and convey to City an easement in perpetuity, for the right, privilege and authority to construct, reconstruct, repair, maintain and operate a water main with appurtenances thereto under and through a strip of land owned and controlled by the Park District, and described as follows:

Commencing at the intersection of the West line of Oglesby Avenue extended Northerly to the North line of 67th Street, thence Westerly along the North line of 67th Street, a distance of 43.0 feet to the point of beginning that is the center line of a 30 foot wide easement thence North

erly 1° West for a distance of 435.3 feet (North being measured perpendicular to the North line of 67th Street); thence Northwesterly 31° to the left of the last described line a distance of 185 feet; thence Northwesterly 14° to the right of the last described line a distance of 200 feet; thence Northwesterly 9° to the left of the last described line a distance of 150 feet, thence Northwesterly 20° to the left of the last described line a distance of 125 feet; and thence Northwesterly 21° to the left of the last described line a distance of 200 feet; thence Southwesterly 43° to the left of the last described line a distance of 25 feet more or less to Promontory Drive which concludes the Chicago Park District easement, all as shown on the drawing hereto attached, marked Exhibit "A" and made a part thereof.

In consideration of the grant of the perpetual easement right, privilege and authority herein contained, the City hereby agrees with the Park District as follows:

Section 1. The water main shall be constructed, operated and maintained or if required, reconstructed and repaired at the sole cost and expense of the City under and through said premises and the same shall be performed in substantial compliance with plans and specifications therefor prepared by the City and approved by the Chief Engineer of the Park District and the City agrees to abide by said plans and specifications as approved.

Section 2. The Grantor reserves the right to use, occupy and enjoy the surface of said property above the described water main for such purpose, in such manner, and at such time as it shall desire, provided that no buildings or structures are to be constructed thereon by the Grantor.

Section 3. The City shall assume and bear during the construction, reconstruction, repair, operation and maintenance of the water main, the cost of all protection which the Park District may require to safeguard its property and protect the public.

The City agrees to restore as nearly as possible the surface of said premises and any property thereon, which may be disturbed, to its original condition, except those portions which lie within the area used as the golf course which shall be restored by the Park District at its own cost.

Section 4. The Park District hereby reserves the right to judge the necessity to make reasonable repairs to said water main where the same is located upon the property of the Park District and to require the City to make such repairs upon ten (10) days written notice so to do. In such case the City may at once enter upon the premises hereinabove described and shall proceed forthwith to make such repairs, subject to the rules and regulations of the Park District and the approval of the Chief Engineer thereof.

Section 5. The City agrees to assume all cost and expense incurred by the Park District for labor, services and materials furnished by reason of the construction, reconstruction, repair, operation or maintenance of said water main, except for surface restoration in the golf course area which shall be the obligation of the Park District.

Section 6. The City agrees to indemnify, save and keep harmless the Park District from any loss, damage or expense which it may suffer, incur or sustain, or for which it may become liable, growing out of any injury to or death of persons or damage to or loss of real and personal property arising out of or caused in the performance of any of the work done by or under the authority of the City under this grant or in the construction, reconstruction, repair, maintenance and operation of the water main in and under the premises herein described and the City further covenants and agrees that in case any action or actions, suit or suits, shall be commenced against the Park District growing out of any such loss, damage, cost or expense, the Park District may give prompt written notice of the same to the City and thereafter the City shall attend to the defense of the same and save and keep harmless the Park District from all expense, counsel fees, costs, liabilities, disbursements, recoveries, judgments and executions in any manner growing out of, pertaining to, or connected therewith.

In Witness Whereof, the Chicago Park District has caused these presents to be executed in its name by its President and its Corporate Seal to be hereunto affixed and attested by its Asst. Secretary and the City of Chicago has caused these presents to be executed in its name by its Acting Commissioner of the Department of Water and Sewers and its Corporate Seal to be hereunto affixed and attested by its City Clerk, the day and year first above written.

SECTION 2. This ordinance shall be effective from and after the date of its passage.

Execution of Easement Agreement Authorized with C.R.I. and P.RR. Co. Needed for Construction of Beverly-Calumet Sewer, Contract No. 3.

The Committee on Finance submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Acting Commissioner of Public Works be and he is hereby authorized to execute; the Acting Chief Engineer to approve; the Acting City Comptroller to accept and file for record upon the approval of the Corporation Counsel as to form and legality, a certain Agreement between the Chicago, Rock Island and Pacific Railroad Company and the City of Chicago, granting the City a temporary easement over, upon and across the right-of-way of said Railroad in vacated W. 89th Street between S. May Street and S. Ashland Avenue for the purpose of construction of the Beverly-Calumet Sewer, Contract No. 3, which Agreement is in form and substance as follows:

This Agreement, made and entered into this..... day of ....., 1974, by and between the City of Chicago, a municipal corporation of the State of Illinois, hereinafter referred to as "City" and Chicago, Rock Island and Pacific Railroad Company, a Delaware corporation authorized to do business in the State of Illinois, hereinafter referred to as the "Railroad".

Whereas, the City proposes to construct a sewer in W. 89th Street between May Street and Ashland Avenue, with a size of 96-inch I.D. between May and Ada, 84-inch I.D. between Ada and Justine and 78-inch I.D. between Justine and Ashland, known as the Beverly-Calumet Sewer, Contract No. 3-E.

Whereas, the Railroad is operating a double track service in the vacated portion of W. 89th Street adjoining the proposed location of the City Sewer;

Whereas, the City and the Railroad desire to enter into an agreement to accomplish the construction of the new sewer upon and subject to the limitations, terms and conditions hereinafter set forth.

WITNESSETH:

Now Therefore, in consideration of the premises and the covenants and agreements hereinafter contained, it is agreed by and between the parties hereto as follows:

Section 1. The Railroad does hereby grant to the City the right, privilege and authority to enter upon the north ten feet (10') of the Railroad right-of-way in vacated W. 89th Street between S. May Street and S. Ashland Avenue, as shown on Exhibit "A" attached hereto and made a part hereof, said right, privilege and authority to exist during period of time required for the construction of the Beverly-Calumet Sewer, Contract No. 3.

Section 2. All work herein provided to be done which may affect the property, tracks or operation of the Railroad, shall be performed in such manner as shall be approved by the Chief Engineer of the Railroad or his authorized representative, and shall be performed in such a manner so as to minimize interference with operations of the Railroad. The City agrees to give the Railroad two (2) weeks prior notice before entering Railroad's property for the purpose stated in this agreement. The Railroad agrees that it will not unduly delay the City, its contractors or subcontractors performance of said work.

Section 3. The City shall indemnify and save harmless the Railroad from and against any and all liability, damages, cost and expense for loss or damage to property whatsoever and injury to or death of persons whomsoever, arising or growing, in whole or in part, out of or in connection with the performance of any of the work on the construction of said sewer.

Section 4. Before the commencement of any work under this Agreement, City shall require its contractors to provide for and in behalf of the Railroad, Railroad Protective Liability Insurance for damages because of bodily injury to or death of persons and injury to or destruction of property resulting from the operations of the contractor, subcontractors, or their employees on the project, such insurance (written in the limits shown below) to be approved by and acceptable to the Railroad, with a copy of each policy so required to be furnished the Railroad.

Bodily Injury and Death Coverage

$1,000,000 each person
$2,000,000 each occurrence

Property Damage Coverage

$1,000,000 each occurrence
$2,000,000 aggregate

Section 5. City agrees at its own cost and expense to restore the surface of the easement premises to the same conditions, as near as may be, as the same existed before the commencement of any work by the City on said real estate.

Section 6. The City agrees that the work of installing and maintaining said sewer shall be done and completed in a good and workmanlike manner and in accordance with plans and specifications as prepared by City, a copy of said plans and specifications to be furnished Railroad before starting of any work by City, all at the sole expense of City.

Section 7. The Railroad will furnish all material, labor and equipment required for the modification of signal and wire facilities as necessitated by the temporary changes and will provide watchmen and flagmen as required for the project, and the City agrees to reimburse the Railroad for all expenses incurred relative thereto.

In Witness Whereof, the parties have caused this Agreement to be executed by their proper officers thereunto duly authorized the day and year first above written.

Be It Further Ordered, That the City Comptroller is authorized and directed to issue vouchers, in conformity with the schedule herein set forth, to physicians, hospitals, nurses or other individuals, in settlement for hospital, medical, and nursing services rendered to the members of the Police Department and/or the Fire Department herein named, provided such members of the Police Department and/or the Fire Department shall enter into an agreement in writing with the City of Chicago to the effect that, should it appear that any of said members of the Police Department and/or the Fire Department have received any sum of money from the party whose negligence caused such injury, or have instituted proceedings against such party for the recovery of damage on account of such injury or medical expense, then in that event the City shall be reimbursed by such member of the Police Department and/or the Fire Department out of any sum that such member of the Police Department and/or the Fire Department has received or may hereafter receive from such third party on account of such injury or medical expense, not to exceed the amount that the City may, or shall have paid on account of such medical expense, in accordance with Opinion No. 1422 of the Corporation Counsel of said City, dated March 19, 1926. The payment of any of these bills shall not be construed as approval of any previous claims pending or future claims for expenses or benefits on account of any alleged injury to the individuals named. The total amount of such claims, as allowed, is set opposite the names of the injured members of the Police Department and/or the Fire Department, and vouchers are to be drawn in favor of the proper claimants and charged to Account No. 100.9112.937:

Sections 1 and 2 of the said three ordinances, as passed, read respectively as follows (the Italic heading in each case not being a part of the ordinance):

Grant to The Catholic Bishop of Chicago.

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Permission and authority hereby are given and granted to The Catholic Bishop of Chicago, a corporation sole, its successors and assigns, upon the terms and subject to the conditions of this ordinance, to maintain and use as now installed a communication cable five-eighths of an inch in diameter, encased in a rubber jacket, sixty-six (66) feet over and above S. Hoyne Avenue from the northwest side of S. Hoyne Avenue to the southeast side of S. Hoyne Avenue, attached to a pole installed on school property. Said cable to be ninety-four (94) feet in length and shall be not less than twenty-five (25) feet above street level at said location, and shall be used for communication purposes between Christ The King School located at No. 9240 S. Hoyne Avenue and the Mobile Classrooms of said school located at No. 9257 S. Hoyne Avenue; for a period of five (5) years from and after October 8, 1974.

The location of said cable shall be as shown on sketch hereto attached, which by reference is made a part of this ordinance. Said cable shall be maintained and used in accordance with the ordinances of the City of Chicago and the directions of the Commissioner of Streets and Sanitation. The grantee shall keep that portion of the public way under said cable in good condition and repair, safe

for public travel and free from snow, ice and dirt, to the satisfaction of the Commissioner of Streets and Sanitation.

SECTION 2. The grantee agrees to pay to the City of Chicago as compensation for the privileges herein granted the sum of Two Hundred and no/100 dollars ($200.00) per annum, in advance, the first payment to be made as of October 8, 1974, and each succeeding payment on the same day and month annually thereafter. In case of the termination of the privileges herein granted the grantee shall, nevertheless, remain liable to the City of Chicago for the annual compensation which shall have become due and payable under the provisions hereof before the structures and appliances herein authorized are removed and the public way is restored as herein required.

Permission and authority hereby are given and granted to Northwestern Golf Company, a corporation, and G & O Radiator Division, The Allen Group Inc., a corporation, its successors and assigns, upon the terms and subject to the conditions of this ordinance to maintain and use, as now constructed, a one-story covered conveyor bridge over and across N. Knox Avenue, to be used for the purpose of connecting the second floor of the premises known as No. 4156 N. Knox Avenue with the corresponding floor of the premises known as No. 4159 N. Knox Avenue. Said bridge shall be not more than thirteen (13) feet eight (8) inches in width nor thirteen (13) feet in height and the lowest portion of said bridge shall be not less than seventeen (17) feet six (6) inches above the street at said location; for a period of five (5) years from and after the date of passage of this ordinance.

The location of the bridge shall be as shown on prints hereto attached, which by reference is made a part of this ordinance. Said bridge is to be constructed of incombustible materials with some suitable device provided which shall be designed and be sufficient to prevent storm water, dirt and other substances from dripping from such bridge upon the public way beneath, and shall be maintained and used in accordance with the ordinances of the City of Chicago and the directions of the Commissioner of Streets and Sanitation and the Commissioner of Buildings. The grantee shall keep that portion of the public way under said bridge illuminated and at a height of not less than sixteen (16) feet and always safe for public travel to the satisfaction of the Commissioner of Streets and Sanitation and in accordance with the directions of the City of Chicago Municipal Code.

SECTION 2. The grantee agrees to pay to the City of Chicago as compensation for the privileges herein granted the sum of Three Hundred and no/100 dollars ($300.00) per annum, in advance, the first payment to be made as of the date of passage of this ordinance, and each succeeding payment on the same day and month annually thereafter. In case of the termination of the privileges herein granted the grantee shall nevertheless, remain liable to the City of Chicago for the annual compensation which shall have become due and payable under the provisions hereof before the structures and appliances herein authorized are removed and the public way is restored as herein required.

Grant to Signode Corporation.

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Permission and authority hereby are given and granted to Signode Corporation, a corporation, its successors and assigns, upon the terms and subject to the conditions of this ordinance, to maintain and use as now installed an eight-inch underground water pipe used for sprinkler purposes, connecting with the existing water main on the west side of N. Campbell Avenue, thence running east a distance of seventy (70) feet under the roadway of N. Campbell Avenue and under the parkway and sidewalk on the south side of W. Schubert Avenue, including a curb shut-off and a valve meter pit east of the sidewalk on the east side of N. Campbell Avenue, thence south a distance of eleven (11) feet entering into private property twenty-seven (27) feet east of the east line of N. Campbell Avenue; for a period of ten (10) years from and after October 25, 1974.

The location of said water pipe, curb shut-off and valve meter pit shall be as shown on print hereto attached, which by reference is made a part of this ordinance. Said privileges shall be maintained and used in accordance with the ordinances of the City of Chicago and the directions of the Commissioner of Streets and Sanitation. The grantee shall keep that portion of the public way over said water pipe, curb shut-off and valve meter pit in good condition and repair, safe for public travel and free from snow, ice and dirt, to the satisfaction of the Commissioner of Streets and Sanitation.

SECTION 2. The grantee agrees to pay to the City of Chicago as compensation for the privileges herein granted the sum of Five Hundred and no/100 dollars ($500.00) per annum, in advance, the first payment to be made as of October 25, 1974, and each succeeding payment on the same day and month annually thereafter. In case of the termination of the privileges herein granted the grantee shall, nevertheless, remain liable to the City of Chicago for the annual compensation which shall have become due and payable under the provisions hereof before the structures and appliances herein authorized are removed and the public way restored as herein required.

United Nations Commended for Anti-Apartheid Action.

A proposed resolution (presented by Aldermen Cousins, Kenner, Evans, Sawyer, Jones, Langford, Shannon, Stewart, Ray, Washington, Cross, Frost, Simpson and Hedlund) reading as follows:

WHEREAS, The Union of South Africa has become the worldwide symbol of colonialism and racism by virtue of its firm practice of apartheid; and

WHEREAS, Apartheid is demeaning to human beings, denies rights to non-whites solely because of color, is inhumane and is a threat to world peace and harmony; and

WHEREAS, The United Nations has repeatedly condemned such policies by member nations; and

WHEREAS, The Union of South Africa has refused to discontinue or relent to any extent its policy of apartheid; and

WHEREAS, On November 12, 1974, the United Nations took a stand against apartheid by refusing

to permit the Union of South Africa to participate as a voting member during this session of the United Nations because of South Africa's apartheid policy; and

WHEREAS, This vote of the United Nations on South Africa was a vote for world peace and for human dignity and humanity and these are the cornerstones of that august body; now, therefore,

Be It Resolved, That the Mayor and members of the City Council commend the United Nations for adhering to the principles on which the UN was founded by denying to the world's leading proponent and exponent of racial segregation and discrimination a vote in the current session of the United Nations.

Alderman Cousins moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Cousins the foregoing proposed resolution was *Adopted.*

WHEREAS, The buildings at the following locations, to wit:

Nos. 4132-4134 N. Broadway,
No. 3845 N. Paulina Street,
Nos. 4711-4713 N. Kenmore Avenue,
No. 3759 N. Kenmore Avenue,
Nos. 900-910 W. Gordon Terrace,
Nos. 919-921 W. Buena Avenue, and
Nos. 925-927 W. Buena Avenue,

are so deteriorated and weakened that each is structurally unsafe and a menace to life and property in its vicinity; therefore

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The buildings at the following locations, to wit:

Nos. 4132-4134 N. Broadway,
No. 3845 N. Paulina Street,
Nos. 4711-4713 N. Kenmore Avenue,

Congratulations and Commendations Extended to Officers Plovanich and Bobko for Courageous Police Work.

Also a proposed resolution reading as follows:

WHEREAS, Numerous residents, block clubs and community groups have complained to the 46th Ward Alderman about the sale of heroin in the area surrounding the intersection of Dakin Street and Sheridan Road, and

WHEREAS, The Narcotics Unit of the Chicago Police Department's Vice Control Division has been conducting a long range, broad scale investigation of heroin sales at this location through the use of confidential informers and purchasers of heroin by undercover police investigators, and

WHEREAS, On October 23, 1974, undercover narcotics investigators Michael Bobko, age 25, and Matthew Plovanich, age 26, were walking toward the intersection of Dakin and Fremont Streets with a confidential informant to purchase heroin from a group of youths, some of whom had previously sold heroin to narcotics policemen, and

WHEREAS, One of the group of eight youths who mistakenly thought he recognized the informant as an individual who had previously "burned" this one youth by selling him a low grade bag of heroin began yelling at the informant in a threatening manner, and

WHEREAS, The investigators and informant attempted to avoid an incident which would blow their cover by walking away from the group, and

WHEREAS, The investigators and informant were followed to Dakin Street and Sheridan Road where a verbal altercation between the group of youths and informant began, and

WHEREAS, In front of the Sheridan Rapid Transit Station, several youths attacked the informant and investigators and one of them pointed a chrome plated two shot derringer at Investigator Bobko who ducked behind a marble pillar, and

WHEREAS, This offender was able to reach around the pillar of the elevated station, point the double barreled derringer at Investigator Bobko's head from a distance of three feet and pulled the trigger twice, and

WHEREAS, The gun clicked twice misfiring each time, and

WHEREAS, Investigator Plovanich then drew his weapon and fired three times from 14 feet away hitting the offender once in the arm, and

WHEREAS, The offender refused to drop his gun after being ordered to do so repeatedly by both investigators who identified themselves as policemen and hid behind the marble pillar, and

WHEREAS, Both policemen were forced to struggle with the offender in order to wrestle the derringer away and to place him under arrest, and

WHEREAS, The derringer recovered was found to contain two live .38 caliber cartridges, which had firing pin indentations on their primers, now, therefore,

Be It Resolved, That the Chicago City Council assembled this 15th day of November extend its congratulations and commendations to Chicago Police Department Narcotics Investigators Matthew Plovanich and Michael Bobko for their worthwhile investigative work in trying to remove heroin and heroin sellers from our streets and for their courage (and good luck) in making a difficult and dangerous arrest on October 23, 1974.

Honorable Richard J. Daley, Mayor, submitted the following communication, which was, at the request of two aldermen present (under the provisions of Council Rule 43) *Referred to the Committee on Finance:*

OFFICE OF THE MAYOR
CITY OF CHICAGO

November 29, 1974.

To the Honorable, The City Council of the City of Chicago:

LADIES AND GENTLEMEN—I appoint Mr. Marshall Suloway as Commissioner of Public Works and and respectfully request your approval of this appointment.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

Referred—PROPOSED ORDINANCE TO AUTHORIZE EXECUTION OF DEED FOR HOUSE OF CORRECTION FROM CITY OF CHICAGO TO COUNTY OF COOK.

Honorable Richard J. Daley, Mayor presented the following communication, which was, together with the proposed ordinance transmitted therewith, *Referred to the Committee on Finance:*

OFFICE OF THE MAYOR
CITY OF CHICAGO

November 29, 1974.

To the Honorable, The City Council of the City of Chicago:

LADIES AND GENTLEMEN—At the request of the Corporation Counsel, I transmit herewith an ordinance authorizing the execution of a deed for the House of Correction from the City of Chicago to the County of Cook.

The responsibility for and operation of the House of Correction was transferred from the City of Chicago to the County of Cook Corrections Commission pursuant to an act of the General Assembly. This ordinance merely finalizes that functional transfer between governments, but provides in addition as compensation for the transfer, a release of Chicago's existing maintenance responsibilities at the Audy Home.

Your favorable consideration of this ordinance will be appreciated.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

Referred—PROPOSED ORDINANCE TO AUTHORIZE COSTS FOR PREPARATION OF APPLICATION FOR FUNDS UNDER HOUSING AND COMMUNITY DEVELOPMENT ACT OF 1974.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

Commendation Extended Commissioner James J. McDonough for Outstanding Public Service.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council submitted the following proposed resolution:

WHEREAS, James J. McDonough has resigned his office as Commissioner of the Department of Streets and Sanitation effective December 1, 1974 in order to accept an executive position in private industry; and

WHEREAS, Commissioner McDonough has served the City of Chicago and the Department of Streets and Sanitation with great distinction for more than sixteen years. He served as General Manager of the Chicago Toll Bridge and First Deputy Commissioner before being named as Commissioner of the Department of Streets and Sanitation in 1969; and

WHEREAS, Commissioner McDonough's innovative and imagnative leadership in administering the vital services of local government carried on by his Department brought to fruition such worthwhile projects as computerization of the traffic signal system, design and construction of a disposal plant to convert refuse into electric energy; a comprehensive and effective snow removal mobilization plan; extensive street resurfacing operations, a modernized forestry operation and a new city street lighting program. In eleven of the past thirteen years, his programs for street cleaning and refuse pick-up have earned for Chicago recognition as the cleanest large city in the United States; and

WHEREAS, The excellence of Commissioner James J. McDonough's professional and governmental accomplishments was recently recognized when he was selected as the "Public Works Man of the Year" by the American Public Works Association; and

WHEREAS, Commissioner McDonough has, in addition to public service, been active in numerous civic, religious and charitable organizations; he has served with distinction as a Member of the Board of Directors of the Boy Scouts of America; now, therefore;

Be It Resolved, That the members of the City Council of the City of Chicago in meeting assembled this 29th Day of November, A.D., 1974, commend Commissioner James J. McDonough for the outstanding public service which he has rendered for and on behalf of the people of the City of Chicago during the past sixteen years; express our heartfelt gratitude for the outstanding array of accomplishments he has spearheaded during his enlightened and dynamic leadership of the Department of Streets and Sanitation, and wish for him continued success in the new endeavor he is about to undertake in private industry; and

Be It Further Resolved, That a suitable copy of this Resolution be presented to Commissioner James J. McDonough as a token of our esteem.

Alderman Hines moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Hines (seconded by Aldermen Cohen, Vrdolyak, Marzullo, Natarus, Adduci, Casey, Laskowski, Pucinski, Jones, Bilandic, Burke, Evans and Frost) the foregoing proposed resolution was *Adopted,* unanimously.

All the Aldermen praised Mr. McDonough highly for the outstanding service he rendered the City in his capacity as Commissioner of the Department of Streets and Sanitation. He was acclaimed for the tremendous service rendered during the snow storm in 1967 and the tornado that struck in April of 1967. He was cited for the tremendous improvements made in bulk pick-ups and the many innovative programs he initiated to improve service to the public during his term of office. He was praised for being progressive and possibly the best Commissioner of Streets and Sanitation who had ever served the City. He was praised for his loyalty and courage. All thanked him for the dedication and assistance he had rendered the City. All wished him well in his new endeavor.

Mr. McDonough addressed the Council and expressed his appreciation for the honor accorded him and stated that it had been a pleasure to have been of service to the City. He thanked his department heads who had been of such tremendous help and his assistants for having made his job easier. He concluded by saying that he hoped that he would in some fashion be able to repay the City for the support he had enjoyed.

Congratulations Extended Alderman Seymour Simon Upon Election as Judge of Appellate Court.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council submitted the following proposed resolution:

WHEREAS, Our friend and colleague, the distinguished Alderman from the 40th Ward, Seymour Simon, was elected on November 5, 1974 Judge of the Illinois Appellate Court; and

WHEREAS, Alderman Seymour Simon will be inducted on December 2, 1974 as Judge of the Appellate Court and then initiate a new career of public service to the people of our community; and

WHEREAS, Alderman Seymour Simon has served with great honor and distinction in the City Council from 1955 through 1961 and from 1967 through 1974. His energetic advocacy of important legislative matters and his articulate espousal of causes, programs and philosophies which he was deeply identified with did much to bring distinction and enlightenment upon the deliberations of this body; and

WHEREAS, Seymour Simon served as President of the Cook County Board from 1962 until 1967 and there rendered important and significant executive services to the citizens of Cook County; and

WHEREAS, Seymour Simon has served his party as Democratic Ward Committeeman of the 40th Ward for many years and has been active in numerous civic, religious, charitable and professional organizations; and

WHEREAS, Alderman Simon having now served in executive and legislative positions of importance in our community now embarks upon a career in the Judiciary well equipped by legal training and professional accomplishments for this new undertaking; and

WHEREAS, Alderman Simon's friendship, warmth and kind disposition will be greatly missed in this body; now, therefore,

Be It Resolved, That the members of the City Council of the City of Chicago in meeting assembled this 29th Day of November, A.D., 1974, do hereby congratulate our friend and colleague Alderman Seymour Simon on his election to the Appellate Court of Illinois and wish for him a long and rewarding career on the bench so that his contribution to the judicial branch of government may equate the contribution which he has already made in the legislative and executive branches of governments in our community; and

Be It Further Resolved, That a suitable copy of this Resolution be presented to Alderman Seymour Simon as a token of our esteem.

Alderman Bilandic moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Bilandic (seconded by Aldermen Marzullo, Despres, Vrdolyak, Langford, Natarus, Burke, Cousins, Stone, Evans, Pucinski, Cohen and Frost) the foregoing proposed resolution was *Adopted,* unanimously.

The Aldermen expressed their profound admiration for the abundance of legal talent their colleague possessed and the manner in which he exercised that talent. They all stated that the City Council's loss would be the Appellate Court's gain. All expressed their respect for his knowledge and his versatility. It was noted that he would be missed for the stimulating manner in which he conducted debates. He was praised for having given the Council quality leadership, and for being one of the most erudite and articulate members. All wished him success and happiness in his new career.

Alderman Simon then addressed the Council and expressed his appreciation for the many kind words. He stated that he had thoroughly enjoyed his terms of office and observed that in his opinion the present council was one of the most outstanding and innovative. He praised Mayor Daley for being one of the finest Mayors in the country. He praised the Mayor for his many fine qualities, and especially for his compassion, love and understanding for people. He expressed his gratitude for the Mayor's help during his political career. He also thanked the people of the 40th Ward for their continued support for which he was most grateful. He concluded by thanking the entire personnel connected with the Council Division, to whom he stated he owed a great deal for their assistance.

Congratulations Expressed to Richard L. Curry, Corporation Counsel, Upon Election as Judge of Circuit Court.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council submitted the following proposed resolution:

WHEREAS, This meeting marks the last time at which Richard L. Curry will occupy the Chair as Corporation Counsel and legal advisor to this legislative body, having been elected November 5, 1974, Judge of the Circuit Court by the people of Cook County and on December 3, 1974, Corporation Counsel Curry will officially receive the oath of office and be inducted as Judge; and

WHEREAS, Richard L. Curry has distinguished himself by the outstanding service he has given to the citizens of the City of Chicago for over twenty years in numerous and varied responsible positions with the City of Chicago. A graduate of De Paul Law School, he joined the Department of Law in 1956 as the Administrative Assistant to the Corporation Counsel. He later served as legislative counsel on city matters in the General Assembly, as Deputy Administrative Assistant to the Mayor and First Assistant Corporation Counsel before being appointed Corporation Counsel by Mayor Daley in February of 1970; and

WHEREAS, Dick Curry's broad experience in government, his vast legal abilities, sound judgment and keen imagination have made him one of the truly outstanding city attorneys in our history. As Corporation Counsel, Dick Curry has provided outstanding leadership and direction to the Law Department's 120 lawyers. Under his stewardship, the Law Department has maintained and enhanced a level of competency and professionalism that renders it one of the finest public law offices in the country; and

WHEREAS, Corporation Counsel Richard L. Curry has had the unique opportunity to direct the City's legal course under a new state Constitution which provided meaningful home rule powers to Chicago for the first time in the history of our State. Dick Curry readily accepted this important challenge and by reason of his guidance and counsel the City has embarked on a reasonable, innovative and responsible exercise of its home rule powers. In particular, under the legal direction of Corporation Counsel Curry, the City has generated a new and imaginative revenue program permitting expanded programs and services, and at the same time, reducing property taxes. Each of these revenue ordinances, as well as all other home rule enactments, has withstood all court challenges. His legal ability and resourceful advocacy has generated and successfully defended the Lakefront Protection and Development Ordinance, the Environmental Protection Codes, and Noise Abatement Ordinance and the new procedure for issuing general obligation bonds. Dick Curry has also served as General Counsel of the Chicago Urban Transporation District since its formation in 1970 and successfully defended its creation as the agency to design and build the downtown subway system which will ultimately replace the present elevated structure; and

WHEREAS, The above accomplishments, as well as the many other significant achievements of Corporation Counsel Richard L. Curry and the staff that he motivated, guided and inspired, have established a new high water mark for legal service in government. He has never sought personal

recognition or aggrandizement, but by always providing enlightened, dependable and impartial guidance and counsel, he has won the personal respect and admiration of all those he came in contact with. Dick Curry has served his City in the very finest traditions of his profession thereby enhancing the reputation of the Department which he proudly headed and has brought great credit to all who labor in the public service; and

WHEREAS, Dick Curry has remained throughout a lawyer's lawyer, concerned with craftsmanship and public service, rather than public attention, and thus serves as a model of Justice Holmes' reminder, that "one may live greatly in the law as elsewhere"; and

WHEREAS, Dick Curry's competency, integrity, enthusiasm, and wisdom, as well as his warm personality and gentlemanly demeanor, will be missed by the Mayor and the members of the City Council; now, therefore,

Be It Resolved, That the Mayor and the members of the City Council hereby extend their gratitude to Corporation Counsel Richard L. Curry for the dedicated service he has rendered to them and to the community, and their most felicitious and heartfelt best wishes to him for a long and distinguished judicial career; and

Be It Further Resolved, That as a token of our esteem, this Resolution be spread upon the Official Journal of the Proceedings of the City Council and that a suitable copy of this resolution be presented to Corporation Counsel Richard L. Curry.

Alderman Marzullo moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Marzullo (seconded by Aldermen Pucinski, Simon, Natarus, Cousins, Bilandic, Burke, Evans, Ray, Casey, Hines, Cohen, Frost and Burke) the foregoing proposed resolution was *Adopted,* unanimously.

The Aldermen in making their seconding speeches praised Mr. Curry for his integrity and ability, that he had brought great distinction to the office of Corporation Counsel and had guided the City during a period of great legal turbulence, due to the passage of the Home Rule provisions, the Lake Front Ordinance, to cite a few examples of his great courage and legal ability. It was noted that he had "earned" his elevation to the Circuit Court. It was also noted that Mayor Daley had been fortunate to have had three great Counsels, John Melaniphy, Ray Simon and Dick Curry, and that Dick Curry had been as outstanding in his own right as any of his predecessors. All wished him good health and success in his new position.

Mr. Curry then addressed the Council expressing his gratitude for past kindnesses. He said that he had experienced the greatest challenge in his career as Corporation Counsel, only few lawyers had an opportunity to know. He also said that while he was looking forward to being a judge, he felt that it was a lateral move—a different challenge.

Congratulations Extended John A. Zvetina for Forty-seven Years of Teaching at Loyola University.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council submitted the following proposed resolution:

WHEREAS, John A. Zvetina was honored on November 19, 1974 with a testimonial dinner for forty-seven (47) years of teaching at Loyola University, from 1925 to 1972; and

WHEREAS, John A. Zvetina was born in Chicago. He received three degrees from Loyola University: a Bachelor of Arts (B.A.) in 1921; a Doctor of Jurisprudence (J.D.) in 1924; and a Master of Arts (M.A.) in 1935; and

WHEREAS, Mr. Zvetina was an outstanding teacher at Loyola University. From 1925 to 1935, Mr. Zvetina taught constitutional history in both the history and political science departments. In 1935, he shifted to the Law School where he taught constitutional law, administrative law and evidence, until 1968. From 1968 to 1972, Mr. Zvetina taught business law in Loyola's graduate school of business; and

WHEREAS, Mr. Zvetina, while on the faculty maintained an active law practice, which he still has today; and

WHEREAS, John A. Zvetina, despite his busy professional life, was also vitally interested in community affairs. He was a member of President Roosevelt's Selective Service Board; member of the board of managers, Chicago Bar Association, 1966-68; secretary of Catholic Charities, 1970; member of the board of Mental Health; and President of Chicago Archdiocese and Union Holy Name Society; and

WHEREAS, John A. Zvetina has been the recipient of many awards. He has received the Order of Yugoslav Crown from the Yugoslav government in 1938. This award included a guest lectureship at three universities: Belgrade, Zagreb, and Lubjiana. In 1946, Mr. Zvetina received the Pro Ecclesia award and in 1953 Pope Pius XII made him a Knight of St. Gregory. He was President of Loyola Law Alumni from 1961 to 1962 and in 1968 he received the Medal of Excellence from Loyola Law Alumni Association; now, therefore,

Be It Resolved, That the Mayor and members of the City Council of the City of Chicago in meeting assembled this twenty-ninth day of November, A.D. 1974, do hereby express their congratulations to John A. Zvetina for forty-seven years of teaching at Loyola University and for a lifetime of service to the legal and academic community of Chicago; and

Be It Further Resolved, That a suitable copy of this Resolution be presented to John A. Zvetina.

Alderman Bilandic moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing resolution. The motion *Prevailed.*

Said new concrete manhole(s) shall be cylindrical in shape and shall have an internal diameter of three (3) feet, excepting the upper portion one and one-half (1½) feet in height, which shall be conical in shape, being reduced to two (2) feet internal diameter at the top. The walls of said manhole(s) shall be five (5) inches in thickness. The invert of the sewer through the manhole(s) shall be built of concrete six (6) inches in thickness and on each side thereof shall be built a solid concrete foundation eight (8) inches in thickness, measuring down from the center of the sewer, making the entire foundation four (4) feet in diameter.

Each of said new concrete catchbasins shall be cylindrical in shape and shall have an internal diameter of four (4) feet, excepting the upper portion two (2) feet in height, which shall be conical in shape, being reduced to two (2) feet internal diameter at the top. The walls of said catchbasin(s) shall be five (5) inches in thickness and shall be built of precast concrete blocks or precast concrete rings, or concrete molded in place and shall rest upon a concrete floor four (4) inches in thickness composed of precast planks or concrete molded in place.

Each of said catchbasin(s) shall be connected in a direct line which shall slope downward from the outlet to the sewer herein specified by means of tile pipe of eight (8) inches internal diameter. The in-

side bottom of said outlet shall be set four (4) feet above the floor of each of said catchbasins.

Said new manholes and new catchbasin(s) shall be provided with a suitable cast iron cover, which cover, inclusive of lid, shall weigh five hundred forty (540) pounds. Said covers shall be set so that the top of same shall conform with the surface of the finished pavement herein described.

The concrete used in the construction of the manholes and catchbasins herein provided shall be composed of one (1) part of the best quality of portland cement, six (6) parts of clean torpedo sand, or clean crushed stone of uniformly varying sizes which will pass through a ring of three-eights (3/8) inch internal diameter and be held on a two hundred (200) mesh sieve. Sample cylinders of the concrete or sample concrete blocks, when tested, should show a compressive strength of two thousand five hundred (2500) pounds per square inch as the average for five (5) samples tested and no single sample shall have a compressive strength of less than two thousand (2000) pounds per square inch.

The existing sewer manhole(s) located in the roadway(s) of above specified street(s) and the existing sewer catchbasin(s) located in said roadway(s) or in the sidewalk space adjacent to the curb lines of said above specified street(s) shall be adjusted with materials of the same kind and quality as that of which they were originally constructed, or materials, herein specified for manholes and catchbasin(s), in such a manner as to make the top of the cover(s) of said manhole(s) and catchbasin(s) conform with the surface of the finished pavement herein described, or where an existing catchbasin is located in the sidewalk space, the top of the cover(s) of said catchbasin(s) shall conform with the top of the adjacent curb.

Trench backfill (sand) to be used around manhole and catchbasin connections and where necessary.

Chicago Standard frame(s) and lid(s) to be used where necessary on said proposed improvement.

A catchbasin inlet shall be constructed in the gutter in the roadway(s) of said above specified street(s) opposite each of said existing sewer catchbasins where such catchbasins are located in the sidewalk space. Said inlet shall consist of a suitable cast iron frame weighing one hundred and ninety (190) pounds, a cast iron inlet grate twenty-one and one-half (21½) inches by fourteen and one-half (14½) inches weighing ninety (90) pounds with a cast iron inlet bend weighing eighty-five (85) pounds, set in a new pavement surface and foundation opposite the adjacent catchbasin in such a manner that the top of the cover of said inlet shall conform with the surface of the pavement herein described. The cast iron bends of said inlet shall be connected to the adjacent catchbasin approximately five (5) feet therefrom by means of eight (8) inch vitrified tile pipe. The center of the eight (8) inch tile pipe at its connection with said cast iron bend shall be twenty-one (21) inches below the top of said grade and at the connection with the catchbasin shall be forty-five (45) inches below the top of said catchbasin. The top of said cast iron grating shall conform to the upper surface of the gutter immediately adjacent.

All tile pipe used throughout said improvement shall be straight, smooth and sound, thoroughly burned, well glazed, free from lumps and other imperfections and meet the requirements of extra strength pipe also known as C-700.

The joint shall be the type known as C-425. The mortar used in making connection with sewers and catchbasins and in adjusting sewer manholes and catchbasins as herein described shall consist of the best quality of natural hydraulic cement mortar or type two (2) portland cement mortar in the following proportions, viz: one (1) part natural hydraulic cement or one (1) part type two (2) portland cement and two (2) parts clean sharp sand.

The elevation of the center of said eight (8) inch tile pipe from said new catchbasins where they connect with the said sewers shall be as follows:

The curb shall be seven (7) inches thick and the height at the back shall vary from nineteen (19) inches at the catchbasin inlets to thirteen (13) inches at the summits and the gutter shall be twelve (12) inches in width and ten (10) inches in thickness. The upper roadway edge of the curb shall be rounded to an arc of a circle having a radius of two (2) inches.

Said combined curb and gutter shall be constructed upon a foundation flooded with water and thoroughly compacted to an even surface, and said combined curb and gutter shall be backfilled with earth free from animal or vegetable matter, said filling to be four (4) feet wide at the top of the curb and even therewith and shall slope down at the rate of one and one-half (1½) feet horizontal to one (1) foot vertical.

Said combined curb and gutter shall conform to the surface of the finished roadway(s) as herein described. The top edge of the curb on each side of the roadway of each of said specified street(s) shall be at an elevation of straight lines connecting the several points at the curb elevations herein described, and the top edge of the curb on each side of the road ways of all intersecting alley(s) extended from the curb line on each side of each of said specified street(s) shall rise from the curb line to the street line at the rate of one (1) inch vertical to three (3) feet horizontal from the elevation of the curb of said specified street(s) between the points herein described. The curb elevations of said specified street(s) shall be as follows, to wit:

The above elevations as fixed shall be measured from Chicago City datum as established by the City Council of the City of Chicago.

The roadway(s) of the four (4) street(s) heretofore specified between the points herein described, also the roadway(s) of all intersecting alley(s) extended from the curb line to the street line on each side of said specified street(s) between the points herein described, shall be so graded by cutting or filling and compacted by rolling with roller of ten (10) tons weight that after the grading of the roadbed(s) is completed and the pavement herein described placed thereon, the surface of the finished pavement at the center of the roadway of each of said specified street(s) shall be at the elevation of the top of the curbing herein described; and the surface of the said finished pavement at the summits in the gutters between catchbasins and adjoining the roadway face of the curbing shall be three (3) inches below the top of said curbing, and at the catchbasin inlets in the gutters adjoining the roadway face of the curbings shall be nine (9) inches below the top of said curbing. The slope of the gutters adjoining the roadway face of said curbing shall be uniform from the summits to the catchbasin inlets.

A transverse section of the surface of the finished pavement and gutters shall be an arc of a circle passing through the said gutter elevations and the elevation of the center of said finished roadway at every part of the roadway of said specified street(s) between the points herein described.

In all intersecting alley(s) herein specified at the street lines of said specified street(s) the surface of the finished pavement adjoining the curbings shall be even with the top of the curbing and the surface of the finished pavement at the center of the roadways of said alley(s) shall be three (3) inches below

the top of the curbing; and a transverse section of the surface of the finished pavement at the street lines of said specified street(s) shall be an arc of a circle passing through the surface of the pavement adjoining said curbing and the surface of the pavement at the center of said finished roadway(s). The surface of the said pavement thence shall slope gradually to meet the surface of the finished pavement at the curb lines of said specified street(s).

On the sub-grade as formed and compacted shall be spread an insulation course of limestone screenings. Said insulation course shall be one (1) inch in thickness and shall extend across the full width of the roadbed.

On the insulation course as formed and compacted shall be spread a foundation course consisting of a layer of crushed limestone of the best quality, broken so as to pass through a ring of four (4) inches internal diameter and held on a ring of two (2) inches internal diameter. The stone spread shall be well graded as to sizes. It shall be evenly distributed so as to leave no pockets filled with the small size stone. This layer shall be thoroughly rolled with a self propelled three wheel roller, weighing not less than ten (10) tons. The rolling shall begin at the edge of the pavement and the roller shall move parallel with the center line of the roadway. The roller shall progress gradually towards the center of the roadway, uniformly lapping each proceeding track, covering the entire surface with the rear wheels and continuing until the stone does not creep or move ahead of the roller. After the crushed limestone has been thoroughly rolled and keyed, limestone screenings shall be applied gradually over the surface and the rolling continued until sufficient screenings have been applied to completely fill the interstices. The screenings shall be swept in with hand brooms to properly fill the voids. The spreading and rolling shall continue until no more screenings will go in dry. No excess of screenings shall be used before applying water. Immediately after the voids have been filled with screenings, the macadam shall be sprinkled until saturated, the sprinkler being followed by a roller. More screenings shall be added if necessary. The sprinkling, sweeping and rolling shall continue until a grout shall be formed of the screening and water that will fill all the voids, and form a wave of grout before the wheels of the roller. The quantity of screening and water necessary to fill the voids shall be determined by the engineer and shall be sufficient to produce a rough, granular surface. The rolling, at all times, shall begin at the sides, and then progress toward the center, thoroughly covering the entire surface with the rear wheels. When compacted, this layer shall measure not less than five (5) inches in thickness.

Upon the finished waterbound macadam base there shall be uniformly applied by an approved type of spreader box, two (2) inch stone to a depth providing a total base course thickness of three (3) inches after final compaction. After shaping to grade and rolling with a ten (10) ton roller three-quarter (¾) inch stone chips shall be broadcast and broomed into the surface voids at the rate of fifteen (15) pounds per square yard. Liquid asphalt at a temperature of 140 degrees F. shall be uniformly applied by a pressure distributor at a rate of one and one-half (1½) gallons per square yard. Stone chips shall again be broadcast and broomed uniformly over the surface at the rate of fifteen (15) pounds per square yard. Liquid asphalt shall be uniformly applied by a pressure distributor at the rate of one-half (½) gallon per square yard. Stone chips shall be broadcast again at the rate of ten (10) pounds per square yard. The surface shall then be thoroughly rolled. The asphalt shall conform to the State Specification for Emulsified Asphalt R. S. 2, Page 640 of Illinois Standard Specifications for Road and Bridge Construction adopted January 2, 1952.

On the said foundation course shall be placed an asphaltic concrete surface course two (2) inches in thickness consisting of an asphaltic concrete mixture conforming to the standard requirements of the Illinois State Division of Highways for Type 1-11 Asphaltic Concrete adopted January 2, 1952, as follows: The asphaltic mix shall consist of a mineral aggregate bonded with the asphaltic cement. The mineral aggregate shall consist of the best quality of crushed gravel or crushed stone in sizes graduated in accordance with the following table, viz:

Asphaltic Concrete Surface Course, Fine Dense Graded Aggregate Type

Passing ½ inch sieve	95-100%
Passing ½ inch, retained on No. 4 sieve	45- 65%
Passing No. 4 retained on No. 10 sieve	10- 30%
Passing No. 10 retained on No. 40 sieve	5- 18%
Passing No. 40 retained on No. 50 sieve	7- 22%
Passing No. 80 retained on No. 200 sieve	5- 13%
Passing No. 200 sieve	4- 8%
Bitumen	5- 7%

(Table 45.11 p. 247 State Specifications)

The asphaltic cement shall conform with the standard requirements of the Illinois State Division of Highways for Grade P.A. 6 Paving Asphalt, adopted January 2, 1952. It shall have a flash point (Cleveland open cup) 500 plus Fahrenheit. It shall have penetration at seventy-seven (77) degrees Fahrenheit of seventy-five (75) to eighty-five (85), and at least ninety-nine and five-tenths (99.5) per cent of bitumen shall be soluble in carbon disulphide.

When fifty (50) grams of said paving asphalt is heated in an uncovered tin box five and one-half (5½) centimeters in diameter and three and one-half (3½) centimeters in depth, and is held at a temperature of three hundred and twenty-five (325) degrees Fahrenheit for five (5) hours, then it shall have lost not over two (2) per cent by weight and the pentration of the residue thus obtained shall not be less than seventy (70) per cent of the penetration before such heating. Said penetration being determined as herein described. Said paving asphalt shall have a ductility of not less than one hundred (100) centimeters being determined by elongating a briquette Dow form of said paving asphalt at uniform rate of five (5) centimeters per minute at a temperature of seventy-seven (77) degrees Fahrenheit.

The paving asphalt and mineral aggregate shall be mixed when heated between three hundred (300) and three hundred fifty (350) degrees Fahrenheit in an approved mixer to produce a homogenous mixture in which all particles of aggregate are coated uniformly. The heated mixture shall be delivered to the pavement in trucks with approved clean tight dump bodies. The temperature when delivered at the street shall be between two hundred fifty (250) and three hundred fifty (350) degrees Fahrenheit. Upon arrival the asphaltic mixture shall be spread upon the prepared base at a uniform depth and consistency so that the thickness when compacted as herein described will be two (2) inches.

Immediately after the asphalt surface course shall be spread it shall be connected thoroughly and uniformly with a three (3) wheel roller or a tandem roller. The asphalt paving mix shall be dumped first upon approved steel dump pans outside of the area on which it is to be spread. Immediately thereafter it shall be distributed into place with shovels and spread with rakes in layers of uniform density and correct depth, unless a spreading machine is used. If a spreading machine is used it shall be of a type approved by the Board of Local Improvements. Immediately after the surface course mixture is placed it shall be compacted thoroughly with a three-wheel roller or a tandem roller. One (1) or more three-wheel rollers and one (1) or more tandem rollers will be required. The actual number of such rollers to be determined by the Engineer in accordance with the progress of the work. If the production of the asphalt plant delivered to the pavement exceeds seventy-five (75) tons per hour additional rollers shall be furnished as directed by said Engineer. After a final rolling the asphalt surface course shall at all points have a density of not less than ninety-five (95) per cent of the maximum possible density of a voidless pavement composed of the same materials in like proportions.

IV-2 POZZOLANIC BASE COURSE

On the subgrade as formed and compacted shall be placed and compacted to the depth shown on the plans and as herein provided.

(a) The pozzolanic base course shall be constructed in layers not more than six (6) inches (compacted) in thickness. When the thickness specified is more than six (6) inches the base course shall be constructed in two (2) or more approximately equal layers. Each layer shall be deposited, full-lane width, directly on the prepared subgrade or on the preceeding layers of compacted mixture with a mechanical spreader box of a type approved by the Engineer. Where the base must be constructed in more than one layer, the previous layer shall be maintained in a moistened condition until the succeeding layer is placed. After having been tested for density and approved by the Engineer, the previous layer shall be raked to a depth of one (1) inch and dampened with water immediately prior to placing the succeeding layer so that the layers are in it together. The second layer must be placed the same way as the first layer. The Engineer of the Board of Local Improvements shall determine when the base course shall be constructed in one or more lifts. When placed, the pozzolanic mixture shall be free from segregation and shall require minimum blanding and manipulation. Immediately after placing the mixture shall be compacted with a pneumatic-tired roller, or with a vibratory compactor, or with a combination of the two. The base course, shall be given a final rolling with a three-wheel or tandem roller. If the pozzolanic base is placed on gradual sub-base, the pozzolanic base shall be compacted to at least 100% of maximum density except that if more than one layer is required the first layer shall be compacted to 97% of maximum density and succeeding layers shall be compacted to 100% of maximum density.

(b) All pozzolanic mixture shall be placed and compacted the same day as it is mixed. The entire base course within the increment of work shall be completed within 24 hours.

(c) Except in specific cases, when otherwise permitted by the Engineer, the pozzolanic base course mixture shall be placed between April 15 and October 15 and only when the temperature is 40 or more.

(d) The three-wheel or tandem rollers shall weigh from 6 to 10 tons and shall weigh not less than 200 pounds nor more than 325 pounds per inch width of roller. The compression developed by the pneumatic tired roller shall be not less than 225 pounds per inch of tire width.

IV-3 MATERIALS.

All materials shall conform to the following requirements:

(a) Lime. High Calcium hydrated lime or monohydrated dolomitic lime shall be used. The lime shall have a total oxide (calcium and magnesium) equivalent to not less than 85% and a loss of ignition of not more than 25%. Monohydrated dolomitic lime shall have only the calcium component hydrated. Exposure of the lime to air shall be held to a minimum. If more than 10% of the lime has reverted to a carbonate, it shall not be used.

(b) Fly Ash. The pozzolan, prior to dampening thereof to alleviate the dust problem shall comply with the requirements of AST Designation: C-379 or C-432 with 10% maximum loss of ignition. The tests prescribed by this specification shall be performed at the option of the Engineer. At the time of mixing the pozzolan shall be in a finely divided condition such that 95% shall pass a ½ inch sieve when dry-sieved.

(c) Coarse Aggregate. The coarse aggregate shall be gravel, crushed stone, crushed slag or boiler slag meeting the following requirements:

(1) Gravel, crushed stone or crushed slag. The gradation for all three materials, shall be as follows:

Sieve	*Per Cent by Weight Passing*
One inch	100%
One-half (½) inch	60-100%
No. 4	40-100%
No. 40	10- 35%
No. 200	
(gravel)	0- 10%
(crushed stone & slag)	0- 15%

(2) Boiler Slag: The slag shall be wet bottom boiler slag produced as a by-product of a power plant burning pulverized bituminous coal. The slag shall be composed of hard durable particles and shall be free of excessive or harmful amounts of foreign substances. Boiler slag or granulated slag in an oven dry condition shall meet the following requirements:

Sieve	*Per Cent by Weight Passing*
No. 4	80-100%
No. 10	55- 90%
No. 40	0- 25%
No. 200	0- 10%

Note: Granulated slag will be permitted only when authorized in writing by the Engineer.

(d) Samples: The contractor, shall at his own expense, submit to the Engineer a minimum of 25 pounds of lime, 100 pounds of fly ash and 150 pounds of the coarse aggregate which he proposed to use in the pozzolanic mixture. The lime, when sampled, shall immediately be placed in a sealed container and shall be kept sealed. Samples shall be furnished at least 45 days prior to the construc-

tion of the pozzolanic base course. The samples submitted will be tested for acceptance of materials and also to determine whether or not they will produce a satisfactory mixture; and will be used to determine preliminary proportions for the mixture composition.

IV-4 Composition of Mixture.

(a) The lime, pozzolan and aggregate shall be proportioned within the following limits on a dry-weight basis:

Percent by Weight of Total Dry Mixture

Ingredient	*Gravel, Crushed Slag, Crushed Stone or Aggregate Blend*	*Boiler Slag*
Lime	2- 5	2- 4
Pozzolan	8-16	15-30
Aggregate	79-90	56-78

(b) The actual proportions of lime, pozzolan, water and aggregate will be set by the Engineer before work begins and will be based on tests conducted on mixtures composed of samples of the constituent materials furnished by the Contractor. The right is reserved by the Engineer to make such changes in proportions during the progress of the work as he may consider necessary.

(c) The composition of the mixture shall be such that when molded into cylinders, cured and tested as stated in the following paragraph, each cylinder shall have a minimum compressive strength of 450 psi and a maximum weight loss of 14% after 12 cycles of freezing and thawing.

(d) Test cylinders shall be molded at the optimum moisture content and maximum density in accordance with AASHO Designation T-180, Method C, except that the 5 lift requirement is replaced with 3 lifts and no replacement of coarse aggregate (¾) inch sieve) is made. The molded specimens shall immediately be placed in an oven with forced air circulation for 7 days at 100-3 F. At the end of 7 days, the test cylinders for compressive strength testing shall be removed from the containers, allowed to cool to room temperature, soaked for four hours, capped and broken for compressive strength within one hour of time of removal from water. The specimens to be tested for freeze-thaw resistance shall be cured in the same manner as the strength specimens without the 4 hour soaking period. After curing the specimens, shall be subjected to 12 cycles of freezing and thawing in accordance with AASHO Designation D-560, Sections 5, 9 and 10 pertaining to specimen No. 2 (weight loss specimen).

IV-5 Mixing.

(a) The constituents of the mixture shall be accurately proportioned and thoroughly mixed in a mechanical mixer at a central mixing plant. The measuring devices for proportioning the mixer, either by volume of weight shall be of such accuracy that the proportions of the mixture based on total dry weight will be maintained within the following tolerances:

Lime	+0.3 percent by weight
Fly ash	+1.5 percent by weight
Aggregate	+2.0 percent by weight

(b) The equipment used must be provided by means, meeting with approval of the Engineer, for calibration and check tests of measuring devices. In all plants, the water shall be proportioned by weight or volume and there shall be means by which the Engineer may readily verify the amount of water per batch or the rate of flow for continuous mixing. The contractor shall provide a platform scale and make arrangements for the use of a certified truck scale of sufficient capacity for calibration and periodic check tests of the feeders or measuring devices as needed during production.

(c) The mixer shall be capable of producing a uniform mixture. Mixing operations shall be continued until all ingredients are distributed evenly throughout the mixture and a uniform mixture, free of segregation, is obtained. The Engineer shall be the sole judge of the adequacy of mixing. The mixer shall be capable of discharging the mixture without undue segregation. The moisture content at the time of mixing shall be such that the moisture content at the time of compaction will be within 85 to 110 percent of the optimum moisture determined.

IV-6 Prime Coat.

On the prepared base after removing, by sweeping or otherwise, any loose material, dirt or debris, shall be applied a prime coat of bituminous material at the rate of 0.15 to 0.30 gallons per square yard, using asphalt: MC-O.

Prime Coat for the above and its application shall conform to the following:

(a) This material shall be homogenous and shall show no separation of asphalt after thorough mixing, within 30 days after delivery, provided separation has not been caused by freezing. It shall coat the aggregate being used in the work to the satisfaction of the Engineer and shall conform to the following requirements:

Flash Point (Tag open cup) °F.		100 plus
Viscosity, Saybolt Furolat 77°	Sec. 75-150	
Distillate to 437°	25-	
Distillate to 500°	40- 70	
Distillate to 600°	75- 93	
Residue from Distillation to 680° F. percent volume by difference		50 plus
Tests on Residue:		
Penetration at 77° F. 100g 5	Sec. 150-300	
Ductility at 77° cm (when penetration at 77° is between 150-200)		100 plus
Ductility at 60° F. cm (when penetration at 77° F. is between 200-300)		100 plus
Bitumen soluble is carbon disulphide, percent		99.5 plus

(b) The pressure distributor used for applying the liquid shall meet the following requirements:

It shall operate smoothly at low speed.

It shall have a dial and pressure gauge, spray bars of various lengths, and a hand spray bar for applying materials at street and alley returns and radius corners.

(c) A tank thermometer to determine the temperature of the contents of the tank and a tachometer to enable the driver to maintain the constant speed necessary for the correct application of the specified quantity of bitumen. The cost of this material together with the cost of labor, equipment and other costs required in placing such materials, shall be included in the unit price bid per square yard of pavement.

Upon the primed pozzolanic base course shall be placed two (2) courses of asphaltic concrete and shall meet the same requirements as previously stated.

SECTION VI

VI-I This item shall consist of a mixture of aggregate (crushed stone) and Bituminous material, plant mixed and constructed on a prepared subgrade in accordance with the requirements of the Board of Local Improvements. The base course shall be laid according to the lines and grades as established by the Engineer. The thickness will be as shown on the standards or plans or as established by the Engineer.

VI-II All materials shall conform to the requirements of the Standard Specifications for Road and Bridge construction, State of Illinois, adopted August 1, 1968 and the supplemental specifications in effect on the date of invitation for bids.

(a) The sources of supply shall be State approved. Satisfactory evidence shall be presented by the material supplier as to the ability of the source of supply to furnish the aggregate in proper quantity and meet the requirements as to grading and quality.

(b) Gradation of the aggregate shall meet the following requirements:

Passing 1″ sieve	100%
Passing ½″ sieve	60-100%
Passing No. 4 sieve	40-65%
Passing No. 8 sieve	25-55%
Passing No. 200 sieve	5-15%

The Contractor may have the option of deviating from these requirements provided he receive the approval of the Engineer. The Contractor must notify the Engineer a sufficient time in advance of his operation.

(c) If approved by the Engineer, the material may be produced by blending aggregate from more than one source. The components of a blend need not be of the same kind of material. The method of blending must meet the approval of the Engineer. The sources of material and the blending proportions shall not be changed during the progress of the work without written permission from the Engineer.

(d) The bituminous materials used in the mixture shall be asphalt of 85-100, 100-120 or 120-150 Penetration grade. The same grade of bituminous material shall be used throughout the work. The Engineer reserves the right to specify the grade to be used. The percentage of residual bitumen shall be 3 to 6%. The Engineer may make such changes in proportions during the progress of the work as he may consider necessary.

(e) *Samples and Tests:*

A ½ gallon sample of the bituminous aggregate mixture for each 5000 tons produced, shall be taken by the Engineer for extraction tests. A minimum of three samples shall be submitted. The sample shall be a composite sample taken from at least five (5) trucks. A one (1) quart sample of the bituminous material being used shall be taken by the Engineer at the same time the bituminous aggregate mixture sample is taken. The sample shall be taken from the line leading to the asphalt bucket or pug mill spray bar or directly from the asphalt bucket or spray bar. Paving asphalt shall be submitted in a one (1) quart friction top can.

(f) *Mixture Composition and Control Factors:*

The Contractor, at his expense, shall submit a sample of 100 pounds of the aggregate to the Engineer which he proposes to use in the bituminous mixture. The sample shall be submitted at least three weeks prior to start of base construction. The aggregate sample shall be taken under the supervision of the Engineer. At the time of submitting the sample, the Contractor shall state the source of the aggregate and the source and grade of the asphalt that he will use. The sample submitted to the Engineer when mixed with the designated grade of asphalt shall produce a satisfactory bituminous mixture that will have a strength of at least 100 pounds greater than the minimum requirements shown on the plans. If the material will not produce a satisfactory mixture meeting this requirement, the Contractor shall submit a material that will comply. If the aggregate furnished for design purposes contains some crushed material, the Contractor shall submit with the sample a statement giving the percentage of plus No. 4 material that is crushed. Throughout the improvement this percentage shall be maintained within a minus 5 percentage points of this amount.

(g) The mix to be used shall be prepared as required by the appropriate state specification.

(h) The Engineer may order any tests that he may deem necessary to insure the quality of the work.

VI-III *Construction Procedure:*

(a) Transportation of Bituminous mixes shall be governed by Article 46.14 of the Standard State Specifications.

(b) The subgrade shall be prepared as required in Section II of these specifications. The Contractor shall notify the Board of Local Improvements a sufficient time before laying the base course to allow for an inspection of the subgrade. The base course shall not be placed except in the presence of the Engineer or his representative.

(c) The base course shall be spread by an approved type asphalt spreading and finishing machine. The machine shall meet the requirements of Article 133.3 and its addendums of the State Specifications, or it may be a type approved by the Engineer.

(d) The base course shall be constructed only when the temperature in the shade is at least 40 degrees F. In specific cases, the Engineer may order a waiver of this limitation.

(e) The base course mix shall be delivered at a temperature of 225 degrees to 325 degrees F.

(f) The base course may be constructed in one or more courses, the decision shall be made by the Engineer for each project.

(g) The base course shall be compacted with three-wheel rollers or tandem rollers weighing from 6 to 12 tons and shall not weigh less than 200 pounds nor more than 400 pounds per inch of width of roller. Vibrating rollers will be permitted if approved by the Engineer.

(h) The first layer of the bituminous mixture shall be compacted to a density of not less than 90% of the theoretical density. Succeeding layers or where one layer is used shall be compacted to a density of not less than 90%. The theoretical density shall be computed from the saturated surface dry specific gravity of the aggregate, and the specific gravity of the asphalt at 77 degrees F., or it may be determined by the high pressure air

meter. The density of each of the finished layers of bituminous mixes shall be obtained from specimens furnished by the Contractor. Specimens shall be cut by the Contractor from the finished layer with a core drill. The diameter of a specimen shall in no case be less than 3⅞ inches nor more than 4 inches. Four specimens shall be taken for each day's run for each layer. When directed by the Engineer, additional specimens shall be taken, but the total number from one day's run shall not exceed 20. The Contractor shall remove the specimens at locations designated by and in the presence of the Engineer and transport them to a location designated by the Engineer. Extreme care shall be taken to avoid damage to the specimens. The holes caused by the removal of the specimens shall be refilled immediately with bituminous aggregate mixture meeting these specifications, compacted and finished to the satisfaction of the Engineer. The cost of the work required in taking and transporting the specimens and in refilling the holes caused by removal of the specimens shall not be paid for separately, but shall be included in the unit price bid per square yard for pavement.

(i) The stability of the completed base course shall be not less than 900 pounds as required by the State of Illinois.

(j) *Tolerance in Thickness:*

It is the intent that the base course shall be constructed to the nominal thickness shown on the plans. Thickness determinations shall be made at such points as the Engineer may select. If thicknesses less than 95% of nominal thickness are encountered, the extent and depth of the deficient area shall be determined and Bituminous Mixture Base Course or Bituminous Concrete Surface Course shall be placed by the Contractor at his expense to bring the deficient area of the base to nominal thickness. If Bituminous Concrete Surface Course is used, it may be placed as part of the surfacing operation.

(k) On the finished base course shall be laid a bituminous concrete course of 1½ inches in thickness, the surface course shall be constructed in accordance with the requirements of Section IV-12 through IV-9 of these Specifications.

P.C.C. Sidewalk removal and replacement where necessary. Concrete crosswalks shall be built according to the Standard City Code of the City of Chicago.

The Concrete shall conform to Class X Concrete (as described in this ordinance for curbs and gutters).

All existing catchbasins which are to be abandoned are located at the intersections of said streets. Where existing catchbasins are to be abandoned, the outlet pipe connection from the catchbasin to the sewer shall be plugged and properly sealed and the corbel courses broken down and the catchbasin cleaned and filled with suitable material.

Pavement removal and restoration where necessary.

Additional masonry where necessary.

Said work is to be done in a workmanlike manner under the superintendence of the Board of Local Improvements of the said City of Chicago.

Section 2. That the recommendation of the Board of Local Improvements of the City of Chicago, providing for said improvement, together with the estimate of the cost hereof, including the lawful expenses attending the same, made by the Engineer of said Board both hereto attached, be and the same are hereby approved.

Section 3. That said improvement shall be made and the cost thereof, including the lawful expenses attending the same, be paid by special assessment in accordance with an Act of the General Assembly of the State of Illinois, entitled, "An Act Concerning Local Improvements", approved June 14th, A.D. 1897, and the amendments thereto, and that of said special assessment of the sum of Twelve Thousand One and Fifty One-Hundredths Dollars ($12,001.50) not exceeding five (5) per centum of the amount of said assessment as finally determined after the completion of said improvement in accordance with Article 9-2 of said Act, shall be applied toward the payment of the cost of making, levying and collecting said special assessment, and of letting and executing contracts, advertising, clerical hire, engineering and inspection, court costs and deficiency in interest in the matter of said special assessment, in accordance with the provisions of said Act.

Section 4. That the aggregate amount herein ordered to be assessed against the property, and also the assessment on each lot and parcel of land therein assessed shall be divided into five (5) installments in the manner provided by the statute in such cases made and provided, and each of said installments shall bear interest at the rate of seven (7) per centum per annum according to law until paid, or as otherwise provided by law.

Section 5. That for the purpose of anticipating the collection of the second and succeeding installments of said assessment for said improvement (except such part, if any, that is chargeable to the City of Chicago for public benefits to public lands), bonds shall be issued payable out of said installments bearing interest at the rate of seven (7) per centum per annum, or as otherwise provided by law, payable annually, and signed by the Mayor and by the President of the Board of Local Improvements, countersigned by the City Comptroller and attested by the City Clerk under the corporate seal of the City of Chicago. Said bonds shall be issued in accordance with and shall in all respects conform to the provision of the Act of the General Assembly of the State of Illinois, entitled, "An Act Concerning Local Improvements", approved June 14th, A.D. 1897, and the amendments thereto.

Section 6. That the Corporation Counsel be and he is hereby directed to file a petition in the Circuit Court of Cook County, Illinois, in the name of the City of Chicago, praying that steps may be taken to levy a special assessment for said improvement in accordance with the provisions of this ordinance and in the manner prescribed by law.

Section 7. That all ordinances, or parts of ordinances, conflicting with this ordinance be and the same are hereby repealed.

Section 8. This ordinance shall be in force from and after its passage.

REPORTS OF COMMITTEES.

Committee reports were submitted as indicated below. *No request under the statute was made by any two aldermen present to defer any of said reports for final action thereon, to the next regular meeting of the Council, except where otherwise indicated.*

COMMITTEE ON FINANCE.

Reduction Made in Certain Annual Motor Vehicle License Fees for Persons Age 65 Years and Older.

The Committee on Finance submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith (referred to the committee on November 15, 1974):

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Chapter 29, Section 29-5 of the Municipal Code of the City of Chicago is hereby amended by striking from the first sentence thereof the punctuation bracketed below and adding the language in Italics below, as follows:

"29-5. Annual license fees for motor vehicles, trucks and trailers of various classifications shall be as follows [:] *, except that in the case of Class X and Class U vehicles, other than ambulances and hearses, persons 65 years of age and older shall, upon satisfactory proof of age, be charged 50% less than the stated fee:"*

SECTION 2. This ordinance shall be in full force and effect upon passage with respect to all licenses issued for the year 1975 and subsequent years, or any part thereof.

On motion of Alderman Bilandic the foregoing proposed ordinance was *Passed,* by yeas and nays as follows:

Yeas—Aldermen Roti, Barnett, Kenner, Evans, Despres, Sawyer, Jones, Cousins, Adduci, Vrdolyak, Bilandic, Kwak, Madrzyk, Burke, Langford, Shannon, Hines, Kelley, Stemberk, Rhodes, Marzullo, Zydlo, Ray, Washington, Cross, Filippini, Gabinski, Sande, Frost, Laskowski, Aiello, Casey, Cullerton, Simon, Pucinski, Natarus, Fifielski, Cohen, Stone—39.

Nays—None.

Alderman Stemberk moved to *Reconsider* the foregoing vote. The motion was *Lost.*

Reduction Made for Annual Dog License Fees for Owners 65 Years of Age and Older.

The Committee on Finance submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith (referred to the committee on November 15, 1974):

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Chapter 98, Section 98-27.3 of the Municipal Code of the City of Chicago is hereby amended by striking the punctuation bracketed below and adding the language in Italics below, as follows:

"98-27.3. The fee for each license shall be Two Dollars [.] *, except that persons 65 years of age and older shall, upon satisfactory proof of age, pay a fee of One Dollar for each license.* The license shall expire on the 30th day of April next following the issuance thereof."

SECTION 2. This ordinance shall be in full force and effect upon passage with respect to all licenses issued for the year 1975 and subsequent years, or any part thereof.

On motion of Alderman Bilandic the foregoing proposed ordinance was *Passed,* by yeas and nays as follows:

Yeas—Aldermen Roti, Barnett, Kenner, Evans, Despres, Sawyer, Jones, Cousins, Adduci, Vrdolyak, Bilandic, Kwak, Madrzyk, Burke, Langford, Shannon, Hines, Kelley, Stemberk, Rhodes, Marzullo, Zydlo, Ray, Washington, Cross, Filippini, Gabinski, Sande, Frost, Laskowski, Aiello, Casey, Cullerton, Simon, Pucinski, Natarus, Fifielski, Cohen, Stone—39.

Alderman Stemberk moved to *Reconsider* the foregoing vote. The motion was *Lost.*

Reduction Made in Building Permit Fees for Certain Dwelling Units Owned by Persons 65 Years of Age and Older.

The Committee on Finance submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Chapter 43, Section 43-26 of the Municipal Code of the City of Chicago is amended by adding a new Section 43-26(s), as follows:

"43-26(s). Notwithstanding the permit fees imposed by Section 43-26(a) through 43-26(r), building permit fees for alterations and repairs on dwelling units in buildings of four units or

less, owned and occupied by a person who is 65 years of age or older, shall be imposed at 50% of the stated fee."

SECTION 2. This ordinance shall be in full force and effect upon passage with respect to all permits issued for the year 1975 and subsequent years, or any part thereof.

On motion of Alderman Bilandic the foregoing proposed ordinance was *Passed,* by yeas and nays as follows:

Yeas—Aldermen Roti, Barnett, Kenner, Evans, Despres, Sawyer, Jones, Cousins, Adduci, Vrdolyak, Bilandic, Kwak, Madrzyk, Burke, Langford, Shannon, Hines, Kelley, Stemberk, Rhodes, Marzullo, Zydlo, Ray, Washington, Cross, Filippini, Gabinski, Sande, Frost, Laskowski, Aiello, Casey, Cullerton, Simon, Pucinski, Natarus, Fifielski, Cohen, Stone—39.

Nays—None.

Alderman Stemberk moved to *Reconsider* the foregoing vote. The motion was *Lost.*

MATTERS PRESENTED BY THE ALDERMEN

(Presented by Wards, in Order, Beginning with the First Ward).

Arranged under the following subheadings:

1. **Traffic Regulations, Traffic Signs and Traffic-Control Devices.**
2. **Zoning Ordinance Amendments.**
3. **Claims.**
4. **Unclassified Matters (arranged in order according to Ward numbers).**
5. **Free Permits, License Fee Exemptions, Cancellation of Warrants for Collection, and Water Rate Exemptions, Etc.**

Proposed ordinances, orders and resolutions, described below, were presented by the aldermen named, as noted. Except where otherwise noted or indicated hereinbelow, unanimous consent was given to permit action by the City Council on each of said proposed ordinances, orders and resolutions without previous committee consideration, in accordance with the provisions of Council Rule 41.

---

Discontinuance of Activities of Municipal Tuberculosis Sanitarium.

The Committee on Finance submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith (referred to the committee on November 15, 1974):

WHEREAS, On November 13, A.D., 1974, the Board of Directors of the Municipal Tuberculosis Sani-

tarium recommended in writing to the City Council that the program for the care and treatment of persons afflicted with tuberculosis as presently established under said Board of Directors of the Municipal Tuberculosis Sanitarium be discontinued as of close of business, December 31, A.D. 1974; and

WHEREAS, The City Council of Chicago is a Home-rule Unit within the purview of Article VII, Section 6 of the Illinois Constitution of 1970 and as such may exercise all the powers provided for in said Section of the 1970 Illinois Constitution; and

WHEREAS, Pursuant to powers granted the City of Chicago under the Illinois Constitution of 1970 the City of Chicago has the authority and power to discontinue the program for the care and treatment of persons afflicted with tuberculosis as presently established under the Board of Directors of the Municipal Tuberculosis Sanitarium, as recommended in writing by said Board of Directors of the Municipal Tuberculosis Sanitarium on November 13 A.D., 1974; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The Program for the care and treatment of persons afflicted with tuberculosis as presently established under the Board of Directors of the Municipal Tuberculosis Sanitarium, be and is hereby discontinued effective close of business December 31, A.D. 1974.

SECTION 2. The Comptroller of the City of Chicago be and is hereby directed to discharge all unpaid financial obligations of the Municipal Tuberculosis Sanitarium remaining after December 31, 1974, from the funds remaining in the Municipal Tuberculosis Sanitarium Fund Appropriation and upon full and final payment of all unpaid financial obligations of the Municipal Tuberculosis Sanitarium the Comptroller is directed to transfer any monies remaining in that fund into the general corporate fund of the City of Chicago.

SECTION 3. The Board of Directors of the Municipal Tuberculosis Sanitarium is hereby dissolved effective close of business December 31, 1974.

SECTION 4. This ordinance shall be in full force and effect immediately upon passage and publication.

On motion of Alderman Bilandic the foregoing proposed ordinance was *Passed,* by yeas and nays as follows:

New Chapter 132.1 Added to Municipal Code of Chicago Concerning Municipal Use Tax.

The Committee on Finance submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith (referred to the committee on November 15, 1974):

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Chapter 132.1 is hereby added to the Municipal Code of Chicago, the added chapter, set forth in Italics, to read as follows:

CHAPTER *132.1*

Municipal Use Tax

Section 132.1-1. A tax is hereby imposed in accordance with the provisions of Section 8-11-6 of the Illinois Municipal Code upon the privilege of using in the City of Chicago any item of tangible personal property which is purchased outside Illinois at retail from a retailer, and which is titled or registered with an agency of Illinois government. The tax shall be at a rate of 1% of the selling price of such tangible property with selling price to have the meaning as defined in the Use Tax Act, approved July 14, 1955, as amended.

Section 132.1-2. Consent and authority are given to the Illinois Department of Revenue to collect and enforce the tax imposed by Section 132.1-1 of this ordinance and all civil penalties that may be assessed as an incident thereof for or in behalf of the City of Chicago pursuant to the Municipal Use Tax Act.

SECTION 2. The City Clerk is hereby directed to transmit to the Illinois Department of Revenue a certified copy of this ordinance not later than 5 days after its effective date.

SECTION 3. This ordinance shall become effective immediately upon the date of its passage.

On motion of Alderman Bilandic the foregoing proposed ordinance was *Passed,* by yeas and nays as follows:

Yeas—Aldermen Roti, Barnett, Kenner, Evans, Despres, Jones, Adduci, Vrdolyak, Bilandic, Kwak, Madrzyk, Burke, Lawlor, Langford, Shannon, Hines, Fitzpatrick, Kelley, Stemberk, Rhodes, Marzullo, Zydlo, Ray, Washington, Cross, Filippini, Sande, Frost, Laskowski, Aiello, Casey, Cullerton, Laurino, Pucinski, Natarus, Singer, Simpson, Fifielski, Cohen, Hoellen, Hedlund, Stone—42.

Nays—None.

Alderman Stemberk moved to *Reconsider* the foregoing vote. The motion was *Lost.*

Rate Increased for Library Maintenance and Operation Tax for Chicago Public Library.

The Committee on Finance submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith:

WHEREAS, Pursuant to applicable statutes, the City of Chicago has heretofore established and is presently operating and maintaining a free public library in and for said City and for the use of the inhabitants of said City, and taxes have been duly levied, collected and expended for the purpose of paying the cost of maintaining and operating such free public library, and also for the purpose of purchasing library sites and buildings, the construction and equipping of library buildings, for the repair and alteration and equipping of such library buildings, and for the rental of buildings required for library purposes; and

WHEREAS, Section 6(a) of Article VII of the 1970 Constitution of Illinois provides that "any municipality which has a population of more than 25,000 (is) a Home Rule Unit." The City of Chicago with a population in excess of 3,000,000 is therefore a Home Rule Unit and may, under the power granted by Section 6(a) of Article VII, "exercise any power and perform any function pertaining to its government and affairs including, but not limited to, the power . . . to tax; . . .". ; and

WHEREAS, Pursuant to this constitutional power to tax granted to Home Rule Units, the City of Chicago may now provide for a library maintenance and operation tax levy in excess of any limitation as to rate which may have been heretofore imposed by the General Assembly of the State of Illinois, and the City of Chicago may also provide for the levy of an additional tax for the purpose of paying the costs of purchasing library sites and buildings, the construction and equipping of library buildings, the repair, alteration and equipping of library buildings and the rental of buildings required for library purposes, such additional tax to be in excess of any limit as to rate which may have heretofore been imposed by the General Assembly of the State of Illinois; and

WHEREAS, The Board of Library Directors of the City of Chicago has recommended an increase in the amount of taxes to be levied for library maintenance and operation in order to defray the increased costs of materials, operating personnel and services; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The Municipal Code of Chicago is amended in Chapter 23 by inserting the following new language in Italics below in Section 23.1:

23.1. There is hereby established a free public library and reading room for the use of inhabitants of the City which shall be called the "Chicago Public Library".

The City of Chicago, acting by its City Council, shall, in the year 1975 and thereafter, levy annually a tax in an amount of not to exceed .15% of the value of all taxable property in the City, as equalized or assessed by the Department of Local Government Affairs. This tax, when levied and collected, shall be used for the purpose of paying costs for library maintenance and operation. This tax shall be levied and collected in the same manner as the general taxes of the municipality and shall be known as the "library maintenance and operation tax" and shall be in addition to and in excess of all other taxes which the municipality is now, or may be hereafter, authorized by law to levy upon the aggregate valuation of all taxable property within the City of Chicago.

In addition to such "library maintenance and operation tax" the City Council shall, in the year 1975 and thereafter, levy annually a tax in an amount of not to exceed .02% of the valuation of all taxable property in the City, as equalized or assessed by the Department of Local Government Affairs. This additional tax, when levied and collected, shall be used for the purpose of paying the cost of purchasing library sites and buildings, the construction and equipping of library buildings, the repair, alteration and equipping of such library buildings and the rental of buildings required for library purposes. This additional tax shall be levied and collected in the same manner as the general taxes of the municipality and shall be known as the "buildings and sites tax" and shall be in addition to and in excess of all other taxes which the municipality is now, or may hereafter be, authorized by law to levy upon the aggregate valuation of all taxable property within the City of Chicago.

All money received from the respective taxes shall be set apart in a separate fund and shall be used solely for the purpose for which such respective taxes were levied. Warrants or notes may be issued in anticipation of the collection of such respective taxes and if issued, shall be issued pursuant to the applicable provisions of the Illinois Revised Statutes and shall bear an interest rate not to exceed 7% per annum.

SECTION 2. This ordinance shall be in full force and effect immediately upon its passage.

On motion of Alderman Bilandic the foregoing proposed ordinance was *Passed,* by yeas and nays as follows:

Yeas—Aldermen Roti, Barnett, Kenner, Evans, Despres, Jones, Adduci, Vrdolyak, Bilandic, Kwak, Madrzyk, Burke, Lawlor, Langford, Shannon, Hines, Fitzpatrick, Kelley, Stemberk, Rhodes, Marzullo, Zydlo, Ray, Washington, Cross, Filippini, Sande, Frost, Laskowski, Aiello, Casey, Cullerton, Laurino, Pucinski, Natarus, Singer, Simpson, Fifielski, Cohen, Hoellen, Hedlund, Stone—42.

Nays—None.

Alderman Stemberk moved to *Reconsider* the foregoing vote. The motion was *Lost.*

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That subject always to the conditions herein stated, the perpetual easement, right, and authority be and the same is hereby granted and given to The Metropolitan Sanitary District of Greater Chicago to construct, reconstruct, repair, maintain, and operate the Replacement of a Potable Water Line and Meter Vault for the North Side Sewage Treatment Works, Project 73-067-2M, within the intersection of W. Howard Street and N. Kedzie Avenue, as shown on the attached Exhibit "A", together with appurtenances thereto, hereinafter designated as "Potable Water Line," upon, under and through all the streets, highways, public alleys, public lands, public rights-of-way, and public easements of the City of Chicago within the territorial limits of said City traversed by the right-of-way of said Potable Water Line.

SECTION 2. That subject always to the conditions of this ordinance, The Metropolitan Sanitary District of Greater Chicago is hereby given and granted:

(a) The right, at its sole cost and expense, to intercept or cut or cause to be intercepted or cut any existing sewer conduits or pipes through which sewage or drainage may flow within the limits of the right-of-way described in Section 1 of this ordinance, which may be necessary in the construction of said Potable Water Line of The Metropolitan Sanitary District of Greater Chicago and to make such changes in the location alignments or design of said existing sewers, conduits, or pipes as may be necessary, subject to the approval of the Commissioner of Water and Sewers.

(b) The right of its sole cost and expense, to construct said conduits, or pipes, diversion weirs, overflow chambers, traps, gates, devices or manholes with all necessary appurtenances thereto, in order to control potable water flow in line. The work to be done under Section 2 of this ordinance shall be done in such manner as may be agreed upon by the Chief Engineer of The Metropolitan Sanitary District of Greater Chicago and the Commissioner of Water and Sewers of the City of Chicago.

(c) The Metropolitan Sanitary District agrees to relocate said 8-inch Potable Water Line at their expense, should it interfere with any future water or sewer installation in the City of Chicago Right-of-Way.

SECTION 3. That the rights hereby granted to the said Metropolitan Sanitary District of Greater Chicago are so granted upon the following conditions:

(a) That The Metropolitan Sanitary District of Greater Chicago shall, at its own expense, make such changes in the location of the police and fire alarm electrical wires of the City of Chicago and other municipal electrical systems as may be rendered necessary by the construction of the said Potable Water Line of The Metropolitan Sanitary District of Greater Chicago. Such changes shall be made by the City forces in a manner designated by and subject to the approval of the Commissioner of Streets and Sanitation of the City of Chicago.

(b) That the Potable Water Line of The Metropolitan Sanitary District of Greater Chicago shall be constructed, reconstructed, repaired, and efficiently maintained and operated solely by The Metropolitan Sanitary District of Greater Chicago at its sole expense and cost; and the City of Chicago shall not be held responsible in any manner for the location or manner of construction, reconstruction, repair, or operation of the same.

(c) That The Metropolitan Sanitary District of Greater Chicago shall indemnify, save, and keep harmless the City of Chicago from any and all claims for damage to real and personal property and injuries to or death suffered by persons by reason of the construction, reconstruction, repair, maintenance, or operation by The Metropolitan Sanitary District of Greater Chicago of the Potable Wa-

ter Line within the corporate limits of the City of Chicago.

(d) That The Metropolitan Sanitary District of Greater Chicago shall, at its sole cost and expense, restore to their former condition of usefulness the pavements of all streets, public alleys, and highways within the right-of-way of the Potable Water Line which may be disturbed or interfered with by the construction, reconstruction, maintenance, repair, or operation of the Potable Water Line, as well as all walks, crosswalks, curbs, gutters, catch basins, and ditches, as soon as practicable. All surplus excavation and other spoil shall be removed from the paved streets, public alleys, and highways by The Metropolitan Sanitary District of Greater Chicago within a reasonable time.

(e) That insofar as it is practicable The Metropolitan Sanitary District of Greater Chicago shall construct and maintain temporary bridges for both street and foot traffic until the pavements, walks, and crosswalks removed or disturbed by reason of said work of construction shall be restored to their former conditions of usefulness.

(f) That The Metropolitan Sanitary District of Greater Chicago and its contractors are hereby given and granted the right to use in the construction of the Potable Water Line, such motors, trucks, excavators, hoisting engines, and other plant and equipment as may be necessary for the complete construction of said work.

(g) That in all cases where it shall become and be necessary to maintain water service, remove, alter, repair, maintain or restore water mains, appurtenances and water service pipes in the streets, public alleys, and highways of the City of Chicago on account of the construction, repair, maintenance, operation and existence of the aforesaid Potable Water Line, the Commissioner of Water and Sewers is hereby authorized and directed to maintain water services, remove, alter, repair, maintain or restore such water mains at the cost and expense of The Metropolitan Sanitary District of Greater Chicago and the said Metropolitan Sanitary District of Greater Chicago shall pay to the City of Chicago the actual cost of labor, material, and of machinery, trucks, and other equipment required and used in the restoration of such water mains, plus an additional charge not to exceed 29% of aforesaid actual cost of labor, 36% of material, 8.75% of preliminary engineering services and 3.50% of construction engineering expense. In any open cut work done under this ordinance, wherever water pipes or their appurtenances cross the trench of the Potable Water Line without cutting through its or their cross sections, The Metropolitan Sanitary District of Greater Chicago shall support said water pipes and appurtenances and maintain service thereof without interruption until the work thereabouts is completed. Where, in the opinion of the Engineer of the Department of Water and Sewers of the City of Chicago, the support of said water pipes, appurtenances and/or water service pipes is inadvisable, then said water pipes, appurtenances and/or water pipes shall be cut, removed and restored by the Department of Water and Sewers of the City of Chicago, and at the expense of The Metropolitan Sanitary District of Greater Chicago. Payment of said work shall be in the manner described in the preceding paragraph.

That The Metropolitan Sanitary District of Greater Chicago shall pay to the City of Chicago all actual cost of labor, material and of machinery, trucks and other equipment required and used in the restoration of such water mains, plus an additional charge not to exceed 29% of aforesaid actual cost of labor, 36% of material, 8.75% of preliminary engineering services and 3.50% of construction engineering expenses required to repair, maintain, alter or restore such water mains, appurtenances and/or water service pipes, damaged by the contractor as a result of operation by said contractors or sub-contractors for The Metropolitan Sanitary District of Greater Chicago.

(h) That the Commissioner of Water and Sewers is hereby authorized and directed to issue, without fees or cost thereof to The Metropolitan Sanitary District of Greater Chicago or to any licensed sewer or drain contractor to whom the work or any part thereof specified in this ordinance shall be awarded, all permits required for doing said work and further, shall not require the payment by The Metropolitan Sanitary District of Greater Chicago of any fees or salaries for inspectors employed by the City of Chicago on said work. A separate and different ordinance must be obtained by The Metropolitan Sanitary District of Greater Chicago from the City Council authorizing the issuance of a permit for tapping the City's water main.

(i) That The Metropolitan Sanitary District secure permits from the Department of Streets and Sanitation, Bureau of Streets, prior to any work within the public way. At the time of permit application a full set of plans and specifications shall be submitted for review to the Bureau of Streets and the Bureau of Street Traffic shall determine what work procedures and restrictions shall be required for the maintenance of traffic during construction. It shall be the responsibility of The Metropolitan Sanitary District to assure compliance with all terms of the permit.

(j) That it shall be the responsibility of The Metropolitan Sanitary District to assure that all phases of installation involving work within the public way be completed prior to the start of a major reconstruction work scheduled for the North Kedzie Avenue in the near future.

[Signature forms and Exhibit "A" omitted]

SECTION 4. This ordinance shall become effective immediately after the passage hereof.

AN ORDINANCE

Providing for Levy and Collection of Direct Annual Tax Sufficient To Pay Annual Rentals Under a Lease To Be Entered Into by and Between Board of Education of City of Chicago and Public Building Commission of Chicago, Cook County, Illinois.

WHEREAS, There has been filed with and there is before the City Council of the City of Chicago for consideration a certified copy of a resolution adopted on December 4, 1974, by the Board of Education of the City of Chicago, authorizing the execution of a lease between the Board of Education of the City of Chicago, being a School District in the City of Chicago, Cook County, Illinois, and the Public Building Commission of Chicago for School Projects BE-20 and BE-20A and providing that the Board of Education order, direct and demand the City Council of the City of Chicago to enact an ordinance for the levy and collection of a direct annual tax sufficient to pay the rent payable under that certain lease authorized to be entered into by and between the Board of Education of the City of Chicago and the Public Building Commission of Chicago, Cook County, Illinois, by Resolution adopted by the Board of Education of the City of Chicago on December 4, 1974, and entitled:

"A Resolution

Approving the form of lease to be entered into by and between the Board of Education of the City of Chicago, being a School District in the City of Chicago, and the Public Building Commission of Chicago, and providing for the leasing of two school projects from said Commission and authorizing its execution and requesting the levy of direct annual taxes by the City Council of the City of Chicago for the payment of the annual rentals as they will become due under the terms of said lease."

(a certified copy of which lease is hereto attached and marked Exhibit "A" and made a part hereof by reference), as and when the same becomes due and payable, which Resolution is in words and figures as follows:

A Resolution

Approving the form of lease to be entered into by and between the Board of Education of the City of Chicago, being a School District in the City of Chicago, and the Public Building Commission of Chicago, and providing for the leasing of two school projects from said Commission and authorizing its execution and requesting the levy of direct annual taxes by the City Council of the City of Chicago for the payment of the annual rentals as they will become due under the terms of said lease.

Whereas, The Public Building Commission of Chicago, at the request of the Board of Education of the City of Chicago, being a School District in the City of Chicago, has undertaken a program for the construction of public schools and other educational facilities in cooperation with said Board of Education of the City of Chicago and the Chicago Park Districts; and

Whereas, The Board of Education of the City of Chicago, acting in cooperation with the recommendations of the Department of Development and Planning of the City of Chicago and the comprehensive plan for the City of Chicago, has proposed the construction of the following-described school buildings and facilities by the Public Building Commission of Chicago:

BE-20 - a 2,000-student high school at West 103rd Street and the Dan Ryan Expressway;

BE-20A - a 2,000-student high school at East 103rd Street and South Corliss Avenue;

and

Whereas, The Board of Education of the City of Chicago has heretofore adopted resolutions approving the location of said facilities and the buildings to be constructed thereon and the equipment to be acquired for such facilities; and

Whereas, The construction of each of said facilities, as above referred to, is urgently needed by the Board of Education of the City of Chicago in the providing and furnishing of essential educational facilities to meet the educational needs and requirements of the school children within the School District; and

Whereas, The Public Building Commission of Chicago, a municipal corporation of the State of Illinois, duly organized and existing pursuant to "An Act to authorize the creation of Public Building Commissions and to define their rights, powers and duties," approved July 5, 1955, as amended, will lease said facilities to the Board of Education of the City of Chicago, in accordance with the terms and provisions of the lease hereinafter referred to, which said lease covers the projects hereinabove referred to which are to be used for educational purposes, is for a term commencing December 1, 1974, and ending on November 30, 1994, provides for the payment of annual rentals in the amount of $4,073,826 on December 1 of each of the years 1975 to and including December 1, 1993; the lease further provides that the Board of Education, as lessee is to operate and maintain the premises, undertake the costs of such operation and maintenance, which costs shall be included each year in the annual budget of the Board of Education during the term of the lease and shall direct and demand the City Council of the City of Chicago to enact ordinances for the levy and collection of an annual tax sufficient to pay such costs; title to the property leased will be conveyed to the City of Chicago, In Trust for the Use of Schools, at such time as the revenue bonds or other obligations of the Building Commission incident to said projects have been paid in full:

Now, Therefore, Be It Resolved by the Board of Education of the City of Chicago, being a School District in the City of Chicago, County of Cook, Illinois, as follows:

Section 1. That for the purposes above designated in the preamble of this resolution, the form of lease, copy of which is on file in the office of Secretary of the Board of Education of the City of Chicago and by reference made a part hereof as though set forth herein in full, which lease is to be entered into by and between the Board of Education of the City of Chicago and the Public Building Commission of Chicago, be and the same is hereby approved and the President and the Secretary of the Board of Education are hereby authorized and directed, for and on behalf of the Board of Education of the City of Chicago, to sign and execute and enter into the same, to date said lease as of the date of signing and to cause the corporate seal of the Board of Education of the City of Chicago to be affixed thereto.

Section 2. That the President and Secretary of the Board of Education of the City of Chicago and all other officers of the Board of Education of the City of Chicago be and they are hereby authorized and directed to do such other things and to execute such additional certificates and instruments deemed by them to be necessary or appropriate to consummate said lease.

Section 3. That for the purpose of providing for the payment of the rent provided for in said lease as the rent payments severally become due, there shall be levied by the City Council of the City of Chicago and there shall be collected a direct annual tax upon all taxable property within the City of Chicago, being the School District named Board of Education of the City of Chicago, sufficient therefor and in particular, but not in limitation of the foregoing, sufficient to produce the following sums for the following years:

Year of Levy	*Amount*
1974	$4,073,826
1975	4,073,826
1976	4,073,826

1990	4,073,826
1991	4,073,826
1992	4,073,826

and, as required by statute, the City Council of the City of Chicago is requested to consent by Ordinance to the payment of said rent, and demand is hereby made upon the City Council of the City of Chicago and said City Council is hereby directed by Ordinance to levy and provide for the collection of a direct annual tax upon all taxable property within the City of Chicago, being the School District named Board of Education of the City of Chicago, sufficient to produce the sums hereinabove set out.

After the adoption of this Resolution and such Ordinance consenting to the payment of said rent and levy and collection of said taxes, the City Clerk of the City of Chicago is hereby directed to file a copy of said Ordinance which includes a copy of this Resolution, duly certified by said City Clerk and having attached thereto a certified copy of the fully executed Lease authorized to be entered into by the provisions of this Resolution, in the office of the County Clerk of Cook County, Illinois, and in the office of the County Clerk of DuPage County, Illinois, whereupon it shall be the duty of such Clerks to extend the taxes in this Resolution and said Ordinance provided for, which said taxes shall be such as will produce the net amount of not less than the amount provided for in and by this Resolution and said Ordinance and of the annual rentals provided for in such Lease, and it shall be the duty of said respective County Clerks annually to extend such tax against all the taxable property contained in this School District designated as the Board of Education of the City of Chicago, being a School District in the City of Chicago as herein provided, and sufficient to pay the annual rentals under such Lease and such tax shall be levied and collected in like manner as other taxes of said City of Chicago, and shall be in addition to all other taxes now or hereafter authorized to be levied by this School District designated as the Board of Education of the City of Chicago, being a School District within the City of Chicago, and shall not be included within any statutory limitation of rate or amount, but shall be excluded therefrom and be in addition thereto and in excess thereof.

Section 4. After the adoption of this Resolution, a copy thereof duly certified by the Secretary of the Board of Education of the City of Chicago shall be filed with the City Clerk of the City of Chicago with directions for presenting same to the City Council of the City of Chicago for consideration. After the City Council of the City of Chicago adopts an Ordinance consenting to the payment of said rent and providing for the levy and collection of said taxes as aforesaid for the payment thereof, a copy of such Ordinance and of the proceedings incident to its adoption, duly certified by the City Clerk of the City of Chicago shall be filed with the Secretary of the Board of Education of the City of Chicago and entered upon the official records thereof.

Section 5. Proceeds of the taxes hereby provided to be levied for the payment of the rent shall be deposited in a rent fund account and designated as "BE-20, BE-20A Rent Fund" and shall be faithfully applied to the payment of said rent.

Section 6. This Resolution shall take effect and be in force from and after its passage.

and

WHEREAS, In and by Section 18 of said Public Building Commission Act the governing body of each municipal corporation having taxing powers entering into a Lease with the Public Building Commission of Chicago, is required to provide by Ordinance for the levy and collection of a direct annual tax sufficient to pay the annual rentals under such Lease as and when they become due and payable;

and

WHEREAS, The Board of Education of the City of Chicago, under authority of Section 34-55 of the School Code, duly adopted a resolution ordering, directing and demanding the City Council of the City of Chicago to enact an Ordinance for the levy and collection of a direct annual tax sufficient to pay the annual rentals under said Lease; now, therefore,

Be it Ordained by the City Council of the City of Chicago:

SECTION 1. That for the purpose of paying the annual rentals due and payable by the Board of Education of the City of Chicago under that certain Lease authorized to be entered into by and between the Board of Education of the City of Chicago and the Public Building Commission of Chicago, Cook County, Illinois (a certified copy of which Lease is hereto attached and marked Exhibit "A" and made a part hereof by reference), by the Resolu-

tion hereinabove set forth, adopted by said Board of Education of the City of Chicago on December 4, 1974, there be and there is hereby levied a direct annual tax upon all the taxable property in the City of Chicago for the purpose of paying such annual rentals provided for by said Lease, and for that purpose there be and there is hereby levied a direct annual tax for each of the years as follows:

Year	*Amount*
1974	$4,073,826
1975	4,073,826

SECTION 2. That the City Clerk of the City of Chicago be and is hereby ordered and directed to file a certified copy of this Ordinance, having attached a certified copy of the Lease referred to in this Ordinance, together with a fully certified copy of the executed Lease as entered into, with the County Clerks of the County of Cook and the County of DuPage, Illinois, which certified copies so filed shall constitute the authority for said respective County Clerks and it shall be the duty of said respective County Clerks to extend the tax annually as provided for in and by this ordinance to pay the annual rentals under such Lease as and when the same become due and payable, and the respective County Clerks shall ascertain the rate per cent upon all the taxable property subject to taxation within the City of Chicago, Illinois, for each of said years 1974 to 1992, inclusive, as that property is assessed or equalized for state and county taxes which will produce the net amount of not less than the amount for in and by this Ordinance and of the annual rentals provided for in such Lease hereto attached, and it shall be the duty of said respective County Clerks annually to extend such tax against all the taxable property contained in the City of Chicago as herein provided, and sufficient to pay the annual rentals under such Lease hereto attached and such tax shall be collected in like manner as other taxes levied by the City Council of the City of Chicago for and on behalf of the Board of Education of the City of Chicago, and shall be in addition to all other taxes now or hereafter authorized to be levied by the City Council of the City of Chicago for and on behalf of the Board of Education of the City of Chicago and shall not be included within any statutory limitation of rate or amount applicable to taxes to be levied by the City Council of the City of Chicago for and on behalf of the Board of Education of the City of Chicago, but shall be excluded therefrom and be in addition thereto and in excess thereof.

SECTION 3. That this ordinance shall be in full force and effect immediately upon its passage as required by law.

Filing of Grant Application Authorized for Funds for Continuance of Program Entitled "51st and State Street Medical, Shopping Center Pilot Security Project".

The Committee on Finance submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith (referred to the committee on November 15, 1974):

WHEREAS, The Federal Omnibus Crime Control and Safe Streets Act of 1968 authorizes the Law Enforcement Assistance Administration of the United States Department of Justice to make federal funds available to municipalities for the purpose of developing programs and acquiring equipment necessary to facilitate the expanded role of law enforcement in our nation's cities; and

WHEREAS, The Illinois Law Enforcement Commission is the federally designated vehicle for the disbursement to municipalities of the above described federal funding; and

WHEREAS, The Committee for Economic and Cultural Development of Chicago is desirous of submitting an application for such federal funds through the Illinois Law Enforcement Commission for a federal-state grant entitled "51st and State Street Medical/Shopping Center Pilot Security Project". Said grant to be in the amount of $86,987; and

WHEREAS, Said application for the grant will require a local contribution amounting to approximately $4,578; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Mayor of the City of Chicago is hereby authorized to file an application with the Illinois Law Enforcement Commission for the purpose of enabling the Committee for Economic and Cultural Development of Chicago to continue the "51st and State Street Medical/Shopping Center Pilot Security Project", said application to provide for a total federal-state grant amounting to $86,987.

SECTION 2. That the Mayor of the City of Chicago is authorized in the making of said application to commit a local contribution for the aforesaid program amounting to $4,578.

SECTION 3. That the Mayor and the Committee for Economic and Cultural Development of Chicago are authorized to supply assurances, data and any other supportive information necessary and required by the Illinois Law Enforcement Commission or the United States Department of Justice to assist them in the consideration of the said Grant application.

SECTION 4. That the Mayor as the applicant in the aforesaid application, is hereby authorized to accept in and for the City of Chicago and the Committee for Economic and Cultural Development of Chicago any Grant which the Illinois Law Enforcement Commission may authorize pursuant to said application.

SECTION 5. This ordinance shall become effective immediately upon its passage.

Ordinance Amended Authorizing Lease with Fred Harvey, Inc. for Restaurant Facilities at Chicago Midway Airport.

The Committee on Finance submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Mayor is authorized to execute and the City Clerk to attest, subject to approval of the City Comptroller and the Commissioner of Aviation and approval as to form and legality of the Corporation Counsel, an amendment to an agreement, authorized by ordinance passed by the City Council on June 19, 1968 (C.J.P. pp. 2990-2998), with Fred Harvey, Inc., at Chicago Midway Airport, said amendment to be in the following form:

First Amendment to Agreement between City of Chicago and Fred Harvey, Inc.

This Agreement made and entered into, this 1st day of January, A.D., 1975 by and between the City of Chicago, a municipal corporation of the State of Illinois, hereinafter referred to as "Lessor" and Fred Harvey, Inc., hereinafter referred to as "Lessee".

WITNESSETH:

Whereas, Lessor and Lessee have heretofore entered into an agreement under date of July 15, 1968, authorized by City Council June 19, 1968 (C.J.P. pp. 2990-2998), hereinafter referred to as "said agreement", in and by which Lessor, among other provisions granted to Lessee, certain privileges or premises to be occupied and used for the purposes therein stated, located at Chicago Midway Airport in the City of Chicago, Counties of Cook and DuPage, and State of Illinois;

Now, Therefore, Lessor, in consideration of the provisions and conditions set forth in said agreement, does hereby amend said agreement, and Lessee hereby accepts said privileges or premises therein set forth and upon the terms, conditions and provisions set forth and stated therein (to which reference is hereby made, and which the parties agree will be incorporated, and shall be considered to be incorporated herein, by this reference thereto) except in so far and only in so far as said privileges, premises, terms, conditions and provisions are modified, changed, or amended by the further provisions of this agreement.

It is hereby further agreed that the sole modifications of, changes in, and amendments to, said agreement, which are hereby made therein, and which shall be applicable to all renewals and extensions as may be made and provided for therein, are as follows:

That portion of Section (a), entitled *Minimum Rent,* under Article 5, *Rent,* appearing on page 3 of said agreement and reading as follows:

"(a) ..... During any renewal term the Minimum Rent per year shall be equal to eighty per cent (80%) of the average of the last two (2) years of the initial term or during the last two (2) years of the preceding renewal term, as the case may be ....."

shall be and the same is hereby modified, changed and amended to read as follows:

(a) ..... During the initial renewal term of this Agreement, commencing January 1, 1975, the Minimum Rent per year shall be $8,400.00. During any subsequent renewal term the Minimum Rent shall be equal to 80% of the average yearly rental paid during the last two (2) years of the preceding renewal term .....

It is, therefore, agreed that except solely as hereinabove modified, changed and amended, the privileges, premises, terms, conditions and provisions of said agreement shall apply to, and shall govern, this amendment of said agreement and any and all further renewals or extensions thereof for any subsequent period which may be affected or made under and in accordance therewith.

Execution of this amendment authorized by ordinance of the City Council of the City of Chicago passed on the ..... day of ....., 1974, (C.J.P. pp. .....).

In Witness Whereof, the parties hereto have caused this instrument to be executed under their respective seals on the day and year first above written.

[Signature forms omitted]

SECTION 2. This ordinance shall be in force and effect from and after its passage.

On motion of Alderman Bilandic the foregoing proposed ordinance was *Passed,* by yeas and nays as follows:

Execution of Consent to Sublease Agreement Authorized between Northwest Airlines, Inc. and Esmark, Inc. for Hangar Space at Chicago Midway Airport.

The Committee on Finance submitted a report recommending that the City Council pass a proposed ordinance transmitted therewith, to authorize the execution of a consent to a sublease agreement between Northwest Airlines, Inc. and Esmark, Inc. for hangar space at Chicago Midway Airport.

On motion of Alderman Bilandic the said proposed ordinance was *Passed,* by yeas and nays as follows:

Yeas—Aldermen Roti, Barnett, Kenner, Despres, Sawyer, Cousins, Adduci, Vrdolyak, Bilandic, Madrzyk, Burke, Lawlor, Shannon, Hines, Fitzpatrick, Kelley, Stewart, Stemberk, Rhodes, Marzullo, Zydlo, Ray, Washington, Cross, Filippini, Gabinski, Frost, Laskowski, Aiello, Casey, Cullerton, Laurino, Pucinski, Natarus, Singer, Simpson, Cohen, Hoellen, Hedlund, Stone—40.

Nays—None.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Commissioner of Aviation and the City Comptroller, subject to the approval of the Corporation Counsel as to form and legality, are authorized to execute a Consent to the attached sublease agreement between Northwest Airlines, Inc., and Esmark, Inc., for the sublease of certain premises at Chicago Midway Airport.

This Sublease made as of May 24, 1974, by and between Northwest Airlines, Inc. (hereinafter referred to as "Northwest") and Esmark, Inc. (hereinafter referred to as "Esmark"),

WITNESSETH:

Whereas, under date of May 14, 1969, the City of Chicago (hereinafter referred to as the "City"), entered into an Agreement (hereinafter referred to as the "Agreement"), with Northwest for the lease from the City to Northwest of certain premises at Chicago Midway Airport, and more specifically described therein; and

Whereas, Northwest and Esmark now desire to enter into a sublease of a portion of said premises;

Now, Therefore, in consideration of the premises and mutual covenants and agreements herein contained, the parties hereto mutually agree as follows:

1. Subject to obtaining approval of this Sublease from the City Council of the City of Chicago, Northwest hereby leases to Esmark certain space as shown on the attached exhibit for use and occupancy by Esmark including any 15,000 sq. ft. of space in the 36,000 sq. foot hanger shown thereon, to be used for aircraft storage and office space; and in addition to the aforesaid space. Esmark is hereby granted the right to use jointly with Northwest the restrooms near the leased premises.

2. The terms of this Sublease, unless sooner terminated as herein provided, shall be for a period commencing as of date of possession and terminating on May 31, 1976.

3. As rental for said space and uses, Esmark agrees to pay to Northwest during the term hereof the sum of $4,000.00 each month payable in advance. This rental includes normal lighting, heating and water. In the event that this Sublease commences on a day other than the first day of the month, the rental shall be determined according to the following formula: the ratio of the number of days of occupancy in the month over the number of days in the month times $4,000.00.

4. With the exception of Section 4.05 of the Agreement aforementioned, this Sublease shall be subject to, and said use and occupancy shall be in compliance with, all covenants, conditions and obligations imposed by the Agreement aforementioned, as heretofore or hereafter amended, and all rules and regulations promulgated pursuant thereto.

5. Esmark hereby agrees to indemnify and hold the City and Northwest harmless from and against any and all liabilities, judgments, costs, damages and expenses which may accrue against, be charged to, or recovered from the City or Northwest by reason or on account of damages to the property of the City or Northwest, or the property of, injury to, or death of any person arising from Esmark's use and occupancy of said space including acts of its agents, contractors and subcontractors except when caused by the sole negligence of Northwest, its agents, contractors and subcontractors.

6. Esmark shall procure (and maintain in effect throughout the term of lease) in any reasonable limits of coverage that may be requested by Northwest or the City, Comprehensive, Public Liability Insurance and, upon notice from Northwest or the City, any other type of insurance that may from time to time be reasonable and usual as related to the use and occupancy of the leased premises, which policies shall be with an insurer or insurers satisfactory to Northwest and the City, and naming, where appropriate, Northwest as an additional assured thereunder. Said policies shall also contain provisions requiring insurers to give Northwest ten (10) days' written notice prior to cancellation thereof or prior to any material change. Certificates evidencing issuance of said policies shall be furnished to Northwest prior to assuming possession of premises and renewal certificates shall be furnished at least fifteen (15) days prior to expiration date of policy being renewed.

7. Northwest reserves to itself and the City the right to enter the premises, temporarily discontinue utilities or services, and temporarily interrupt or interfere with access to the premises for the purpose of inspection, remedying any defaults, or for the purpose of making repairs, replacements, alterations, or improvements in or about the premises or any other area on the Airport, when desirable in the opinion of Northwest or the City. Northwest also reserves the right to itself and City to retain, install and maintain lines, wires, piping, valves, meters, ducts and antenna, as may be necessary or desirable to Northwest and/or the City. It is understood and agreed that Northwest and the City shall attempt to exercise the rights reserved to itself and the City by this paragraph so as to avoid unreasonable interference with the regular business activities of Esmark on the premises to the extent practicable.

8. Esmark shall keep and maintain the exclusively leased space in good condition and repair,

and, unless otherwise agreed upon, shall obtain at its sole cost and expense usual janitorial services to maintain said space in a clean, neat, orderly and presentable condition.

9. Esmark takes the premises "as is" and agrees that no alterations or improvements are herein to be required of Northwest. Esmark may, however, at its sole cost and expense make alterations or improvements to the premises subject to the prior written consent of Northwest and the Commissioner of Aviation of the City of Chicago.

10. Esmark shall not assign or sublease the premises or permit same to be used by others without the prior written approval of the City Council of the City of Chicago and Northwest.

11. Notices and communications as required hereunder shall be deemed sufficient if sent by certified or registered mail addressed to:

Northwest Airlines, Inc.
Minneapolis-St. Paul International Airport
St. Paul, Minneapolis 55111

Attention: Vice President-Properties

or to

Esmark, Inc.
55 East Monroe
Chicago, Illinois 60603

Attention: R. T. Briggs, Financial Vice President

or to

Commissioner of Aviation
City of Chicago
Room 1111, City Hall
Chicago, Illinois 60602

or to such other addresses as the parties may designate from time to time.

12. This Sublease shall be terminated prior to expiration under any of the following circumstances:

(a) At the option of either party upon One Hundred Twenty (120) days written notice to the other, after June 1, 1975.

(b) Immediately upon refusal of the City Council of the City of Chicago to authorize approval of this Sublease.

(c) Immediately upon the termination of the Agreement between Northwest and the City as to the premises leased herein pursuant to Article II of the Agreement between Northwest and the City dated the 14th of May, 1969.

(d) If the premises are rendered untenantable by casualty or other means and Northwest and/or City does not intend to repair or rebuild.

In the event of termination, or expiration as herein provided, Esmark agrees to surrender the premises in good order and condition, reasonable wear and tear excepted. In the event of termination as aforestated, rent shall be due and prorated to date of termination and upon surrender in accordance herewith, neither party shall be further liable to the other.

13. Esmark agrees that in performing under this Agreement it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color, religion, age, sex, or national origin, nor otherwise commit an unfair employment practice. Esmark will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, creed, color, religion, age, sex, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Esmark agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this non-discrimination clause. Esmark further agrees that this clause will be incorporated in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this Agreement.

Attention is called to Executive Order 11246 issued September 24, 1965, 3 CFR, 1964-65 Compilation, p. 339, as modified by Executive Order 11375 issued October 13, 1967, 3 CFR, 1967 Compilation, p. 320; the Civil Rights Act of 1964, Pub. L. 88-352, July 2, 1964, 78 Stat. 241 et sub.; to the State Acts approved July 28, 1961, Ill. Rev. Stat. 1971, Ch. 38, Secs. 13-1 to 13-4 inclusive; July 8, 1933, Ill. Rev. Stat. 1971, Ch. 29, Secs. 17 to 24 inclusive; July 21, 1961, Ill. Rev. Stat. 1971, Ch. 48, Secs. 851 to 866 inclusive, and July 26, 1967, Ill. Rev. Stat. 1971, Ch. 48, Secs. 881 to 887; an ordinance passed by the City Council of the City of Chicago, August 21, 1945, page 3877 of the Journal of Proceedings (Mun. Code of the City of Chicago, Ch. 198.7A); and the provisions of 41 CFR Chapter 60, and Part 21, Regulations of the Office of the Secretary of Transportation.

To demonstrate compliance Esmark and its contractors and subcontractors will furnish such reports and information as requested by the Chicago Commission on Human Relations.

14. Esmark shall not erect or display any signs in or about the premises without the prior approval of Northwest and the City of Chicago and said approval of Northwest, when obtained, shall create only a license revocable at will of Northwest. Esmark agrees not to display or use in identification or advertising the words "Northwest Airlines" or other words that could imply a business association with Northwest.

15. This Agreement shall be deemed to have been made in and shall be construed in accordance with the laws of the State of Minnesota.

In Witness Whereof, the parties hereto have executed this sublease agreement as of the date first written above.

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Commissioner of Aviation and the City Comptroller, subject to the approval of the Corporation Counsel as to form and legality, are authorized to execute a Consent to the attached sublease agreement between Northwest Airlines, Inc., and Southern Airways, Inc., for the sublease of certain premises at Chicago Midway Airport.

This Sublease made as of May 1, 1973, by and between Northwest Airlines, Inc. (hereinafter referred to as "Northwest") and Southern Airways, Inc. (hereinafter referred to as "Southern"),

WITNESSETH:

Whereas, under date of October 16, 1967, the City of Chicago (hereinafter referred to as the "City") entered into an Agreement (hereinafter referred to as the "Agreement") with Northwest for the lease from the City to Northwest of certain premises at Chicago Midway Airport, and more specifically described therein; and

Whereas, Northwest and Southern now desire to enter into a sublease of a portion of said premises;

Now, Therefore, in consideration of the premises and mutual covenants and agreements herein contained, the parties hereto mutually agree as follows:

1. Subject to obtaining approval of this Sublease from the City Council of the City of Chicago, Northwest hereby leases to Southern certain space as shown on the attached exhibits for use and occupancy by Southern, solely for operations offices and purposes incidental thereto; and in addition to the aforesaid space, Southern is hereby granted the right of exclusive use of Gate C-1, and the right to use jointly with Northwest and restrooms near the leased premises and pedestrian access to the premises, if required, through adjoining public or common space, in common with others, and to the extent that Northwest has said rights under the Agreement, as well as right of pedestrian access to the premises, only if necessary, through adjoining areas exclusively leased by Northwest, subject to reasonable rules and restrictions to be imposed by Northwest.

2. The term of this Sublease, unless sooner terminated as herein provided, shall be for a period commencing on May 1, 1973, and terminating on April 30, 1976.

3. As rental for said space and uses, Southern agrees to pay Northwest during the term hereof the sum of $4,285.10 for space rental, plus $1,666.67 for gate rental, monthly in advance, as shown on attached Exhibit 3.

4. Northwest shall not be obligated to supply any utilities or services to Southern except as they may be presently provided to the premises through existing systems and facilities, and any sums paid by Northwest for said utilities and services or for the maintenance and operation of the systems and facilities shall be reimbursed by Southern, said reimbursement sum to be prorated to the premises leased herein, computed on the ratio which the total area leased by Southern (7,911 sq. ft.) bears to the total area leased by Northwest (20,421 sq. ft.), Southern's share being 38.7%.

5. This Sublease shall be subject to, and said use and occupancy shall be in compliance with, all covenants, conditions and obligations imposed by the Agreement aforementioned, as heretofore or hereinafter amended, and all rules and regulations promulgated pursuant thereto.

6. Southern hereby agrees to indemnify and hold the City and Northwest harmless from and against any and all liabilities, judgments, costs, damages and expenses which may accrue against, be charged to, or recovered from the City or Northwest by reason or on account of damage to the property of the City or Northwest, or the property of, injury to, or death of any person arising from Southern's use and occupancy of said space including acts of its agents, contractors and subcontractors except when caused by the sole negligence of Northwest, its agents, contractors and subcontractors. Southern further agrees to furnish the City and Northwest with evidence of insurance of the type and in the amounts as may be requested by the City and Northwest.

7. Southern shall procure (and maintain in effect throughout the term of lease) in any reasonable limits of coverage that may be requested by Northwest or the City, Comprehensive Public Liability Insurance and, upon notice from Northwest or the City, any other type of insurance that may from time to time be reasonable and usual as related to the use and occupancy of the leased premises, which policies shall be with an insurer or insurers satisfactory to Northwest and the City, and naming, where appropriate, Northwest as an additional assured thereunder. All such insurance policies shall be endorsed to waive its insurance company's rights of subrogation. Said policies shall also contain provisions requiring insurers to give Northwest ten (10) days' written notice prior to cancellation thereof or prior to any material change. Certificates evidencing issuance of said policies and the inclusion of the waiver of subrogation therein shall be furnished to Northwest prior to assuming possession of premises and renewal certificates shall be furnished at least fifteen (15) days prior to expiration date of policy being renewed.

8. Northwest reserves to itself and the City the right to enter the premises, temporarily discontinue utilities or services, and temporarily interrupt or interfere with access to the premises for the pur-

pose of inspection, remedying any defaults, or for the purpose of making repairs, replacements, alterations, or improvements in or about the premises or any other areas on the Airport, when desirable in the opinion of Northwest or the City. Neither the City nor Northwest shall in any way be liable for any interruptions or interferences as aforesaid. Northwest also reserves the right to itself and City to retain, install and maintain lines, wires, piping, valves, meters, ducts and antenna, as may be necessary or desirable to Northwest and/or the City.

9. Southern shall keep and maintain the exclusively leased space in good condition and repair, and, unless otherwise agreed upon, shall obtain at its sole cost and expense usual janitorial services to maintain said space in a clean, neat, orderly and presentable condition.

10. Southern takes the premises "as is" and agrees that no alterations or improvements are herein to be required of Northwest. Southern may, however, at its sole cost and expense make alterations or improvements to the premises subject to the prior written consent of Northwest and the Commissioner of Aviation of the City of Chicago.

11. Southern shall not assign or sublease the premises or permit same to be used by others without the prior written approval of the City Council of the City of Chicago and Northwest.

12. Notices and communications as required hereunder shall be deemed sufficient if sent by certified or registered mail addressed to

Northwest Airlines, Inc.
Minneapolis-St. Paul International Airport
St. Paul, Minnesota 55111

Attention: Vice President—Properties

or to

Commissioner of Aviation
Room 1111, City Hall
Chicago, Illinois 60602

or to such other addresses as the parties may designate from time to time.

13. This sublease shall be terminated prior to expiration under any of the following circumstances:

a) Immediately upon refusal of the City Council of the City of Chicago to authorize approval of this Sublease.

b) Immediately upon the termination of the Agreement between Northwest and the City as to the premises leased herein for any reason whatsoever, notwithstanding the fact that the said Agreement may continue as to other premises or uses.

c) If the premises are rendered untenantable by casualty or other means and Northwest and/or the City does not intend to repair or rebuild.

In the event of termination, or expiration, as herein provided, Southern agrees to surrender the premises in good order and condition, reasonable wear and tear excepted, and at Northwest's option restore the premises as nearly as possible to its original condition and layout. In the event of termination as aforestated, rent shall be due and prorated to date of termination and upon surrender in accordance herewith, neither party shall be further liable to the other.

14. Southern agrees that in performing under this agreement it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color, religion, age, sex, or national origin, nor otherwise commit an unfair employment practice. Southern will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, creed, color, religion, age, sex, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Southern agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause. Southern further agrees that this clause will be incorporated in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this agreement.

Attention is called to Executive Order 11246 issued September 24, 1965, 3 CFR, 1964-65 Compilation, p. 339, as modified by Executive Order 11375 issued October 13, 1967, 3 CFR, 1967 Compilation, p. 320; The Civil Rights Act of 1964, Pub. L. 88-352, July 2, 1964, 78 Stat. 241 et sub.; to the State Acts approved July 28, 1961, Ill. Rev. Stat. 1971, Ch. 38, Secs. 13-1 to 13-4 inclusive; July 8, 1933, Ill. Rev. Stat. 1971, Ch. 29, Secs. 17 to 24 inclusive; July 21, 1961, Ill. Rev. Stat. 1971, Ch. 48, Secs. 851 to 866 inclusive, and July 26, 1967, Ill. Rev. Stat. 1971, Ch. 48, Secs. 881 to 887: an ordinance passed by the City Council of the City of Chicago, August 21, 1945, page 3877 of the Journal of Proceedings (Mun. Code of the City of Chicago, Ch. 198.7A); and the provisions of 41 CFR Chapter 60, and Part 21, Regulations of the Office of the Secretary of Transportation.

To demonstrate compliance, Southern and its contractors and subcontractors will furnish such reports and information as requested by the Chicago Commission on Human Relations.

15. Southern shall not erect or display any signs in or about the premises without the prior approval of Northwest and the City of Chicago and said approval of Northwest, when obtained, shall create only a license revocable at will of Northwest. Southern agrees not to display or use in identification or advertising the words "Northwest Airlines" or other words that could imply a business association with Northwest.

16. This agreement shall be deemed to have been made in and shall be construed in accordance with the laws of the State of Minnesota.

In Witness Whereof, the parties hereto have executed this sublease agreement as of the date first written above.

CONSENT TO SUBLEASE

The undersigned hereby consent to the foregoing Sublease Agreement as authorized by ordinance of the City Council of the City of Chicago passed on ..... (C.J.P. p. .....).

[Signature forms and Exhibits omitted]

SECTION 2. This ordinance shall be in force and effect from and after its passage.

Execution of Consent to Sublease Agreement Authorized between Northwest Airlines, Inc. and Piedmont Aviation, Inc. for Hangar Space at Chicago Midway Airport.

The Committee on Finance submitted a report recommending that the City Council pass a proposed ordinance transmitted therewith, to authorize the execution of a consent to a sublease agreement between Northwest Airlines, Inc. and Piedmont Aviation, Inc.

On motion of Alderman Bilandic the said proposed ordinance was *Passed,* by yeas and nays as follows:

Yeas—Aldermen Roti, Barnett, Kenner, Despres, Sawyer, Cousins, Adduci, Vrdolyak, Bilandic, Madrzyk, Burke, Lawlor, Shannon, Hines, Fitzpatrick, Kelley, Stewart, Stemberk, Rhodes, Marzullo, Zydlo, Ray, Washington, Cross, Filippini, Gabinski, Frost, Laskowski, Aiello, Casey, Cullerton, Laurino, Pucinski, Natarus, Singer, Simpson, Cohen, Hoellen, Hedlund, Stone—40.

Nays—None.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Commissioner of Aviation and the City Comptroller, subject to the approval of the Corporation Counsel as to form and legality, are authorized to execute a Consent to the attached Sublease Agreement between Northwest Airlines, Inc., and Piedmont Aviation, Inc., for the sublease of certain premises at Chicago Midway Airport.

Parties: This Lease, made this 31st day of December, 1970, by and between Northwest Airlines, Inc., Lessor, a Minnesota corporation, and Piedmont Aviation, Inc., Tenant, a North Carolina corporation;

WITNESSETH, THAT:

Premises: Lessor does hereby lease to Tenant, and Tenant does hereby take from Lessor, the Leased Premises, comprising 1260 square feet of net rentable area as shown in the attached drawing appended hereto and made a part hereof, located in Northwest Airlines' leased hangar, hereinafter called the "Building", at Midway Airport, Chicago, Illinois.

Term: The Lease Term shall commence on the 1st day of January, 1971, and shall continue thereafter to and including the 31st day of December, 1971, unless earlier terminated as hereinafter provided, and year to year thereafter, subject to cancellation by either party at any time after 12/31/71 on ninety days written notice.

Base Rent: Tenant shall pay to Lessor during the Lease Term a monthly base rent of Three Hundred Ninety-three and 75/100 Dollars ($393.75).

Operating Costs Adjustment: The monthly base rent is predicated, in part, upon estimated operating costs (per square foot operating costs) of $3.75 (base cost) per calendar year per square foot of net rentable office area within the Building. Prior to the commencement of the Lease Term and prior to the first day of each calendar year thereafter, Lessor shall furnish Tenant with an estimate of the per square foot operating costs for the ensuing calendar year, and the base rent payable each month in such calendar year shall be increased or decreased by 1/12th of the product of that number of square feet of net rentable area in the Leased Premises multiplied by the difference, if any, between such estimate and the base cost. After the expiration of each calendar year, Lessor shall furnish Tenant with a statement of the actual square foot operating costs for the preceding calendar year, and if the actual per square foot operating costs for such preceding calendar year are more or less than the estimate, a proper adjustment shall be made.

Operating Costs Computations: For the purpose of this lease, (i) operating costs shall be deemed to mean accrued real estate taxes and annual installments of special assessments levied against the Building, appurtenances to the Building and the land underlying the same and all other costs which, for federal tax purposes, may be expensed rather than capitalized and which the Lessor will incur in owning, maintaining and operating the Building, appurtenances to the Building and the land underlying the same, exclusive of interest and depreciation; (ii) per square foot operating costs shall be determined by dividing the operating costs by the total number of square feet of net rentable office area in the Building.

Lessor shall, in its reasonable discretion, determine, from time to time, the method of computing operating costs, the allocation of operating costs to various types of space within the Building and the extent of the appurtenances to the Building, and Tenant shall be bound thereby. If the entire Building and all appurtenances thereto are not complete and ready for occupancy on January 1 preceding the commencement of the Lease Term and/or on January 1 of any calendar year following the commencement of the Lease Term, the per square foot operating costs for the ensuing calendar year shall, for the purpose of this lease, be that amount which the Lessor, in its reasonable judgment, estimates would have been the per square foot operating costs for such calendar year had the Building and all appurtenances been complete and ready for occupancy.

Leases in Excess of Five Years: If the Lease Term is longer than five Lease Years, the monthly base rent shall be adjusted, effective at the commencement of the first Lease Year following each Lease Year which is divisable by 5. A Lease Year shall be deemed to be a twelve-month period beginning with the commencement of the Lease Term or any anniversary thereof and a Lease Year divisible by 5 shall be deemed to be the 5th, 10th, 15th, etc. Lease Years. The monthly base rent for the five Lease Years (or lesser period if less than five Lease Years remain in the Lease Term) following the effective date of adjustment shall be the greater of the following: (i) the monthly base rent payable by Tenant to Lessor under this lease during the month immediately preceding the effective date of adjustment; or (ii) the monthly fair rental value of the Leased Premises as of the month immediately preceding the effective date of adjustment, as such fair rental value is determined by Lessor. The monthly base rent for such succeeding five Lease Years (or lesser period if less than five Lease Years remain in the Lease Term) shall continue to be subject to adjustments for operating costs as hereinabove provided but with the base cost being the per square foot operating costs during the Lease Year immediately preceding the effective date of adjustment.

Excise Tax: Tenant shall pay, as additional rent, to Lessor, together with each installment of monthly base rent, the amount of any gross receipts tax, sales tax or similar tax, (but excluding therefrom any income tax) payable, or which will be payable, by Lessor, by reason of the receipt of the monthly base rent or additional rent.

Rent Payment: The monthly base rent together with any additional rent payable hereunder shall be paid before the tenth day of each month during the Lease Term in lawful money of the United States to Lessor at the office of the Lessor at Minneapolis-St. Paul International Airport, St. Paul, Minnesota, 55111, or at such other place or places and to such other party or parties as Lessor may hereafter designate.

A. Tenant hereby agrees as follows:

Use: 1. Tenant shall use the Leased Premises for the purpose of conducting an airline air freight operation and for no other purpose whatsoever. Tenant shall not overload, damage or deface the Leased Premises or do any act which may make void or voidable any insurance on the Leased Premises or the Building or which may render an increased or extra premium payable for insurance.

Acceptance of Premises: 2. Taking of possession of the Leased Premises by Tenant shall be conclusive evidence the Leased Premises were, on that date, in good, clean and tenantable condition and as represented by Lessor.

Assignment and Subletting: 3. Tenant shall not have the right to assign this lease or sublet all or any part of the Leased Premises without the written consent of the Lessor, which consent shall not be unreasonably withheld, provided: (i) the Lessor shall not be required to consent to an assignment or to a sublease to any tenant of any building owned or managed by Lessor or whose occupancy would be inconsistent with the character of the Building, (ii) such assignment or sublease shall not relieve Tenant of any of its obligations under this lease; (iii) any profit received from such assignment or sublease shall promptly, upon receipt thereof, be paid by the Tenant to the Lessor; and (iv) such assignment or sublease shall not violate rules from time to time adopted by the Lessor for general application throughout the Building.

Signs: 4. Tenant shall permit no signs to be placed on the Leased Premises, but shall have the right to letter the entrance to the Leased Premises, provided the size, style, text and color are first approved in writing by Lessor. Any sign or lettering not so approved may be removed by Lessor at Tenant's expense.

Rubbish and Debris: 5. No rubbish, dirt, overshoes or mats shall be put in the public areas in the Building by Tenant.

Rules and Regulations: 6. Tenant shall use the Leased Premises and the public areas in the Building in accordance with such rules and regulations as may from time to time be made by the Lessor for the general safety, comfort and convenience of the owners, occupants and tenants of the Building, and shall cause Tenant's customers, employees and invitees to abide by such rules and regulations.

Waste: 7. Tenant shall conserve heat, air conditioning, water and electricity and shall use due care in the use of the Leased Premises and of the public areas in the Building, and without qualifying the foregoing, shall not neglect or misuse water fixtures, electric lights and heating and air conditioning apparatus.

Lessor's Right to Enter Premises: 8. Lessor and City or its authorized agents or attorney, may at any reasonable time enter the Leased Premises to inspect, make repairs, improvements and/or changes in the Leased Premises or other premises in the Building or adjacent premises as Lessor may deem proper; and there shall be no diminution of rent, or liability on the part of Lessor, by reason of inconvenience, annoyance, or injury to business.

Indemnity: 9. Neither Lessor nor the City of Chicago shall be liable to Tenant, or those claiming through or under Tenant, for injury, death or property damage occuring in, on or about the Building and appurtenances thereto, and Tenant shall indemnify Lessor and the City of Chicago and hold them harmless from any claim or damage arising out of any injury, death or property damage occuring in, on or about the Leased Premises.

Waiver of Subrogation: 10. Notwithstanding anything in this lease to the contrary, if the Building is damaged or destroyed by fire or an extended coverage risk, the Tenant, its agents, employees, representatives and invities are hereby released from any liability by reason thereof to the extent of insurance proceeds realized by the Lessor as a result of such damage or destruction.

Light and Air: 11. Tenant has no right to light or air over any premises adjoining the Building.

Alterations: 12. Tenant will not make any alterations of or addition to the Leased Premises without the written approval of Lessor, and all alterations, additions or improvements which may be made by either of the parties hereto upon the Leased Premises, except movable office furnishings, shall be the property of Lessor, and shall remain upon and be surrendered with the Leased Premises as a part thereof, at the termination of this lease or any extension thereof. Tenant will not permit any mechanics', laborers' or materialmen's liens to stand against the Leased Premises or the Building for any labor or material furnished to, or for the account of Tenant, or claimed to have been so furnished in connection with any work performed or claimed to have been performed in, on or about the Leased Premises.

Lease to be Subordinate: 13. Lessor may cause this lease to be made subject and subordinate to all ground or underlying leases, mortgages and restrictions which may now or hereafter affect the Building, and to all renewals and extensions thereof. For confirmation of such subordination, Tenant shall execute promptly any subordination agreement requested by Lessor. Tenant hereby irrevocably constitutes and appoints Lessor as Tenant's agent to execute any such subordination agreement or agreements for and on behalf of Tenant. It is expressly understood and agreed that this Lease is subservient to that certain Lease between the City of Chicago and Northwest Airlines, Inc., dated May 14, 1969, as may be amended from time to time

(hereinafter the Basic Lease) and whenever there is a conflict in the terms of this Lease and the Basic Lease, the terms of the Basic Lease will prevail.

Tenant to Surrender Premises in Good Condition: 14. Upon the expiration or termination of the Lease Term, Tenant shall, at its expense, (i) move Tenant's goods and effects and those of all persons claiming under Tenant, (ii) quit and deliver up the Leased Premises to Lessor, peaceably and quietly, in as good order and condition as the same were in on the date the Lease Term commenced or were thereafter placed in by Lessor, reasonable wear and tear excepted, and (iii) at Lessor's request, restore the Leased Premises to the condition that existed when Tenant took possession, reasonable wear and tear excepted. Any property left in the Leased Premises after the expiration or termination of the Lease Term shall be deemed to have been abandoned and the property of Lessor to dispose of as Lessor deems expedient at the expense of Tenant.

Waiver of Covenants: 15. Failure of Lessor to insist, in any one or more instances, upon strict performance of any term, covenant or condition of this lease, or to exercise any option herein contained, shall not be construed as a waiver, or a relinquishment for the future, of such term, covenant, condition or option, but the same shall continue and remain in full force and effect. The receipt by Lessor of rents with knowledge of a breach in any of the terms, covenants or conditions of this lease to be kept or performed by Tenant shall not be deemed a waiver of such breach, and Lessor shall not be deemed to have waived any provision of this lease unless expressed in writing and signed by Lessor.

Lessor's Right to Cure Defaults: 16. If Tenant defaults in the observance or performance of any of Tenant's covenants, agreements or obligations hereunder wherein the default can be cured by the expenditure of money, Lessor may, but without obligation, and without limiting any other remedies which it may have by reason of such default, cure the default, charge the cost thereof to Tenant and Tenant shall pay the same forthwith upon demand, together with interest thereon at the rate of eight per cent (8%) per annum.

B. Lessor hereby agrees as follows:

Heat and Air Conditioning: 1. To furnish heat to provide a temperature condition required in Lessor's judgment for comfortable occupancy of the Leased Premises under normal business operations.

Lavatory Service: 2. To provide water for drinking, lavatory and toilet purposes.

Window Coverings: 3. Tenant, at its expense, may install drapes and window coverings and if installed, Tenant shall maintain them in an attractive and safe condition, provided, however, in the sole discretion of Lessor they are in harmony with the exterior and interior appearance of the Building and create no safety or fire hazard.

C. The parties hereto mutually agree as follows:

No Warranty: 1. It is agreed that Lessor does not warrant that any of the services referred to in Articles B-1 through B-4 above will be free from interruption. Interruption of service shall never be deemed an eviction or disturbance of Tenant's use and possession of the Leased Premises or any part thereof or render Lessor liable to Tenant for damages, or relieve Tenant from performance of Tenant's obligation under this lease.

Bill, Statement and Notice: 2. A bill, statement, notice or communication which Lessor desires or is required to give to Tenant, including any notice of termination, shall be deemed sufficiently given or rendered if in writing, delivered to Tenant personally, or sent by registered or certified mail, addressed to Tenant at the Leased Premises, or left at the Leased Premises, addressed to Tenant, and the time of rendition or giving shall be deemed to be the time when the same is delivered to Tenant, or mailed or left at the Leased Premises as herein provided. Any notice by Tenant to Lessor must be served by registered or certified mail addressed to Lessor at the address where the last previous rental hereunder was payable, or upon notice given to Tenant, at such other place as Lessor designates.

Repairs: 3. The Tenant shall promptly pay to the Lessor, upon request, an amount equal to any cost incurred by the Lessor in repairing the Leased Premises and public areas in the Building where such repairs were made necessary by the negligence of, or misuse by, the Tenant, its agents, customers, employees or invitees.

Fire or Other Casualty: 4. If the Building is damaged or destroyed by fire or other casualty, the Lessor shall have the right to terminate this lease, provided it gives written notice thereof to the Tenant within ninety (90) days after such damage or destruction. If a portion of the Leased Premises is damaged by fire or other casualty, and this lease is not thereby terminated, the Lessor shall, at its expense, restore the Leased Premises, exclusive of any improvements or other changes made to the premises by the Tenant, to as near the condition which existed immediately prior to such damage or destruction, as reasonably possible, and rent shall abate during such period of time as the Leased Premises are untenantable, in the proportion that the untenantable portion of the Leased Premises bears to the entire Leased Premises. The Lessor shall not be responsible to the Tenant for damage to, or destruction of, any furniture, equipment, improvements or other changes made by the Tenant, in, on or about the Leased Premises regardless of the cause of the damage or destruction.

Time of Possession and Occupancy of Premises: 5. If the Leased Premises shall on the date of commencement of the Lease Term be in the possession and occupancy of any person not lawfully entitled thereto, Lessor shall use due diligence to obtain possession thereof for Tenant. If the Leased Premises shall not be ready for occupancy at said time, because construction has not yet been completed or by reason of any building operations, repairing or remodeling to be done by Lessor, Lessor shall use due diligence to complete such construction, building operations, repairing and remodeling. It is agreed that Lessor, using due diligence, shall not in any way be liable for failure to obtain possession of the Leased Premises for Tenant or to deliver the possession thereof to Tenant with such building construction, operations, repairing or remodeling completed, except that the rentals hereunder shall be abated until the Leased Premises

shall, on Lessor's part, be ready for the occupancy of Tenant, this lease remaining in all other things in full force and effect and the Lease Term shall not thereby be extended.

Holding Over: 6. Should Tenant continue to occupy the Leased Premises, or any part thereof, after the expiration or termination of the Lease Term, whether with or against the consent of Lessor, such tenancy shall be from month to month.

Default: 7. If Tenant shall default in the payment of any installment of rent, or in the observance or performance of any of Tenant's other covenants, agreements or obligations hereunder, or of any proceeding is commenced by or against Tenant for the purpose of subjecting the assets of Tenant to any law relating to bankruptcy or insolvency or for an appointment of a receiver of Tenant or of any of Tenant's assets, or if Tenant makes a general assignment of Tenant's assets for the benefit of creditors, then, in any such event, Lessor may, without process, reenter immediately into the Leased Premises, anything herein to the contrary notwithstanding, and Tenant hereby expressly waives the service of any notice in writing of intention to reenter as aforesaid, and also all right of restoration to possession of the Leased Premises after reentry or after judgment for possession thereof: In case of any such termination, Tenant will indemnify Lessor against all loss of rents and other damages which it may incur by reason of such termination during the residue of the Lease Term, and also against all attorneys' fees and expenses incurred in enforcing any of the terms of this lease.

Vending Machines: 8. No vending machines shall be installed on the Leased Premises without the written consent of Lessor.

Tenants: 9. The word "Tenant," wherever used in this lease, shall be construed to mean Tenants in all cases where there is more than one Tenant, and the necessary grammatical changes required to make the provision hereof apply to corporations, partnerships or individuals, men or women, shall in all cases be assumed as though in each case fully expressed, each provision hereof shall extend to and shall, as the case may require, bind and inure to the benefit of Lessor and Tenant and their respective heirs, legal representatives, successors and assigns, provided that this lease shall not inure to the benefit of any assignee, heir, legal representative, transferee or successor of Tenant except upon the express written consent or election of Lessor.

No Discrimination: 10. Tenant, in performing under this agreement, shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color, religion, age, sex or national origin, nor otherwise commit an unfair employment practice. Tenant will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, creed, color, religion, age, sex or national origin. Such action shall include, but not be limited to the following: employment, upgrading demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Tenant agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause. Tenant further agrees that this clause will be incorporated in all contracts entered into with suppliers of materials or services, contractors, and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this agreement.

Attention is called to Executive Order 11246 issued September 24, 1965, 3 CFR, 1964-65 Compilation, p. 339, as modified by Executive Order 11375 issued October 13, 1967, 3 CFR, 1967 Compilation, p. 320; The Civil Rights Act of 1964, Pub. L. 88-352, July 2, 1964, 78 Stat. 241 et sub.; to the State Acts approved July 28, 1961, Ill. Rev. Stat. 1969, Ch. 38, Secs. 13-1 to 13-4 inclusive; July 8, 1933, Ill. Rev. Stat. 1969, Ch. 29, Secs. 17 to 24 inclusive; July 21, 1961, Ill. Rev. Stat. 1969, Ch. 48, Secs. 851 to 866 inclusive, and July 26, 1967, Ill. Rev. Stat. 1969, Ch. 48, Secs. 881 to 887; an ordinance passed by the City Council of the City of Chicago, August 21, 1945, page 3877 of the Journal of Proceedings (Mun. Code of the City of Chicago, Ch. 198.7A); and the provisions of 41 CFR Chapter 60.

To demonstrate compliance the Tenant and his contractors and subcontractors will furnish such reports and information as requested by the Chicago Commission on Human Relations.

Miscellaneous: 11. There are no understandings or agreements not incorporated in this lease. This is an Illinois contract and shall be construed according to the laws of Illinois. The captions in this lease are for convenience only and are not a part of this lease. The covenants and agreements hereof shall as fully and completely bind the heirs, executors, administrators, legal representatives, successors and assigns of the parties hereto as if they had been specifically mentioned in each of said covenants and agreements.

In Witness Whereof Lessor and Tenant, respectively, have duly signed and sealed these presents the day and year first above written.

Execution of License Agreement Authorized with Alco Bus Co. for Transportation of Passengers at Chicago-O'Hare International Airport.

The Committee on Finance submitted a report recommending that the City Council pass a proposed ordinance transmitted therewith, to authorize the execution of a License Agreement with Alco Bus Company for the transportation of passengers at Chicago-O'Hare International Airport.

On motion of Alderman Bilandic the said proposed ordinance was *Passed,* by yeas and nays as follows:

Yeas—Aldermen Roti, Barnett, Kenner, Despres, Sawyer, Cousins, Adduci, Vrdolyak, Bilandic Madrzyk, Burke, Lawlor, Shannon, Hines, Fitzpatrick, Kelley, Stewart, Stemberk, Rhodes, Marzullo, Zydlo, Ray, Washington, Cross, Filippini, Gabinski, Frost, Laskowski, Aiello, Casey, Cullerton, Laurino, Pucinski, Natarus, Singer, Simpson, Cohen, Hoellen, Hedlund, Stone—40.

Nays—None.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Commissioner of Aviation and the City Comptroller, subject to approval as to form and legality of the Corporation Counsel, are authorized to execute in behalf of the City of Chicago, an agreement with Alco Bus Company, at Chicago-O'Hare International Airport, said agreement to be in the following form:

This license made this ..... day of ....., A.D., 19....., by the City of Chicago, a municipal corporation of the State of Illinois, party of the first part, hereinafter called "City", and Alco Bus Co., a corporation organized and existing under and by virtue of the laws of the State of Wisconsin, hereinafter referred to as " Licensee":

WITNESSETH:

Whereas, City owns and operates the airport known as Chicago-O'Hare International Airport, hereinafter referred to as "Airport", situated in the County of Cook and the County of DuPage, State of Illinois, with the power to grant rights and privileges with respect thereto; and

Whereas, the Licensee desires to obtain certain privileges with respect to entering upon the airport premises for the purposes of transporting passengers between the said airport and the Wisconsin cities of Beloit, Janesville and Madison; and

Whereas, the City is willing to grant Licensee such rights and privileges upon the terms and conditions hereinafter provided;

Now, Therefore, for and in consideration of the promises and other mutual covenants and agreements hereinafter contained and other valuable consideration, the parties hereto agree as follows:

1. The City does hereby grant to Licensee, Alco Bus Co., for a term of one (1) year, commencing on ....., the date of authorizing ordinance by the City Council of the City of Chicago, and terminating on ....., a non-exclusive privilege to enter upon the hereinbefore mentioned airport premises only for the purpose of transporting passengers to and from said airport and aforesaid cities in the State of Wisconsin, subject however, to the terms and conditions as hereinafter set forth.

This license shall be subject to termination at any time and without recourse upon the written notice of the Commissioner of Aviation of the City of Chicago to Licensee, to take effect seven (7) days from date of said written notice of termination.

2. Licensee, in consideration of the privilege granted herein during the term hereof, does hereby covenant and agree to pay to City an annual guarantee of Twelve Hundred and no/100 Dollars ($1,200.00) or ten per cent (10%) of its Gross Revenues derived from the carriage of passengers from the aforesaid cities in the State of Wisconsin, to the Airport and from the Airport to the aforesaid cities in the State of Wisconsin, whichever is the greater.

The term "Gross Revenues", as used herein, shall be construed to mean, for all the purposes hereof, the aggregate amount of all revenues received for the service of carrying persons to and from Airport whether such revenues are in the form of cash, or credit, or otherwise, of every kind, name and nature, regardless of when or whether or not paid, excepting from the determination of said amount, any and all taxes or fees collected by Licensee on behalf of any governmental body or taxing agency or the City of Chicago.

Said payments to City, shall be made at the office of the City Comptroller, Room 501, City Hall, Chicago, Illinois 60602 and are to be paid as follows:

(a) Licensee shall pay on or before the first day of each month, in advance, to the Comptroller, the sum of One Hundred and no/100 Dollars ($100.00). If the rental hereunder commences after the first day or terminates prior to the last day of any month, such payments shall be determined on a pro rata basis according to the number of days of such month involved.

(b) Licensee shall, on or before the fifteenth (15th) day of the following month, pay to the comptroller as additional rental a sum equal to ten per cent (10%) of the Gross Revenues of said calendar month less the amount prepaid as minimum rent for that month. A final adjustment for each calendar year or fraction thereof, on the basis of Gross Revenues for such year shall be made if necessary through credit, payment or refund by the fifteenth (15th) day of the second month following the close of such year.

Licensee agrees to record all fees and charges in accordance with accounting practices as may be directed with respect thereto by the Comptroller, which records shall be preserved by the Licensee and made available to City upon demand.

Licensee shall furnish to City, on or before the 15th day following the last day of each calendar month during the term of this Agreement, in such manner as Comptroller may prescribe, a statement of the gross receipts during the preceding month, or portion thereof, showing Licensee's gross revenues for said month and cumulatively for the lease inclusive of said month, and within thirty (30) days after the end of each lease year, or fractional part of a lease year ending in termination, a statement, satisfactory to City of the gross revenues during the preceding year. The original of each such statement submitted to City shall be delivered to the Comptroller and a copy to the Commissioner.

The yearly statement shall be certified by a Certified Public Accountant if required by the

Comptroller. In the event City is not satisfied with any such annual statement and gives Licensee written notice to that effect within sixty (60) days after City's receipt thereof, then City shall have the right, within sixty (60) days thereafter, at Licensee's expense, to cause any reputable audit company, satisfactory to City and Licensee, to re-audit the Gross Revenues made during the period covered by such statement and to recalculate said rentals payable for such period, and such reaudit and/or recalculation shall be accepted by both parties to this Agreement as final.

"Lease Year", as used herein shall mean a full year. The first lease year shall commence on the first day of the term hereof. Each succeeding and consecutive lease year shall begin on the anniversary of said day.

3. Licensee agrees:

(a) to maintain, in accordance with accepted accounting practice, during the term of this Agreement and for one year after the termination and expiration thereof, and for a further period extending until the City Comptroller shall give written consent to the disposal thereof, records and books of account recording all transactions at, through, or in any way connected with the operation of its concession at Airport. Upon request from the City Comptroller, such books of account and records shall be made available to the City Comptroller at a convenient location within the City of Chicago, Illinois.

(b) to permit in ordinary business hours during the term of this Agreement, and for any period thereafter during which such records shall be maintained, the examination and audit by the officers, employees and representatives of Landlord of such records and books of account.

4. Licensee shall discharge and load bus passengers utilizing its services at the airport at such place or places on the airport as hereafter directed and deemed necessary by the Commissioner of Aviation or his duly authorized agents.

5. Licensee shall pay, in addition to the rental payments hereinbefore specified, all permit fees, City of Chicago Vehicle License fees and taxes, if any, required by law and the ordinances of the City of Chicago now or hereafter made applicable thereto.

6. Bus service shall be direct to the airport premises and with respect thereto, Licensee's vehicle shall make no intermediate stops for the purpose of engaging passengers between the aforesaid cities in Wisconsin and the airport, and the reverse thereof.

7. Licensee agrees that it will conform well and faithfully and cause its servants, agents and employees to conform to all rules, regulations, orders or ordinances now in effect or hereafter adopted by City or agencies thereof.

8. Licensee shall permit no nuisance in connection with its operations hereunder and shall promptly abate same upon notification thereof.

9. Licensee shall file with and procure prior written approval of the Commissioner of Aviation of all proposed schedules, bus types, routes, fares and other pertinent aspects of its operations before commencement thereof.

10. The Licensee covenants and agrees to pay all damages for any injury or death sustained by any person or persons, or any injuries to real or personal property growing out of any act or deed, whether negligent or otherwise, or any omission to act, whether negligent or otherwise, of the Licensee or agent or employee of the Licensee, and to indemnify, save and keep the City harmless against all liabilities, judgments, costs, damages and expenses which may in any wise come against the City for or on account of injury received or death sustained by any person or persons, or any injuries to real or personal property caused by an act or deed, whether negligent or otherwise, or any omission to act, whether negligent or otherwise, of the Licensee or any servant, agent or employee of the Licensee in the performance of the privileges granted under the license.

11. Licensee, at its expense, shall keep in force insurance satisfactory to the City Comptroller of the City of Chicago for the protection of the City against claims, liabilities, judgments, costs, damages and expenses which may accrue against, be charged to, or be recovered from City, by reason of damage to the property of, injury to or death of any person or persons on account of any matter or thing which may occur in connection with this license, in policy, type and minimum amounts as follows:

Type	*Minimum*
Workmen's compensation and Occupational Disease	Statutory limits
Bodily Injury	$ 200,000.00 per person
	$2,000,000.00 per occurrance
Property damage	$ 100,000.00

Policies of such insurance shall be delivered and filed with the City Comptroller.

12. This agreement is subject to the provisions of paragraph 4, Article XI of that certain agreement entitled "Airport Use Agreement" and the further provisions, including the right of cancellation of Section 6.04, Article VI of that certain agreement entitled "Lease of Terminal Facilities" and to such other provisions of said related agreements as may be pertinent as entered into between the City and the scheduled airlines governing the use and operation of Chicago-O'Hare International Airport. In addition hereto, this agreement is subject to the provisions, terms and conditions of an agreement between the City and Continental Air Transport Company, Inc., dated July 28, 1950, and all amendments thereto.

13. Licensee shall comply with all applicable Federal, State and Local laws and ordinances and with any rules and regulations established under such laws or ordinances.

14. Licensee shall, before exercising any of its privileges herein conferred, furnish to the City Comptroller of City a Performance Bond in kind similar to Form P.W.O. 62 in amounts and with sureties satisfactory to said City Comptroller.

15. Licensee, in performing under this agreement, shall not discriminate against any worker, employee or applicant, or any member of the public because of race, creed, color, religion, age, sex or national origin, nor otherwise commit an unfair employment practice.

Licensee will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to to their race, creed, color, religion, age, sex or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.

Licensee agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause. Licensee further agrees that this clause will be incorporated in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this agreement.

Attention is called to Executive Order 11246 issued September 24, 1965, 3 CFR, 1964-65 Compilation, p. 339, as modified by Executive Order 11375 issued October 13, 1967, 3 CFR, 1967 Compilation, p. 320; The Civil Rights Act of 1964, Pub. L. 88-352, July 2, 1964, 78 Stat. 241 et sub.; to the State Acts approved July 28, 1961, Ill. Rev. Stat. 1973, Ch. 38, Secs. 13-1 to 13-4 inclusive; July 8, 1933, Ill. Rev. Stat. 1973, Ch. 29, Secs. 17 to 24 inclusive; July 21, 1961, Ill. Rev. Stat. 1973, Ch. 48, Secs. 851 to 866 inclusive, and July 26, 1967, Ill. Rev. Stat. 1973, Ch. 48, Secs. 881 to 887; an ordinance passed by the City Council of the City of Chicago, August 21, 1945, page 3877 of the Journal of Proceedings (Mun. Code of the City of Chicago, Ch. 198.7A); and the provisions of 41 CFR Chapter 60, and Part 21, Regulations of the Office of the Secretary of Transportation.

To demonstrate compliance the Licensee and his contractors and subcontractors will furnish such reports and information as requested by the Chicago Commission on Human Relations.

16. The City has applied for and received a grant or grants of money from the Federal Aviation Administration pursuant to the Federal Airport Act of 1946 as amended and the Department of Aeronautics, State of Illinois, pursuant to the Illinois Aeronautics Act, as amended, and the City may in the future apply for and receive further such grants. In connection therewith, the City has undertaken and may in the future undertake certain obligations respecting its operation of the Airport and the activities of its contractors, lessees, permitees and licensees thereon. The performance by the Licensee of the covenants, promises and obligations contained in this license is therefore a special consideration and inducement to the issuance of this license by the City and the Licensee further covenants and agrees that if the Administrator of the Federal Aviation Administration or the Director of the Department of Aeronautics or any other governmental officer or body having jurisdiction over the enforcement of the obligations of the Licensee in connection with Federal or State Airport aid, shall make any orders, recommendations or suggestions respecting the performance by the Licensee of its obligation under this license, the Licensee will promptly comply therewith, at the time or times when and to the extent that the City may direct.

17. Licensee further agrees:

(a) To furnish good, prompt and efficient service at said airport;

(b) To furnish said service on a fair, equal and nondiscriminatory basis to all users thereof;

(c) To charge reasonable, fair and nondiscriminatory prices for services: Provided, that Licensee may be allowed to make reasonable and nondiscriminatory discounts, rebates or other similar types of price reductions to volume users.

18. Licensee shall provide uniformed drivers for all bus vehicles entering and departing the airport premises.

19. In every case where, under the provisions of this License, it shall be necessary or desirable for the City to give to, or serve upon Licensee any notice or demand, it shall be sufficient to mail via registered mail such notice to Licensee at 1517 Huebbe Parkway, P.O. Box 1076, Beloit, Wisconsin 53511. In every case where, under the provisions of this license, it shall be necessary or desirable for the Licensee to give to or charge upon the City any notice or demand ,it shall be sufficient to mail via registered mail said notice to the Commissioner of Aviation, Room 1111, City Hall, Chicago, Illinois 60602.

Execution of this Agreement authorized by ordinance of the City Council of Chicago passed ..... (C.P.P. pp. .....), which date shall be the effective date hereof.

In Witness Whereof, the parties hereto have caused this instrument to be executed under their respective seals on the day and year first above written.

SECTION 2. This ordinance shall be in force and effect from and after its passage.

Ordinance Amended for Lease Agreement with American Airlines, Inc. for Space in Terminal Building No. 3 at Chicago-O'Hare International Airport.

The Committee on Finance submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Commissioner of Aviation and the City Comptroller, subject to approval as to form and legality of the Corporation Counsel, are authorized to execute in behalf of the City of Chicago an amendment to agreement with American Airlines, Inc., authorized by the City Council on June 6, 1973 (C.J.P. pp. 5618-5623), said amendment to be in the following form:

This Agreement made and entered into, this ..... day of ....., A.D., 19..... by and between the City of Chicago, a municipal corporation of the State of Illinois (hereinafter referred to as "Landlord") and American Airlines, Inc., a corporation organized and existing under and by virtue of the laws of the State of Delaware (hereinafter referred to as "Tenant"),

WITNESSETH:

Whereas, Landlord and Tenant have heretofore entered into an agreement under date of June 6, 1973, authorized by City Council June 6, 1973 (C.J.P. pp. 5618-5623), hereinafter referred to as "said agreement", in and by which Landlord, among other provisions granted to Tenant, certain privileges or premises to be occupied and used for the purposes therein stated, located at Chicago-O'Hare International Airport in the City of Chicago, Counties of Cook and DuPage, and State of Illinois;

Now, Therefore, Landlord, in consideration of the provisions and conditions set forth in said agreement, does hereby amend said agreement, and Tenant hereby accepts said privileges or premises therein set forth and upon the terms, conditions and provisions set forth and stated therein (to which reference is hereby made, and which the parties agree will be incorporated, and shall be considered to be incorporated herein, by this reference thereto) except insofar and only insofar as said privileges, premises, terms, conditions and provisions are modified, changed, or amended by the further provisions of this agreement.

It is hereby further agreed that the sole modifications of, changes in, and amendments to, said agreement, which are hereby made therein, and which shall be applicable to all renewals and extensions as may be made and provided for therein, are as follows:

1. Article XVI of Part 1—General Conditions, is deleted in its entirety and in lieu thereof the following article is hereby inserted:

Article XVI

Tenant, in performing under this agreement, shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color, religion, age, sex or national origin, nor otherwise commit an unfair employment practice.

Tenant will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, creed, color, religion, age, sex or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.

Tenant agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause. Tenant further agrees that this clause will be incorporated in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this agreement.

Attention is called to Executive Order 11246 issued September 24, 1965, 3 CFR, 1964-65 Compilation, p. 339, as modified by Executive Order 11375 issued October 13, 1967, 3 CFR, 1967 Compilation, p. 320; The Civil Rights Act of 1964, Pub. L. 88-352, July 2, 1964, 78 Stat. 241 et sub.; to the State Acts approved July 28, 1961, Ill. Rev. Stat. 1973, Ch. 38, Secs. 13-1 to 13-4 inclusive; July 8, 1933, Ill. Rev. Stat. 1973, Ch. 29, Secs. 17 to 24 inclusive; July 21, 1961, Ill. Rev. Stat. 1973, Ch. 48, Secs. 851 to 866 inclusive, and July 26, 1967, Ill. Rev. Stat. 1973, Ch. 48, Secs. 881 to 887: an ordinance passed by the City Council of the City of Chicago, August 21, 1945, page 3877 of the Journal of Proceedings (Mun. Code of the City of Chicago, Ch. 198.7A); and the provisions of 41 CFR Chapter 60, and part 21, regulations of the Office of the Secretary of Transportation.

To demonstrate compliance the Tenant and his contractors and subcontractors will furnish such reports and information as requested by the Chicago Commission on Human Relations.

2. Special Condition No. 5 entitled Term, appearing on page 16 of said agreement, reading as follows:

"5. *Term*

The term of this agreement shall begin on December 30, 1972 and terminate on December 29, 1974. It is understood and agreed that notwithstanding the above term either party may cancel this agreement upon thirty (30) days written notice to the other party of its election so to do."

Ordinance Amended for Lease with The Hertz Corp. for Counter Space on Concourse Level at Chicago O'Hare International Airport.

The Committee on Finance submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Mayor is authorized to execute and the City Clerk to attest, subject to approval of the City Comptroller and the Commissioner of Aviation and approval as to form and legality of the Corporation Counsel, an amendment to an agreement, authorized by ordinance passed by the City Council on February 24, 1972 (C.J.P. pp. 2671-2687), with The Hertz Corporation, at Chicago-O'Hare International Airport, said amendment to be in the following form:

This Agreement made and entered into, this ..... day of A.D., 1974 by and between the City of Chicago, a municipal corporation of the State of Illinois, hereinafter referred to as "City" and The Hertz Corporation, a Delaware corporation, hereinafter referred to as "Concessionaire".

WITNESSETH:

Whereas, City and Concessionaire have heretofore entered into an agreement under date of May 15, 1972, authorized by City Council February 24, 1972 (C.J.P. pp. 2671-2687), hereinafter referred to as "said agreement", in and by which City, among other provisions, granted to Concessionaire certain privileges or premises to be occupied and used for the purposes therein stated, located at Chicago-O'Hare International Airport in the City of Chicago, Counties of Cook and DuPage, and State of Illinois;

Now, Therefore, City, in consideration of the provisions and conditions set forth in said agreement, does hereby amend said agreement, and Concessionaire hereby accepts said privileges or premises therein set forth and upon the terms, conditions and provisions set forth and stated therein (to which reference is hereby made, and which the parties agree will be incorporated, and shall be considered to be incorporated herein, by this reference thereto) except in so far and only in so far as said privileges, premises, terms, conditions and provisions are modified, changed, or amended by the further provisions of this agreement.

It is hereby further agreed that the sole modifications of, changes in, and amendment to said agreement, which are hereby made therein, and which shall be applicable to all renewals and extensions as may be made and provided for therein, are as follows:

1. Subsection (1) of Section A., under Article V, entitled Demised Premises, appearing on page 9 of said Agreement and reading as follows:

"A. Counter Space. (1) Existing Counter Space. During the term of this Agreement, Concessionaire shall have the right and privilege to continue the use of approximately 322 square feet of counter space presently occupied by Concessionaire in Terminal Building 2, consisting of two counter areas on the first floor concourse hereof, and 322 square feet of counter space presently occupied by Concessionaire in Terminal Building 3, consisting of two counter areas on the first floor concourse thereof, as the same are more particularly described in Exhibit "A" attached hereto and made a part hereof."

is deleted in its entirety and in lieu thereof the following is hereby inserted:

A. Counter Space. (1) Existing Counter Space. During the term of this Agreement, Concessionaire shall have the right and privilege to use up to 322

square feet of counter space, on the first floor concourse of Terminal Building 2, and up to 322 square feet of counter space on the first floor concourse of Terminal Building 3. Concessionaire shall have the right to at least one counter area on the first floor concourse in each of the above mentioned Terminal Buildings and up to two counter areas in each, with the exact number, location and square footage of said counters to be determined by the Commissioner of Aviation.

2. Subsection (1) of Section E., entitled Rental Commitment, under Article VI, appearing on page 30 of said Agreement and reading as follows:

"(1) As rental for counter space hereinabove described in Article V, Section A, Concessionaire shall pay to the City the sum of Three Hundred Forty-eight Dollars and Eighty-three cents ($348.83) per month, predicated on an annual rental rate of Six Dollars and Fifty cents ($6.50) per square foot, which amount shall be in addition to all other sums provided in this Agreement."

DEPARTMENT OF TRANSPORTATION

FEDERAL AVIATION ADMINISTRATION

GRANT AGREEMENT

Part 1-Offer

Date of Offer OCT 04 1974

Chicago O'Hare International Airport

Project No. 3-17-0022-05

Contract No. DOT-FA75-3L-7493

TO: City of Chicago, Illinois
(herein referred to as the "Sponsor")

FROM: The United States of America (acting through the Federal Aviation Administration, herein referred to as the "FAA")

WHEREAS, the Sponsor has submitted to the FAA a Project Application dated August 1974, for a grant of Federal funds for a project for development of the Chicago O'Hare International Airport (herein called the "Airport"), together with plans and specifications for such project, which Project Application, as approved by the FAA is hereby incorporated herein and made a part hereof; and

WHEREAS, the FAA has approved a project for development of the Airport (herein called the "Project") consisting of the following-described airport development:

Overlay, groove and mark Runway 14L/32R (10,000' x 150'); reconstruct two blast pads for Runway 14L/32R; overlay and mark intersections of parallel Taxiway 14L/32R with Scenic Taxiway and Runway 4L/22R.

all as more particularly described in the property map and plans and specifications incorporated in the said Project Application;

NOW THEREFORE, pursuant to and for the purpose of carrying out the provisions of the Airport and Airway Development Act of 1970, as amended (49 U.S.C. 1701), and in consideration of (a) the Sponsor's adoption and ratification of the representations and assurances contained in said Project Application, and its acceptance of this Offer as hereinafter provided, and (b) the benefits to accrue to the United States and the public from the accomplishment of the Project and the operation and maintenance of the Airport as herein provided, THE FEDERAL AVIATION ADMINISTRATION, FOR AND ON BEHALF OF THE UNITED STATES, HEREBY OFFERS AND AGREES to pay, as the United States share of the allowable costs incurred in accomplishing the Project, 50 percentum thereof.

This Offer is made on and subject to the following terms and conditions:

1. The maximum obligation of the United States payable under this Offer shall be $1,000,000.00

2. The Sponsor shall:

   (a) begin accomplishment of the Project within ninety days after acceptance of this Offer or such longer time as may be prescribed by the FAA, with failure to do so constituting just cause for termination of the obligations of the United States hereunder by the FAA;

   (b) carry out and complete the Project without undue delay and in accordance with the terms hereof, the Airport and Airway Development Act of 1970, and Sections 152.51–152.63 of the Regulations of the Federal Aviation Administration (14 CFR 152) in effect as of the date of acceptance of this Offer; which Regulations are hereinafter referred to as the "Regulations";

   (c) carry out and complete the Project in accordance with the plans and specifications and property map, incorporated herein, as they may be revised or modified with the approval of the FAA.

3. The allowable costs of the project shall not include any costs determined by the FAA to be ineligible for consideration as to allowability under Section 152.47 (b) of the Regulations.

4. Payment of the United States share of the allowable project costs will be made pursuant to and in accordance with the provisions of Sections 152.65 – 152.71 of the Regulations. Final determination as to the allowability of the costs of the project will be made at the time of the final grant payment pursuant to Section 152.71 of the Regulations: Provided, that, in the event a semi-final grant payment is made pursuant to Section 152.71 of the Regulations, final determination as to the allowability of those costs to which such semi-final payment relates will be made at the time of such semi-final payment.

5. The Sponsor shall operate and maintain the airport as provided in the Project Application incorporated herein and specifically covenants and agrees, in accordance with its Assurance 4 in Part III of said Project Application, that in its operation and the operation of all facilities thereof, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed or national origin in the use of any of the facilities provided for the public on the airport.

6. The FAA reserves the right to amend or withdraw this Offer at any time prior to its acceptance by the Sponsor.

7. This Offer shall expire and the United States shall not be obligated to pay any part of the costs of the Project unless this Offer has been accepted by the Sponsor on or before January 2, 1975 or such subsequent date as may be prescribed in writing by the FAA.

8. The Sponsor hereby agrees that it will incorporate or cause to be incorporated into any contract for construction work, or modification thereof, as defined in the regulations of the Secretary of Labor at 41 CFR Chapter 60, which is paid for in whole or in part with funds obtained from the Federal Government or borrowed on the credit of the Federal Government pursuant to a grant, contract, loan insurance, or guarantee, or undertaken pursuant to any federal program involving such grant, contract, loan insurance, or guarantee the following Equal Opportunity clause.

   During the performance of this contract, the contractor agrees as follows:

   a. The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to insure that applicants are employed, and that employees are treated during employment without regard to their race, color, sex, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination, rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices(to be provided)setting forth the provisions of this nondiscrimination clause.

   b. The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.

c. The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice(to be provided) advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

d. The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

e. The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

f. In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be cancelled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

g. The contractor will include the portion of the sentence immediately preceding paragraph a. and the provisions of paragraphsa. through g. in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance. Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The Sponsor further agrees that it will be bound by the above Equal Opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the applicant so participating is a State or local government, the above Equal Opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The Sponsor agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the Equal Opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency with the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The Sponsor further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the Equal Opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part III, Subpart D, of the Executive Order. In addition, the Sponsor agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance guarantee); refrain from extending any further assistance to the Sponsor under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from the Sponsor; or refer the case to the Department of Justice for appropriate legal proceedings.

9. The Sponsor hereby covenants and agrees that financial records of this project shall be established, maintained and made available to appropriate personnel in conformity with Section 152.63 of the Regulations of the Federal Aviation Administration (14 CFR 152).

10. The Sponsor will send a copy of all invitations for bids, advertised or negotiated, for concessions or other businesses at the airport to the Office of Minority Business Enterprise (OMBE), Field Operations Division, Department of Commerce, Washington, D. C. 20230, or to the local affiliate designated by the OMBE. The Sponsor will disclose and make information about the contracts, contracting procedures and requirements available to OMBE or its designated affiliate and minority

firms on the same basis that such information is disclosed and made available to other organizations or firms. Responses by minority firms to invitations for bids shall be treated in the same manner as all other responses to the invitations for bids.

Compliance with the preceding paragraph will be deemed to constitute compliance by the Sponsor with the requirements of 49 CFR 21 Appendix C(A)(1)(X), Regulations of the Office of the Secretary of Transportation.

11. The Sponsor hereby covenants that it will not permit any permanent-type structures, other than structures required for aids to air navigation and such other structures as may be specifically accepted in writing by the FAA, to be erected on, and that it will cause any existing structures to be removed from, each area identified on the "Exhibit A" as "clear zone" or any portions thereof, concerning which the Sponsor has acquired a fee interest with federal financial assistance, irrespective of whether such structures constitute an obstruction to air navigation.

12. It is also understood and agreed that Paragraph 2, Part III, of the Project Application is revised to read as follows:

> The Sponsor will operate the airport as such for the use and benefit of the public. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that it will keep the airport open to all types, kinds, and classes of aeronautical use on fair and reasonable terms without discrimination between such types, kinds, and classes; provided, that the Sponsor may establish such fair, equal, and not unjustly discriminatory conditions to be met by all users of the airport; and provided further, that the Sponsor may prohibit or limit any given type, kind, or class of aeronautical use of the airport if such action is necessary -
>
> a. For safe and efficient use of the airport,
>
> b. To keep operation activities within acceptable noise levels, or
>
> c. To serve the civil aviation needs of the public.

13. The Sponsor hereby covenants that it will comply with nondiscrimination requirements in federally assisted programs of the Federal Aviation Administration as attached hereto and by reference made a part hereof; and (as applicable) the relocation and real property acquisition assurances implementing the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, also attached hereto and by reference made a part hereof.

14. It is understood and agreed by and between the parties hereto that the United States shall not make, nor shall it be obligated to make, any grant payment hereunder until an Agreement of Limited Agency relating to this project has been entered into by and between the Sponsor, the City of Chicago, as Principal and the Illinois Department of Transportation, Division of Aeronautics, as Agent, and such Agreement has been determined by the FAA to be consonant with the applicable statutes of the State of Illinois.

15. The Federal Government does not now plan or contemplate the construction of any structures pursuant to Paragraph 11 of Part III - Sponsor's Assurances of the Project Application, and therefore it is understood and agreed that the Sponsor is under no obligation to furnish any such areas or rights without cost to the Federal Government under this Grant Agreement. However, nothing contained herein shall be construed as altering or changing the rights of the United States and/or the obligations of the Sponsor under prior Grant Agreements to furnish rent-free space for the activities specified in such agreements.

16. a. The parties hereto recognize that a continuing need exists for parking space for Government owned and controlled automotive equipment used or assigned for use in serving FAA facilities and equipment on or in the vicinity of the airport. It is agreed by the parties hereto that the Sponsor will provide, without charge, designated parking space in reasonable proximity to FAA operations for such automotive equipment and that no change or modifications will be made in such designation without the consent of the parties hereto or their designated representative.

b. The parties hereto further recognize the need for adequate parking space for the motor vehicles used by the FAA employees in providing them with transportation to their place of employment and assigned duty stations on the airport. It is fully understood by and between the parties hereto that the Sponsor has made adequate parking space available to those employees on terms that are as favorable as those provided to the Sponsor's employees and the employees of others having duty stations on the airport. It is agreed by the parties hereto that the relationship now existing with respect to automobile parking space for FAA employees will continue and that no change will be made to alter this relationship or to either curtail or enlarge the demand for the parking facilities designated without the consent and concurrence of the parties hereto or their designated representatives.

17. The Sponsor further covenants that it will not cause or permit any structure or object of natural growth to extend above the plane of the light path within the land area (presently, or hereafter owned or controlled by the Sponsor) comprising the site of any Approach Light System serving the aforesaid airport (an ALS site being an area extending 3200 feet outward from the approach end of the runway served and 400 feet in width located symmetrically about the projected runway centerline).

18. It is understood and agreed by and between the parties hereto that any reference herein to plans and specifications shall mean plans and specifications approved by the Chicago Metropolitan Engineer, Chicago Airports District Office, Great Lakes Region, Federal Aviation Administration on September 5, 1974.

19. It is understood and agreed that the references to "State of Illinois, Department of Aeronautics" wherever appearing in this agreement or in any other document constituting a part of this agreement shall be deemed to mean "State of Illinois, Department of Transportation, Division of Aeronautics."

The Sponsor's acceptance of this Offer and ratification and adoption of the Project Application incorporated herein shall be evidenced by execution of this instrument by the Sponsor, as hereinafter provided, and said Offer and Acceptance shall comprise a Grant Agreement, as provided by the Airport and Airway Development Act of 1970, constituting the obligations and rights of the United States and the Sponsor with respect to the accomplishment of the Project and the operation and maintenance of the Airport. Such Grant Agreement shall become effective upon the Sponsor's acceptance of this Offer and shall remain in full force and effect throughout the useful life of the facilities developed under the Project but in any event not to exceed twenty years from the date of said acceptance.

PART II - SECTION C

The Sponsor hereby represents and certifies as follows:

1. Compatible Land Use.--The Sponsor has taken the following actions to assure compatible usage of land adjacent to or in the vicinity of the airport:

The State of Illinois, Department of Aeronautics adopted an airport zoning ordinance for O'Hare on December 16, 1974. However, it is not feasible for the City of Chicago to assure compatible land usage, since the areas in the vicinity of the airport are within the boundaries of other municipalities and are already highly developed.

2. Defaults.--The Sponsor is not in default on any obligation to the United States or any agency of the United States Government relative to the development, operation, or maintenance of any airport, except as stated herewith:

No Exceptions

3. Possible Disabilities.--There are no facts or circumstances (including the existence of effective or proposed leases, use agreements or other legal instruments affecting use of the Airport or the existence of pending litigation or other legal proceedings) which in reasonable probability might make it impossible for the Sponsor to carry out and complete the Project or carry out the provisions of Part V of this Application, either by limiting its legal or financial ability or otherwise, except as follows:

No Exceptions

4. Land.--(a) The Sponsor holds the following property interest in the following areas of land* which are to be developed or used as part of or in connection with the Airport, subject to the following exceptions, encumbrances, and adverse interests, all of which areas are identified on the aforementioned property map designated as Exhibit "A":

Fee simple title to airport property as shown on Exhibit "A" of ADAP Project # 8-17-0022-04.

[Exhibit "A" omitted for printing purposes]

*State character of property interest in each area and list and identify for each all exceptions, encumbrances, and adverse interests of every kind and nature, including liens, easements, leases, etc. The separate areas of land need only be identified here by the area numbers shown on the property map.

The Sponsor further certifies that the above is based on a title examination by a qualified attorney or title company and that such attorney or title company has determined that the Sponsor holds the above property interests.

(b) The Sponsor will acquire within a reasonable time, but in any event prior to the start of any construction work under the Project, the following property interest in the following areas of land* on which such construction work is to be performed, all of which areas are identified on the aforementioned property map designated as Exhibit "A":

None Required

(c) The Sponsor will acquire within a reasonable time, and if feasible prior to the completion of all construction work under the Project, the following property interest in the following areas of land* which are to be developed or used as part of or in connection with the Airport as it will be upon completion of the Project, all of which areas are identified on the aforementioned property map designated as Exhibit "A":

None Required

5. Exclusive Rights.--There is no grant of an exclusive right for the conduct of any aeronautical activity at any airport owned or controlled by the Sponsor except as follows:

No Exceptions

*State character of property interest in each area and list and identify for each all exceptions, encumbrances, and adverse interests of every kind and nature, including liens, easements, leases, etc. The separate areas of land need only be identified here by the area numbers shown on the property map.

PART IV PROGRAM NARRATIVE (Attach – See Instructions)

PART IV

PROGRAM NARRATIVE

1. OBJECTIVES AND NEED FOR THIS ASSISTANCE

The objective is to overlay Runway 14L/32R and Taxiway Connections at a cost of approximately $2,200,000.00. The need for assistance is due to the tremendous cost. Supporting this need for overlayment is the Federal Aviation Administration, the Air Transportation Association and the Department of Aviation, City of Chicago.

2. RESULTS OR BENEFITS EXPECTED

The results and benefits to be derived would be the safe and orderly movement of aircraft in and out of this facility, that it is expected to accommodate 40 million people within a 12 month period. Also, the United States Air Force Reserves, which is based at this facility, will also derive benefit in using the new resurfaced runway.

3. APPROACH

a. The plan of action pertaining to the details of how the proposed work will be accomplish is the same as other runway overlayment that has been done in the past. Weather plays a large factor and also peak hours in which aircraft will arrive and depart. Work will be accomplished by contractors who competitively bid on this project.

b. It is very difficult to project monthly or quarterly quantities, since this project is of a critical nature, all work forces will be instructed to complete the project within 60 days time

c. This is a routine runway overlayment, which has been done many times in the past. Pertinent data that might be used now or in the future has been collected by many agencies and organizations. The Federal Aviation Administration with their Agency personnel.

d. Organizations involved in this particular project are the Department of Aviation, City of Chicago, Planning and Architecture personnel, the Department of Public Works, City of Chicago and the Federal Aviation Administration with their Agency personnel.

PART V

ASSURANCES

The applicant hereby assures and certifies that he will comply with the regulations, policies, guidelines and requirements, including Office of Management and Budget Circulars Nos. A-87, A-95, and A-102, as they relate to the application, acceptance and use of Federal funds for this federally-assisted project. Also, the applicant gives assurance and certifies with respect to the grant that:

1. It possesses legal authority to apply for the grant, and to finance and construct the proposed facilities; that a resolution, motion or similar action has been duly adopted or passed as an official act of the applicant's governing body, authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the applicant to act in connection with the application and to provide such additional information as may be required.

2. It will comply with the provisions of: Executive Order 11296, relating to evaluation of flood hazards, and Executive Order 11288, relating to the prevention, control, and abatement of water pollution.

3. It will have sufficient funds available to meet the non-Federal share of the cost for construction projects. Sufficient funds will be available when construction is completed to assure effective operation and maintenance of the facility for the purposes constructed.

4. It will obtain approval by the appropriate Federal agency of the final working drawings and specifications before the project is advertised or placed on the market for bidding; that it will construct the project, or cause it to be constructed, to final completion in accordance with the application and approved plans and specifications; that it will submit to the appropriate Federal agency for prior approval changes that alter the costs of the project, use of space, or functional layout; that it will not enter into a construction contract(s) for the project or undertake other activities until the conditions of the construction grant program(s) have been met.

5. It will provide and maintain competent and adequate architectural engineering supervision and inspection at the construction site to insure that the completed work conforms with the approved plans and specifications; that it will furnish progress reports and such other information as the Federal grantor agency may require.

6. It will operate and maintain the facility in accordance with the minimum standards as may be required or prescribed by the applicable Federal, State and local agencies for the maintenance and operation of such facilities.

7. It will give the grantor agency and the Comptroller General through any authorized representative access to and the right to examine all records, books, papers, or documents related to the grant.

8. It will require the facility to be designed to comply with the "American Standard Specifications for Making Buildings and Facilities Accessible to, and Usable by, the Physically Handicapped," Number A117.1-1961, as modified (41 CFR 101-17.703). The applicant will be responsible for conducting inspections to insure compliance with these specifications by the contractor.

9. It will cause work on the project to be commenced within a reasonable time after receipt of notification from the approving Federal agency that funds have been approved and that the project will be prosecuted to completion with reasonable diligence.

10. It will not dispose of or encumber its title or other interests in the site and facilities during the period of Federal interest or while the Government holds bonds, whichever is the longer.

11. It will comply with Title VI of the Civil Rights Act of 1964 (P.L. 88-352) and in accordance with Title VI of that Act, no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance and will immediately take any measures necessary to effectuate this agreement. If any real property or structure thereon is provided or improved with the aid of Federal financial assistance extended to the Applicant, this assurance shall obligate the Applicant, or in the case of any transfer of such property, any transferee, for the period during which the real property or structure is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

12. It will establish safeguards to prohibit employees from using their positions for a purpose that is or gives the appearance of being motivated by a desire for private gain for themselves or others, particularly those with whom they have family, business, or other ties.

13. It will comply with the requirements of Title II and Title III of the Uniform Relocation Assistance and Real Property Acquisitions Act of 1970 (P.L. 91-646) which provides for fair and equitable treatment of persons displaced as a result of Federal and federally assisted programs.

14. It will comply with all requirements imposed by the Federal grantor agency concerning special requirements of law, program requirements, and other administrative requirements approved in accordance with Office of Management and Budget Circular No. A-102.

15. It will comply with the provisions of the Hatch Act which limit the political activity of employees.

16. It will comply with the minimum wage and maximum hours provisions of the Federal Fair Labor Standards Act, as they apply to hospital and educational institution employees of State and local governments.

17. These covenants shall become effective upon acceptance by the Sponsor of an offer of Federal aid for the Project or any portion thereof, made by the FAA and shall constitute a part of the Grant Agreement thus formed. These covenants shall remain in full force and effect throughout the useful life of the facilities developed under this Project, but in any event not to exceed twenty (20) years from the date of said acceptance of an offer of Federal aid for the Project. However, these limitations on the duration of the covenants do not apply to the covenant against exclusive rights. Any breach of these covenants on the part of the Sponsor may result in the suspension or termination of, or refusal to grant Federal assistance under, FAA administered programs, or such other action which may be necessary to enforce the rights of the United States under this agreement.

18. The Sponsor will operate the Airport as such for the use and benefit of the public. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that it will keep the Airport open to all types, kinds, and classes of aeronautical use on fair and reasonable terms without discrimination between such types, kinds, and classes. Provided: That the Sponsor may establish such fair, equal, and not unjustly discriminatory conditions to be met by all users of the Airport as may be necessary for the safe and efficient operation of the Airport; And Provided Further, That the Sponsor may prohibit or limit any given type, kind, or class of aeronautical use of the Airport if such action is necessary for the safe operation of the Airport or necessary to serve the civil aviation needs of the public.

19. The Sponsor—

a. Will not grant or permit any exclusive right forbidden by Section 308(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1349(a)) at the Airport, or at any other airport now owned or controlled by it;

b. Agrees that, in furtherance of the policy of the FAA under this covenant, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm or corporation the exclusive right at the Airport, or at any other airport now owned or controlled by it, to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity.

c. Agrees that it will terminate any existing exclusive right to engage in the sale of gasoline or oil, or both, granted before July 17, 1962, at such an airport, at the earliest renewal, cancellation, or expiration date applicable to the agreement that established the exclusive right; and

d. Agrees that it will terminate any other exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under the Airport and Airway Development Act.

20. The Sponsor agrees that it will operate the Airport for the use and benefit of the public, on fair and reasonable terms, and without unjust discrimination. In furtherance of the covenant (but without limiting its general applicability and effect), the Sponsor specifically covenants and agrees:

a. That in its operation and the operation of all facilities on the Airport, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed, or national origin in the use of any of the facilities provided for the public on the Airport.

b. That in any agreement, contract, lease, or other arrangement under which a right or privilege at the Airport is granted to any person, firm, or corporation to conduct or engage in any aeronautical activity for furnishing services to the public at the Airport, the Sponsor will insert and enforce provisions requiring the contractor:

(1) to furnish said service on a fair, equal, and not unjustly discriminatory basis to all users thereof, and

(2) to charge fair, reasonable, and not unjustly discriminatory prices for each unit or service; Provided, That the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. That it will not exercise or grant any right or privilege which would operate to prevent any person, firm or corporation operating aircraft on the Airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance and repair) that it may choose to perform.

d. In the event the Sponsor itself exercises any of the rights and privileges referred to in subsection b, the services involved will be provided on the same conditions as would apply to the furnishing of such services by contractors or concessionaires of the Sponsor under the provisions of such subsection b.

21. Nothing contained herein shall be construed to prohibit the granting or exercise of an exclusive right for the furnishing of nonaviation products and supplies or any service of a nonaeronautical nature or to obligate the Sponsor to furnish any particular nonaeronautical service at the Airport.

22. The Sponsor will operate and maintain in a safe and serviceable condition the Airport and all facilities thereon and connected therewith which are necessary to serve the aeronautical users of the Airport other than facilities owned or controlled by the United States, and will not permit any activity thereon which would interfere with its use for airport purposes: Provided, That nothing contained herein shall be construed to require that the Airport be operated for aeronautical uses during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance; And Provided Further, That nothing herein shall be construed as requiring the maintenance, repair, restoration or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the Sponsor. In furtherance of this covenant the Sponsor will have in effect at all times arrangements for:

a. Operating the airport's aeronautical facilities whenever required.

b. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions, and

c. Promptly notifying airmen of any condition affecting aeronautical use of the Airport.

23. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, prevent the construction, erection, alteration, or growth of any structure, tree, or other object in the approach areas of the runways of the Airport, which would constitute an obstruction to air navigation according to the criteria or standards prescribed in Section 77.23, as applied to Section 77.25, Part 77 of the Federal Aviation Regulations. In addition, the Sponsor will not erect or permit the erection of any permanent structure or facility which would interfere materially with the use, operation, or future development of the Airport, in any portion of a runway approach area in which the Sponsor has acquired, or hereafter acquires, property interests permitting it to so control the use made of the surface of the land.

24. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, take action to restrict the use of land adjacent to or in the immediate vicinity of the Airport to activities and purposes compatible with normal airport operations including landing and takeoff of aircraft.

25. The Sponsor will keep up to date at all times an airport layout plan of the Airport showing (1) the boundaries of the Airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the Sponsor for airport purposes, and proposed additions thereto; (2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads), including all proposed extensions and reductions of existing airport facilities; and (3) the location of all existing and proposed nonaviation areas and of all existing improvements thereon. Such airport layout plan and each amendment, revision, or modification thereof, shall be subject to the approval of the FAA, which approval shall be evidenced by the signature of a duly authorized representative of the FAA on the face of the airport layout plan. The Sponsor will not make or permit the making of any changes or alterations in the Airport or any of its facilities other than in conformity with the airport layout plan as so approved by the FAA, if such changes or alterations might adversely affect the safety, utility, or efficiency of the Airport.

26. All facilities of the Airport developed with Federal aid and all those usable for the landing and taking off of aircraft, will be available to the United States at all times, without charge, for use by government aircraft in common with other aircraft, except that if the use by government aircraft is substantial, a reasonable share, proportional to such use, of the cost of operating and maintaining facilities so used, may be charged. Unless otherwise determined by the FAA, or otherwise agreed to by the Sponsor and the using agency, substantial use of an airport by government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the FAA, would unduly interfere with use of the landing area by other authorized aircraft, or during any calendar month that:

a. Five (5) or more government aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement and each takeoff as a movement) of government aircraft is 300 or more, or the gross accumulative weight of government aircraft using the Airport (the total movements of government aircraft multiplied by gross certified weights of such aircraft) is in excess of five million pounds.

27. Whenever so requested by the FAA, the Sponsor will furnish without cost to the Federal Government, for construction, operation, and maintenance of facilities for air traffic control activities, or weather reporting activities and communication activities related to air traffic control, such areas of land or water, or estate therein, or rights in buildings of the Sponsor as the FAA may consider necessary or desirable for construction at Federal expense of space or facilities for such purposes. The approximate amounts of areas and the nature of the property interests and or rights so required will be set forth in the Grant Agreement relating to the Project. Such areas or any portion thereof will be made available as provided herein within 4 months after receipt of written request from the FAA.

28. The airport operator or owner will maintain a fee and rental structure for the facilities and services being provided the airport users which will make the Airport as self-sustaining as possible under the circumstances existing at the Airport, taking into account such factors as the volume of traffic and economy of collection.

29. The Sponsor will furnish the FAA with such annual or special airport financial and operational reports as may be reasonably requested. Such reports may be submitted on forms furnished by the FAA, or may be submitted in such manner as the Sponsor elects so long as the essential data are furnished. The Airport and all airport records and documents affecting the Airport, including deeds, leases, operation and use agreements, regulations, and other instruments, will be made available for inspection and audit by the Secretary and the Comptroller General of the United States, or their duly authorized representatives, upon reasonable request. The Sponsor will furnish to the FAA or to the General Accounting Office, upon request, a true copy of any such document.

30. All project accounts and records will be kept in accordance with a standard system of accounting if so prescribed by the Secretary.

31. If at any time it is determined by the FAA that there is any outstanding right or claim of right in or to the Airport property, other than those set forth in Part II, paragraphs 7(a), 7(b), and 7(c), the existence of which creates an undue risk of interference with the operation of the Airport or the performance of the covenants of this Part, the Sponsor will acquire, extinguish, or modify such right or claim of right in a manner acceptable to the FAA.

32. The Sponsor will not enter into any transaction which would operate to deprive it of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another public agency found by the FAA to be eligible under the Act and Regulations to assume such obligations and having the power, authority, and financial resources to carry out all such obligations. If an arrangement is made for management or operation of the Airport by any agency or person other than the Sponsor or an employee of the Sponsor, the Sponsor will reserve sufficient rights and authority to insure that the Airport will be operated and maintained in accordance with the Act, the Regulations, and these covenants.

33. Unless the context otherwise requires, all terms used in these covenants which are defined in the Act and the Regulations shall have the meanings assigned to them therein.

STANDARD DOT TITLE VI ASSURANCES

AIRPORT DEVELOPMENT-AID PROGRAM

The City of Chicago (hereinafter referred to as the "sponsor") HEREBY AGREES
(Name of Sponsor)

THAT as a condition to receiving any Federal financial assistance from the Department of Transportation it will comply with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C. 2000d, 42 U.S.C. 2000d-4 (hereinafter referred to as the "Act"), and all requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally-Assisted Programs of the Department of Transportation-Effectuation of Title VI of the Civil Rights Act of 1964 (hereinafter referred to as the "Regulations") and other pertinent directives, to the end that in accordance with the Act, Regulations, and other pertinent directives, no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the sponsor receives Federal financial assistance from the Department of Transportation including the Federal Aviation Administration, and HEREBY GIVES ASSURANCE THAT it will promptly take any measures necessary to effectuate this agreement. This assurance is required by Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally-assisted programs of the Department of Transportation, subsection 21.7(a)(1).

More specifically and without limiting the above general assurance, the sponsor hereby gives the following specific assurances with respect to ADAP Project No. 8-17-0022-05.

1. That the sponsor agrees that each "program" and each "facility" as defined in subsections 21.23(e) and 21.23(b) of the Regulations, will be (with regard to a "program") conducted, or will be (with regard to a "facility") operated in compliance with all requirements imposed by or pursuant to the Regulations.

2. That the sponsor shall insert the following notification in all solicitations for bids for work or material subject to the Regulations and made in connection with ADAP Project No. 8-17-0022-05 and, in adapted form in all proposals for negotiated agreements:

> Rights Act of 1964, 78 Stat. 252, 42 U.S.C. 2000d to 2000d-4 and Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally-assisted programs of the Department of Transportation issued pursuant to such Act, hereby notifies all bidders that it will affirmatively insure that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.

3. That the sponsor shall insert the clauses of Attachment 1 of this assurance in every contract subject to the Act and the Regulations.

4. That where the sponsor receives Federal financial assistance to construct a facility, or part of a facility, the assurance shall extend to the entire facility and facilities operated in connection therewith.

5. That where the sponsor receives Federal financial assistance in the form, or for the acquisition of real property or an interest in real property, the assurance shall extend to rights to space on, over, or under such property.

6. That the sponsor shall include the appropriate clauses set forth in Attachment 2 of this assurance, as a covenant running with the land, in any future deeds, leases, permits, licenses, and similar agreements entered into by the sponsor with other parties: (a) for the subsequent transfer of real property acquired or improved under the Airport Development Aid Program of the Federal Aviation Administration, and (b) for the construction or use of or access to space on, over, or under real property acquired, or improved under the said Airport Development Aid Program.

7. That this assurance obligates the sponsor for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property or interest therein or structures or improvements thereon, in which case the assurance obligates the sponsor or any transferee for the longer of the following periods: (a) the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits, or (b) the period during which the sponsor retains ownership or possession of the property.

8. The sponsor shall provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he delegates specific authority to give reasonable guarantee that it, other sponsors, subgrantees, contractors, subcontractors, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Act, the Regulations, and this assurance.

9. The sponsor agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Act, the Regulations, and this assurance.

THIS ASSURANCE is given in consideration of and for the purpose of obtaining any and all Federal grants, loans, contracts, property, discounts, or other Federal financial assistance extended after the date hereof to the sponsor by the Department of Transportation under the Airport Development Aid Program of the Federal Aviation Administration and is binding on it, contractors, subcontractors, transferees, successors in interest and other participants in the ADAP Project No. 8-17-0022-05. The person or persons whose signatures appear below are authorized to sign this assurance on behalf of the sponsor.

ATTACHMENT 1

During the performance of this contract, the contractor for itself, its assignees and successors in interest (hereinafter referred to as the "contractor") agrees as follows:

1. Compliance with Regulations. The contractor shall comply with the Regulations relative to nondiscrimination in Federally-assisted programs of the Department of Transportation (hereinafter, "DOT") Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.

2. Nondiscrimination. The contractor, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The contractor shall not participate either directly or indirectly in the discrimination prohibited by section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

3. Solicitations for Subcontracts, Including Procurements of Materials and Equipment. In all solicitations either by competitive bidding or negotiation made by the contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the contractor of the contractor's obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, color, or national origin.

4. Information and Reports. The contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the sponsor or the Federal Aviation Administration to be pertinent to ascertain compliance with such Regulations, orders, and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information the contractor shall so certify the sponsor or the Federal Aviation Administration as appropriate, and shall set forth what efforts it has made to obtain the information.

5.——Sanctions for Noncompliance. In the event of the contractor's noncompliance with the nondiscrimination provisions of this contract, the sponsor shall impose such contract sanctions as it or the Federal Aviation Administration may determine to be appropriate, including, but not limited to—

a. withholding of payments to the contractor under the contract until the contractor complies, and/or

b. cancellation, termination, or suspension of the contract, in whole or in part.

6. Incorporation of Provisions. The contractor shall include the provisions of paragraphs 1 through 5 in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations or directives issued pursuant thereto. The contractor shall take such action with respect to any subcontract or procurement as the sponsor or the Federal Aviation Administration may direct as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that, in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the contractor may request the sponsor to enter into such litigation to protect the interests of the sponsor and, in addition, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

Alderman Bilandic thereupon moved that the City Council *Pass* the pending proposed Annual Appropriation Ordinance for the Year 1975 (being the Budget Document for the Year 1975 *as amended* by the City Council).

The motion *Prevailed* and said proposed Annual Appropriation Ordinance was *Passed,* by yeas and nays as follows:

Yeas—Aldermen Roti, Barnett, Kenner, Evans, Sawyer, Cousins, Adduci, Vrdolyak, Bilandic, Madrzyk, Burke, Lawlor, Shannon, Hines, Fitzpatrick, Kelley, Stewart, Stemberk, Rhodes, Marzullo, Zydlo, Ray, Washington, Cross, Filippini, Gabinski, Frost, Laskowski, Aiello, Casey, Cullerton, Laurino, Pucinski, Natarus, Fifielski, Cohen, Hedlund, Stone—38.

Nays—Aldermen Despres, Singer, Simpson, Hoellen—4.

The following is said Annual Appropriation Ordinance for the Year 1975 as passed:

THE ANNUAL APPROPRIATION ORDINANCE OF THE CITY OF CHICAGO FOR THE YEAR 1975.

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The following sums of money set apart according to departments and other separate agencies of the City Government are appropriated from the respective funds designated in this ordinance for the objects and purposes stated herein to defray necessary expenses and liabilities of the City of Chicago to be paid or incurred during the fiscal year beginning January 1, 1975.

SECTION 2. The estimates of current assets and liabilities as of January 1, 1975, the estimates of the amounts of such assets and of the revenues of 1975 available for appropriation, the amounts appropriated, the objects and purposes of such appropriations and the salary rates of all City officers and employees are shown in detail hereinafter.

SECTION 3. In any appropriation where three asterisks (***) appear immediately after the department code number, expenditures thereunder shall be accounted for under statutory standard accounts, as expended, designating objects and purposes of operation and administration.

SECTION 4. Included in the appropriation for Personal Services in applicable departments, bureaus and agencies is an account appearing as Code No. ".015 Schedule Salary Adjustments" provided for the purpose of implementing the compensation plan for classified city employees adopted by the City Council, the Salary Schedules of which plan, class grades one to twenty-one, both inclusive, are made a part hereof. The amounts set up under account .015 for "Schedule Salary Adjustments" are for the adjustment of Salaries (a) of all employees who are at the entrance rate indicated in the schedule for the grade level of their positions and who after six months of satisfactory service are entitled to a salary increase under Schedule B; (b) of employees who are entitled to adjustments to Intermediate Rates or Maximum Rates prescribed in Schedule B for the grade level of his position after completing the additional periods indicated; and (c) of employees who are entitled to salary adjustments under Schedule C after completing the periods of service specified in said Schedule C; and (d) base salary schedules for uniformed Firefighters and Sworn Police Personnel, as set forth in Schedule D; and (e) Base salary schedules for Registered Nurses as set forth in Schedule S and longevity schedule as set forth in Schedule T; and (f) Base salary schedules for Physicians as set forth in Schedule E; and (g) Base salary schedule for Technical Employees as set forth in Schedule G and defined in the classification and pay plan as adopted by the Civil Service Commission. The class grade for each class of positions is set forth in Civil Service Schedule A—Schedule A-1 Classified Positions; Schedule A-2 Classified Service TSP; Schedule A-3 Department of Law; and Schedule A-4 Board of Election Commissioners as on file at Civil Service Commission. The Resolution setting forth employee benefits, and the Classification and Compensation plan for city employees, adopted by the City Council, is by reference thereto incorporated herein and made a part hereof.

SECTION 5. The appropriations for liabilities at January 1, 1975, shall not be construed as approval of any such liabilities, but shall be regarded only as appropriations for the payment thereof when they have been found to be valid and legal obligations against the City of Chicago and have been properly vouchered and audited.

SECTION 6. The appropriations herein made for personal services shall be regarded as maximum amounts to be expended from such appropriations. Such expenditures shall be further limited to employment of personnel only as needed, or as may be required by law, not to exceed the specified maximum number designated in this ordinance for any office or position by title. When there is no limitation as to the maximum number that may be employed for any office or position by title, one person may be employed or more than one person may be employed with the approval of the Budget Director and the Comptroller regardless of whether such title is printed in the singular or plural. The salary or wage rate fixed shall be regarded as the maximum salary or wage rate for the respective offices or positions fixed on a daily, weekly or monthly basis are subject to change by the City Council during the fiscal year in accordance with the prevailing wage rates in private employment for such employees. The salary or wage rates fixed are on a yearly basis unless otherwise indicated. Abbreviations or symbols used in this ordinance are as follows: m. monthly; w. weekly; d. daily; h. hourly; v. visits; P.T. part-time.

No officer or employee shall have the right to demand continuous employment or compensation by reason of any appropriation if upon the determination of the Department Head, his services are not needed and it becomes necessary to lay him off on account of lack of work or lack of funds. In case of a vacancy in any office or position, the head of a department in which the vacancy occurs shall not be required to fill such office or position if, in his judgement and discretion, there is no necessity therefor.

On or before the first day of February 1975, and on or before the first day of August 1975, the head or acting head of each department, commission, or board covered by this ordinance shall file with the City Comptroller for public inspection, a report showing all federal funds received or administered by it during the preceding months of July 1974 through December 1974 and the months of January 1975 through June 1975 respectively, the amounts disbursed, purposes for which disbursements were made and a list of any pending applications for federal grants of credits or funds to his department, commission or board.

The report shall include funds received or administered (1) directly from the Federal Government and (2) from the State of Illinois as a grant or disbursement made out of federal funds or grants.

A department head whose department receives or administers no federal funds shall be deemed to satisfy this requirement by filing a report stating that fact, which report shall be deemed to continue in effect as a continuing report of no federal funds until such time as there is a change.

SECTION 7. Any employee who is required and is authorized to use his personally owned automobile regularly in the conduct of official City business shall be allowed and paid twelve ($.12) cents per mile allowance for the number of miles per month use of such privately owned automobile, to a maximum amount of One Hundred Thirty-five Dollars ($135.00) per month.

Estimates of assets and liabilities as of January 1, 1975 and estimates of the amount of such assets and revenues which are appropriable for the year 1975.

MAYOR'S COMMITTEE FOR ECONOMIC AND CULTURAL DEVELOPMENT

1975 Operations Plan—Summary

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
I. Industrial Conservation	Keeping industry in Chicago by responding to companies' needs for assistance. Advising firms and arranging programs of compliance with City regulations on zoning, building standards, pollution control, etc.	Intensive work with some 40 firms employing approximately 19,000 people with a yearly payroll of $170 million. In addition, limited assistance will be provided to another 150 firms.	$ 35,014
II. Individual Company Expansion	Enabling firms to grow in Chicago, protecting Chicago's industrial plant from obsolescence and assuring the development of employment opportunities in the City.	Assembling land packages and helping to secure the City cooperation necessary in major investment projects, for the physical expansion of approximately 20 companies. These projects will involve the expansion of an employment base of about 7,500 persons with annual payrolls of about $65 million. Less formal efforts in assisting expansion will involve another 20 to 30 firms.	35,014
III. Industrial Land Development	Bringing new industry and jobs to the City of Chicago. Suitable vacant land is located and made available for productive use, necessary public investment in sites in the form of capital improvements is arranged for, and the cooperation of public utilities in servicing sites is secured.	Active involvement in the establishment of some 15 individual firms on new sites. In addition, activities in industrial land development will involve working with community economic development organizations, business associations, and industrial park developers.	39,502
IV. Research and Economic Planning	Providing the City with a systematic program of economic development. Recommending development policies in direct reports to the Mayor, and providing research capability to groups involved in industrial development.	Technical and research studies will be conducted for the Mayor's Council of Manpower and Economic Advisors, and on the EDA-sponsored Mid-Chicago Economic Development Project. Research reports and proposals, will be prepared on industrial revenue bonding, the creation of an economic development authority, and other economic plans and programs. In addition, numerous requests for information, technical advice, and statistical data from City departments, firms and developers, universities, and community groups will be answered.	53,085
V. Cultural Development	Serving as advisor to artistic groups and encouraging the development of artistic organizations in Chicago. Sponsoring a year-around schedule of free public performances in the Civic Center by local community, ethnic, and professional groups.	Administering the City's theatrical community center program, giving special assistance to four or five community theaters. The Committee plans to sponsor performances by about 25 community groups, 25 ethnic organizations, and 20 professional ensembles.	36,814
VI. General Support	Administration and supervision not identifiable with any specific program element.		45,588
		Total	$ 245,017

MAYOR'S OFFICE FOR SENIOR CITIZENS

1975 Operations Plan—Summary

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
I. Co-ordination of Available Elderly Services			
A. Information and Referral	Provision of information and referral to senior citizens, their families and others who need special help in overcoming problems with services and service agencies. Working with individual elderly persons to help them get the services that they want and need, including follow-up.	An estimated 25,000 information cases and 3,750 referrals will be handled.	$ 77,008
B. Group and Agency Assistance	Assisting social agencies, business, labor, government, and senior citizen clubs and groups, in developing programs and legislation, funding of proposals and promoting the development and use of services to help the elderly remain active in their own homes and communities.	An estimated 500 organizations will receive assistance. Retirement planning for the 45 to 64 age group will be provided to 250 more organizations. Maintenance of existing senior citizen clubs and organization of new ones to build an appropriate city-wide distribution of clubs and groups based on need and population.	127,521
II. Development of Programs For The Elderly			
A. Research	Analysis of the problems and needs of the elderly to determine recommended allocation of program resources. Maintenance of a current and comprehensive inventory of services, agencies and resources for helping senior citizens.	Identification, evaluation and priority ranking of needs of the elderly in MOSC's 5 service areas. The Information and Document Center on Aging is used by researchers of 100 community agencies.	75,862
B. Planning and Grant Development	Development of a plan for comprehensive, coordinated services for Chicago's elderly, identification of funding sources and securing grants for needed services.	Will conduct a minimum of 25 meetings of The Planning Council on Aging and its committees, and 25 senior citizens caucuses in the neighborhoods.	66,546
C. Training in Aging	Training of older persons, students, and others to develop senior citizens, staff, and community leadership knowledgeable about the problems of the elderly and how to solve them.	Conduct at least three training programs for staff, three leadership training programs for senior citizens, six retirement programming workshops for businessmen, and conferences on inter-generational programs, pre-retirement programs as adult education, and a national research utilization conference to report the results of Senior Central.	46,083

DEPARTMENT OF LAW

1975 Operations Plan—Summary

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
I. General Counseling			
A. Contracts, Leases and Grants	Draft, review and approve all legal instruments and documents relative to the conduct of municipal affairs.	Contracts entered into by the City to secure services, materials or supplies require the Department's review and counseling. The adequacy of the contract form and the legality of the undertaking are tested against relevant statutes and ordinances. City leases of property for municipal purposes and applications to the state and federal governments for grants-in-aid are prepared and reviewed by the Department to assure their legal status.	$256,105
B. Ordinance Drafting and Legislative Review	Provide City departments with the legal judgments and drafting skills required to prepare legally sufficient ordinances and bills.	City departments, in meeting their assignments, may suggest the need to revise, expand or clarify municipal ordinances. Advances in technology and construction techniques require revision of standards for building, fire, and health protection, etc. The activity of the Illinois General Assembly in passing state laws which define, expand or limit municipal powers must be reviewed so that their impact on City of Chicago government may be made known to local legislators.	30,147
C. Opinions, Departmental Counseling	Provide City Departments with counseling and formulate opinions relative to their day-to-day activities.	City agencies and departments receive the advice of the Department in the day-to-day conduct of municipal affairs to assure that they are carried out in accordance with prevailing law. Formal legal opinions are rendered upon request of operating agencies.	164,630
II. Civil Litigation			
A. Personal Injury and Property Damage	Appear and defend the City, its officers and agencies in litigation relating to claims of injury or property damage.	More than 1,500 personal injury and property damage cases are filed against the City of Chicago annually. Allegations range from official misconduct to negligent operation of a City vehicle, or defective sidewalks and streets. Claims against the City require aggressive defense so as to minimize the cost of these matters. Approximately 1,700 such cases will be disposed of during 1975.	542,549

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
B. Extraordinary Remedies and Land Acquisition	Appear and defend all cases challenging official conduct or validity of existing ordinances. File condemnation actions for land required by City agencies.	The validity of the Chicago Zoning Ordinances is frequently challenged by those desiring to develop real estate in a manner at variance with the uses prescribed in the Zoning Code. This Department is charged with the responsibility of defending the Zoning Code and all other City ordinances when they are challenged. The Department appears and defends City officials against whom legal action is brought to compel their action or enjoin them from performing their responsibilities. Condemnation cases are filed by the Department on behalf of the City of Chicago to secure real property which is necessary and desirable to fulfill municipal services.	$329,719
C. Collecting Debts Owed to the City	Prepare and process correspondence and litigation for collecting debts owed to the City.	Delinquent water bills, delayed payment for inspectional services, foreclosure of liens placed on property to recover the cost of extraordinary municipal services relating to the property and claims for damage done to City owned property constitute the bulk of the collection efforts of this Department. City agencies request Law Department assistance in collection efforts when their own procedures have failed to produce a satisfactory return. More than $1 million is collected annually by this activity.	92,070
D. Investigation Activities	Verify or refute allegations of injury, extent of liability, legitimacy of the cause of action. Special process serving.	Department investigators prepare a report on all personal injury suits against the City, interview witnesses, photograph the site, secure hospital records and doctors' statements and interview potential witnesses. Investigative staff is also utilized to secure service of process in those cases requiring emergency court hearings or where customary service has failed to ascertain the whereabouts of litigants.	297,772
E. Other Cases	Institute litigation in instances where the City's rights require judicial action. Defend all other cases.	Many new service programs and activities require judicial review and approval. This Department appears in court to justify local governmental involvement in these activities.	44,047

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
III. Ordinance Prosecution			
A. Building, Housing, and Fire Code Cases	Prepare, file and prosecute cases of alleged violations of Chicago safety ordinances.	The City's program to arrest and eliminate slum and blighted housing conditions requires litigation in those cases where attempts to secure voluntary compliance have been unproductive. Approximately 17,000 such cases will be disposed of by City attorneys during 1975. Remedies solicited from the court range from a request for the building to be demolished because of its extreme deterioration to a fine for those cases of minor safety hazards.	$ 955,080
B. Traffic Cases	Prosecute cases involving violation of State motor vehicle laws or City traffic ordinances, to promote respect for and adherence to traffic regulations.	More than 2 million parking tickets and in excess of 1 million moving violations are prosecuted annually.	**637,352**
C. Ordinance Enforcement Activities	Prepare, file and prosecute, at the request of City departments and inspection agencies, all violations of the Municipal Code.	Illegal dumping, air pollution, consumer fraud, private use of the public way, operating a business without a license, possession of an unregistered weapon, sale or display of obscene materials are but a few of the large number of ordinance violations which are discovered by City departments and forwarded to this Department for legal action. A suit for fine is the customary course of action. In select and aggravated situations, however, a suit for injunctive relief to abate the conduct is employed.	264,831

IV. Administrative Hearings			
A. Personnel Matters	Prepare charges and present departmental evidence before the Police Board or the Civil Service Commission in cases in which an employee's conduct is alleged to be detrimental to departmental discipline or efficiency. Present City's medical testimony and other briefs in Workmen's Compensation cases.	Employees with Civil Service status may not be removed from their position without charges being filed and a hearing held to determine "cause" for removal. At the request of City agencies, this Department prepares those charges and presents the relevant facts in hearings conducted before the Police Board or the Civil Service Commission. Employees injured while in the course of their officially assigned duties are covered by Workmen's Compensation and this Department annually disposes of more than 500 Workmen's Compensation claims before the Illinois Industrial Commission.	$208,583
B. Utility Rate Matters	Represent the City as a user and its citizens as customers in utility rate cases.	Public utilities must justify any rate or tariff increases at hearings conducted before the Illinois Commerce Commission, the Interstate Commerce Commission and the Federal Power Commission. Members of this Department participate in each matter filed. Justifications for proposed rate changes presented by the utilities are challenged at appropriate hearings by members of this Department who cross examine witnesses and present additional information to aid the Commission in its consideration of the proposed rate increases.	123,683
C. Other Hearings	Prosecute or defend the City and its officers before all other legally constituted administrative hearing agencies.	Liquor license cases, hearings before the Zoning Board of Appeals, hearings before the U. S. Civil Service Commission, proceedings involving the Wage and Price Stabilization Board, and numerous other matters are presented annually to various administrative agencies constituted by law to provide due process hearings in many varied fields of municipal law.	72,477

V. Appeals and Review	Provide review of all departmental trial activity and prepare abstracts, briefs and arguments for Appellate review.	The Department prosecutes appeals of important legal questions to those federal and state courts of appellate jurisdiction. Appeals filed by or against the City demand the sophisticated legal attention of attorneys with appellate practice experience. Emerging home rule concepts demand forceful and enlightened advocacy of City of Chicago cases as well as involvement in important home rule appeals filed by or against other municipalities. In 1975 more than 100 cases will be briefed and argued by this Department before the Illinois Supreme and Appellate Courts and the federal courts of appellate jurisdiction.	**$ 412,278**

DEPARTMENT OF LAW

The Corporation Counsel is the legal advisor for the Mayor, the City Council and the several officers, boards and departments of the City. It is his duty to appear for and protect the rights and interest of the City in all actions, suits and proceedings brought by or against it or any city officer, board or department.

Eighteen per cent of the amount expended hereunder, exclusive of special assessment and special litigation expense, to be reimbursed from the Water Fund as its proportionate share of this expense as per Section 7-14 of the Municipal Code of Chicago.

DEPARTMENT OF PURCHASES, CONTRACTS AND SUPPLIES

1975 Operations Plan—Summary

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
I. Acquisition			
A. Procurement	Assure the availability of material, equipment and services for all City of Chicago departments and agencies at the lowest possible cost.	The Department assists in developing specifications, determines sources of supply, solicits competitive bids and awards contracts to the lowest responsible bidder. It is anticipated that during 1975 approximately 17,000 individual transactions will be consumated with a total dollar value exceeding $175,000,000.	$ 804,381
B. Quality and Safety Assurance	Assure that materials and equipment purchased by the City of Chicago fulfill the specification requirements, contain no serious defects and can be used safely.	Through the application of physical and chemical testing procedures confirm that the items delivered to the City actually conform to the contract requirements. In addition, the Department evaluates new materials and techniques that appear to be more effective or efficient.	486,675
II. Materials Management	Receive, store and issue material to City departments and agencies to assure prompt delivery and economical operations.	Maintain optimum inventory levels, control inventory and inventory records, and provide security for City-owned goods. A general stores warehouse is maintained as a source of immediate delivery for common use items needed on a daily basis, and allows the City to purchase in volume at attractive prices. It is anticipated that during 1975 the Department will process $40,000,000 of materials for distribution to various City departments and agencies.	1,665,673
III. Reclamation and Salvage	Sell or dispose of material, supplies or equipment declared surplus, obsolete or unusable.	Removes items declared as salvage from active inventories, generates revenue for the City and assures that materials are not wasted but re-cycled.	175,052
IV. General Support	Departmental administration and supervision not identifiable with any specific program element.		233,928
		Total	$3,365,709

DEPARTMENT OF PURCHASES, CONTRACTS AND SUPPLIES

(See Water Fund for other appropriations)

The Department of Purchases, Contracts and Supplies is responsible for all purchasing, including contracts for public works for all City departments, and the Public Library. It exercises general supervision over storerooms, yards and warehouses, and the salvaging of obsolete and usable material. A Board of Standardization establishes standard specifications for items of common usage.

The Corporate Purposes Fund shall be reimbursed from warrants for collection or by charges to other funds benefited or property chargeable therefor for services rendered by this department.

GENERAL STORES REVOLVING FUND

The General Stores Revolving Fund is established for the purpose of providing a central agency for the purchase of material and supplies, stationery, postage, printing and miscellaneous items and commodities that are of common or general use in departments or other agencies of the City government; and also for the maintenance of stock in connection therewith for the use and benefit of departments and other agencies of the City government; and the expense for the purchase of which is to be reimbursed from appropriations of City funds.

This account shall be maintained and used subject to the conditions and limitations of Sections 7-24.1 to 7-24.10 of the Municipal Code of Chicago and the conditions and limitations herein set forth.

The charges for the goods or services furnished shall be based upon the average cost or such other basis as shall be approved by the Comptroller.

Expenditures are authorized for purchases for the purposes designated above.

All administrative expense of operating this account shall be paid from appropriations made to the Department of Purchases, Contracts and Supplies.

BOARD OF HEALTH

1975 Operations Plan—Summary

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
I. Personal Health Care			
A. Neighborhood Health Centers	To provide generalized family health care to persons living in proximity to a Neighborhood Health Center. Services include medical, dental, clinic and public health nursing, hearing, nutritional, social service, health education, vision, laboratory and pharmacy. Areas served are Uptown, Englewood, Holman, Woodlawn, and West Town.	More than 20,000 patients will be enrolled for Neighborhood Health Center services. It is estimated that 300,000 patient services will be provided in 80,000 patient visits. In addition, 8,000 dental cases will be completed. 12,000 home visits will be made to adult patients requiring home health care follow-up; and nutrition counseling will be provided for adult patients.	$ 4,405,179
B. Nursing Care	Home visits to assist families within their own environment to identify and solve problems which affect their health and well-being.	160,000 home visits will be made including 25,000 to children with health problems, 60,000 to families with children in health maintenance, 35,000 for mental health and 12,000 for adult health problems.	1,020,117
II. Maternal, Infant Care and Family Planning			
A. Maternal Care	To reduce the risks from pregnancy and childbirth by providing a full range of maternal health care services. This will include physical and developmental examinations, immunization, screening, counseling and collaboration with specialized services such as nutrition, social service and dentistry, as may be indicated.	The Board of Health will provide prenatal care for one out of every four maternal patients in Chicago. It is anticipated that over 13,000 maternal patients and 9,000 prenatal patients will be examined and cared for. It is estimated that of the 13,000 maternal patients, approximately 2,000 will be diagnosed as high medical risks for which specialized services will be provided.	1,215,014
B. High Risk Infant Care	To reduce the rate of mortality in infants up to one year of age diagnosed as being a high medical risk.	It is estimated that approximately 2,200 infants will be diagnosed as requiring special treatment because of a high risk of medical complications.	185,513
C. Family Planning	To provide family planning services as requested by patients.	It is estimated 15,000 patients will receive family planning counseling and/or medication.	15,481

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
III. Child Health Services			
A. Screening and Diagnosis	To provide specialized health care for pre-school children including physical and developmental examinations, counseling, immunizations, and acute care or referral as indicated in selected target areas. Evaluate children at intervals specified by state law, provide physical examination, dental examination, immunizations, screening laboratory studies and referral for evaluation of abnormalities discovered.	137,000 patient visits will be made including 7,000 in a special acute care program. In addition, 19,000 children will receive examinations other than in total care programs.	$ 2,344,325
B. Dental Care	To provide total dental care (screening, prevention, and treatment) at a variety of locations.	75,000 children will be served in more than 150 school clinics and Head Start Centers located throughout the City. 100,000 children will be served in educational, topical fluoridation and motivational programs in the Chicago Public School System.	609,848
C. Hearing and Vision Testing	To provide comprehensive hearing and vision testing and screening services to children in selected target areas.	16,000 hearing tests and 6,000 vision tests will be given.	107,212
D. Lead Poisoning Control	To reduce the incidence of lead poisoning and minimize the effects on children who have high lead levels in their blood.	65,000 pre-school children will be tested for dangerous lead levels. 4,000 patients with high lead levels will be treated in continuing care programs. It is estimated that in 1974, there will be 900 new cases of lead poisoning in the City.	15,481
IV. Chronic Disease Detection and Prevention			
A. Heart Disease Detection and Prevention	To screen young children for heart murmurs and other abnormalities and evaluate suspected cases to determine appropriate treatment. To reduce the incidence of rheumatic fever by detecting streptococcal infection and treating identified cases.	20,000 children will be screened for heart abnormalities by use of electronic detection equipment. 42,000 children will be tested for streptococcal infection and treated with antibiotics as necessary.	199,121

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
B. Hypertension Control	To screen and evaluate the adult population of a selected community for elevated blood pressure. To bring all confirmed patients with hypertension under effective treatment emphasizing the provision of health education, nutritional counseling and appropriate medication.	12,000 people will be screened for elevated blood pressure of which approximately 2,000 will be found to have hypertension and enrolled in a treatment program. 15,400 home visits will be made by health counselors to provide health counseling to identified patients.	$ 207,448
C. Cancer Control	To screen females for breast, uterine and cervical cancer. To refer for further diagnosis and treatment all patients with symptoms of cancer.	40,000 women will be tested for cancer. Of these, 3,000 suspected cases will be referred for further evaluation and treatment.	298,539
D. Diabetes Control	To screen large numbers of the adult population to detect diabetes and other chronic diseases.	51,000 persons will be screened for diabetes and other selected chronic diseases. It is estimated that 2% of those tested will be found to have diabetes. For these patients, nutritional counseling and referral for treatment will be provided.	474,029
E. Sickle Cell Detection	To test children for the presence of sickle cell trait and to provide genetic counseling when indicated to prevent inheritance of this abnormality.	75,000 children will be tested, and 5,000 identified trait carriers will receive genetic counseling.	15,479
V. Control of Communicable Disease			
A. Immunization	To reduce or eliminate vaccine preventable disease by systematic immunization.	Carry out a City-wide survey of immunity levels of people susceptible to vaccine preventable disease and provide 850,000 immunizations.	149,618
B. Venereal Disease	To prevent, control, and eventually eliminate venereal disease through education, detection, and treatment of identified cases.	Decrease the incidence of infectious syphilis by an estimated 3% and gonorrhea by 7% from the 1974 levels of 939 and 30,000. Conduct 100 informational programs for physicians, nurses and educators. Coordinate mass media programs and conduct 200 informational programs for high incidence groups. 300,000 persons will be tested for venereal disease through which 12,000 cases of gonorrhea and 15,000 cases of syphilis will be identified and followed up. 15,000 patients will be interviewed to assure medical examinations of 30,000 contacts.	857,340

C. Surveillance and Detection	To monitor incidence, coordinate control techniques, and mobilize resources for the containment of disease outbreaks.	An estimated 25,000 epidemiological investigations will be conducted in efforts to reduce the incidence of non-vaccine-preventable diseases.	$ 533,891
D. Tuberculosis Control	To provide treatment for tuberculosis patients as well as follow-up to prevent further spread of this disease.	Approximately 2,500 patients will be treated for tuberculosis on an outpatient basis. In addition, 8,000 significant contacts of newly reported cases will be examined and treated as necessary. These patients will make a total of 75,000 visits to public clinics.	1,658,223
E. Communicable Disease Treatment	To prevent the spread of communicable diseases by isolation and treatment of identified cases, and tracing of contacts who may be infected.	Inpatient care will be provided for 1,000 patients, and outpatient care for 4,000 patients to treat diseases such as measles, mumps, pertussis, tuberculosis, and chicken pox. An education program in communicable disease will be provided to 60 physicians from various hospitals.	1,898,996
VI. Mental Health			
A. Individual Therapy	To provide comprehensive outpatient mental health services to the public on an individual basis with proper evaluation and referral for continuing care.	222,000 individual therapy treatments will be given to 14,000 persons.	1,530,922
B. Group Therapy	To provide continuing treatment service for patients who can benefit from group treatment and socialization programs.	Group therapy treatments will be given to 2,100 persons.	918,433
C. Community Services	To provide consultation services and education and training in mental health on a community basis.	27,000 consultation and 11,000 educational services will be provided to community and governmental agencies, professional organizations and other groups seeking information about mental health.	612,289
VII. Regulation of Products, Institutions and Community Environment			
A. Dairy Products	To protect the public from disease and assure wholesomeness and sanitary conditions in processing milk and dairy products.	23,150 farms, 2,078 dairy plants, and 659 other facilities such as ice cream plants will be inspected on a regular basis. About 5,000 samples will be submitted for laboratory analysis, and corrective action taken as needed.	718,430
B. Meat Products	To protect the public from disease and assure wholesomeness and sanitary conditions in packing and processing meat products.	162 establishments will be under daily inspection to ensure that Federal and City health standards are maintained. 6,400 samples of meat and meat products will be analyzed and corrective action taken as needed.	300,000

BOARD OF HEALTH

The function of the Board of Health is to enforce all laws of the State and ordinances of the City relating to public health. It causes all nuisances affecting the health of the public to be abated, determines when a disease is contagious or epidemic, and establishes quarantine regulations when necessary.

All City employes under the Workmen's Compensation Act and Police Officers and Firefighters are eligible to receive medical attention from the City Physician, and all hospital and medical bills for such employes are approved by him. The City Physician, when requested by heads of bureaus or departments may visit and examine City employes and report on their physical condition.

COMMISSION ON HUMAN RELATIONS

1975 Operations Plan—Summary

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
I. Assuring Full and Equal Opportunity In Housing	Assuring full and equal opportunity to all residents of the City to obtain fair and adequate housing without discrimination against them because of their race, color, sex, marital status, religion, national origin or ancestry.	Approximately 200 complaints charging unlawful housing practices of discrimination or panic peddling will be initiated or received and investigated to determine the facts. An estimated 50 conciliation conferences will be held and 10 public hearings conducted. Reviews of approximately 150 applications for broker licenses will be conducted and approximately 100 real estate firms will be checked to determine compliance with the Chicago Fair Housing Ordinance. Approximately 400 complaints relating to housing problems or misunderstandings will be handled by staff.	$ 236,732
II. Assuring Equal Employment Opportunities	Assuring that city contractors provide hiring, promotion and equal treatment for all employees without regard to race, color, sex, religion or national origin.	An estimated 135 complaints of discrimination by employers will be investigated. Resolution of complaints will result in redress or determination of validity of the charges. Personnel practices and Equal Employment Opportunity efforts of over 400 firms will be reviewed by professional field staff. Executives of these firms will be counseled in the effectiveness of their current program and made aware of their obligations under city, state and federal law.	115,373
III. Assuring Full and Equal Access to Places of Public Accommodation and Amusement	Investigate charges of alleged discrimination in places of public accommodation licensed by the City, to reduce discrimination against individuals or groups because of race, color, sex, creed, national origin or ancestry.	Approximately 100 complaints in these categories will be investigated and resolved.	30,739

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
IV. Improvement of Police-Community Relations	To assure that every citizen in the City is accorded his rights under the law and is treated at all times with dignity and respect by members of the Police Department.	The objectivity of investigations by the Chicago Police Department when excessive force is alleged will be monitored. Approximately 1,100 allegations will be investigated during the year. Statistical data reflecting the findings and dispositions recommended by this Commission will be published. Expert advice and assistance will be given to the Police Department to encourage high standards of professionalism in developing good police-community relations which keep the peace, promote tolerance and good will toward the total citizenry.	$ 122,715
V. Community Stabilization and Reduction of Prejudice	To create a climate of tolerance and good will by assuring that community areas remain stable and that prejudice is reduced.		
A. Education and Information	Disseminate information about individual civil rights; the services of the Commission and other City agencies. Dispel false rumors which disrupt community tranquility.	Approximately 500 radio programs and more than 1,000 spot announcements geared to minority group members will be produced. Through the use of a newsletter and bilingual publications and pamphlets, thousands of residents will be made aware of their civil rights, the legal prohibitions against discrimination and the means of obtaining redress under city ordinances. Individuals, organizations, community leaders, the clergy and industrialists are kept advised of the facts surrounding major crisis situations when they occur in their communities. A 24-hour telephone service is maintained so that citizens may obtain immediate assistance with the most urgent problems.	88,659
B. Assistance to Schools	Assisting public and private school systems in improving human relations through receiving and investigating complaints alleging discrimination because of race, sex, religion or ethnic origin.	An estimated 150 complaints and inquiries will be handled.	34,769
VI. General Support	Administration, supervision, and facilities necessary to sustain operations not attributable to specific program areas.		185,248
		Total	**$ 814,235**

COMMISSION FOR THE REHABILITATION OF PERSONS

1975 Operations Plan—Summary

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
I. Inpatient Rehabilitation	Treatment of alcoholics to help them to become sober, gainfully employed, productive individuals.	It is estimated that there are 235,000 alcoholics in the City of Chicago. It is anticipated that 675 males and 250 females will be admitted to the inpatient program in 1975.	
A. Medical Services	Examining all applicants to determine whether they should be admitted to the program. Providing proper treatment for health problems of those admitted.	The medical staff will perform thorough examinations on 1,025 applicants to decide on the most appropriate treatment. A proper medical plan will be developed for each of the admitted patients. The medical staff will refer 100 applicants to other facilities which are suited to handle their specific ailments. Approximately 550 patients will be treated for secondary problems such as diabetes, malnutrition, bronchitis and heart conditions. 350 patients will be given temporary glasses to use at the Center and 175 will be referred for permanent eyeglasses.	$361,072
B. Mental Health Services	Providing mental health services to inpatients to break the self-destructive cycle of the alcoholic and return him to society as a productive person with a greater sense of personal, family and civic responsibility.	Staff will interview 1,650 applicants to determine the most appropriate treatment. All inpatients will be admitted to a group for limited term therapy. Mental health staff will refer 625 applicants to other agencies which are more suitable for handling their problems.	176,214
C. Additional Inpatient Services	Providing vocational counseling, recreation, Alcoholics Anonymous, spiritual guidance and educational services. Alcoholism is generally accompanied by other problems such as lack of a job, inability to use spare time effectively, and a feeling of loneliness. To help patients make a satisfactory adjustment, services which deal with these problems are provided.	It is estimated that 225 male and 50 female inpatients will secure direct employment through the efforts of vocational counselors. In addition, 90 male and 125 female inpatients will be referred for some form of public assistance. 600 patients will receive information on the General Education Development Program. All patients will have available printed materials and will view films which will educate them about alcoholism. The recreation program provides over 120 different handicrafts and activities and numerous indoor and outdoor sports and games for all patients. It is estimated that 900 inpatients will attend open A.A. meetings and 650 will attend closed discussion A.A. meetings. It is expected that 350 of these patients will remain A.A. members after discharge from the program.	77,504

Commission For the Rehabilitation of Persons—*Continued*

1975 Operations Plan—Summary—Continued

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
II. Outpatient Clinic	Provides a broad range of outpatient services to former patients and others.		
A. Aftercare	Provides follow-up services for former resident patients. As needed, services such as medical evaluation, counseling, religious guidance, vocational counseling or A.A. are provided.	It is anticipated that 50% of all former inpatients will eventually use one or more of these outpatient services. In 1975, it is expected that 7,000 services will be performed for former patients at the clinic. Of these it is expected that 3,400 will be medical services, 2,250 supportive visits, 700 for examinations and prescriptions and 650 for additional counseling. In addition, it is anticipated that 3,500 former patients will attend A.A. meetings at the Center.	$ 63,886
B. Outpatient Rehabilitation	Provides all services except residency for those who do not need inpatient care, or cannot leave their jobs or families.	It is anticipated that 3,500 services for persons who have never been inpatients will be performed by the outpatient program in 1975. These will include 2,500 medical services and 1,000 support or counseling services. It is expected that 800 new patients will be admitted to the outpatient program.	56,063
III. Education, Information, Training and Research			
A. Education and Information	To inform the community about the problem of alcoholism and explain and make better known the treatment programs available.	The staff plans to participate in 150 lectures and seminars and 15 television and radio shows. In addition to providing greater awareness of the problems of alcoholism, this should result in the referral to the center of persons in need of its services. It is anticipated that the outpatient clinic will refer 125 persons to other agencies and will answer 5,000 requests for information.	39,307
B. Employee Counseling	To provide counseling, guidance and training to City of Chicago employees concerning alcoholism and related problems.	Provides for an increase in job efficiency by elimination of work impairing problems.	48,948
C. Training	To provide training for those who deal with alcoholism.	In 1975, we plan to provide training and supervision for 4 psychiatric residents, 2 social work students and a psychology intern.	15,086
D. Research	To add to the existing body of knowledge about alcoholism and to evaluate the rehabilitation program.	It is anticipated that four major research studies will be conducted during 1975.	24,405

DEPARTMENT OF HUMAN RESOURCES

1975 Operations Plan—Summary

The Department of Human Resources is a citywide agency dedicated to the expansion of human opportunity through development of communities, families, youth, and persons of all ages. DHR cooperates with civic, citizen, business, and voluntary groups, working for the betterment of community life through its 26 field offices and more than 1,000 neighborhood sites. Families in stress, delinquent, pre-delinquent and other youth, as well as older persons benefit from programs sponsored directly by or through the department. Community improvement and betterment is achieved through citizen and youth leadership programs, community education, and assistance to local and citywide groups in developing resources, services, and leadership.

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
I. Community Development			
A. Community Programming	To strengthen the community's capability to use existing facilities and resources and to stimulate the development of new programs and services; to develop strategies to inform and involve citizens in programs and services of the City; and to provide emergency assistance to communities at times of crisis.	1,000 local community sites will be identified and selected for programming. 180 community groups will receive staff support in order to expand existing or develop new programming. 6 community resource directories will be produced. Staff will participate in 300 community meetings. 100 educational and informational meetings will be convened.	$ 638,467.
B. Leadership Development	To encourage the development of local citizen councils and groups which will serve as advisors to Departmental and community programming; to provide training for these councils and other potential community leaders; to provide technical assistance to citizens and groups and convene community conferences for the purpose of identifying community issues and concerns; evaluating resources to meet needs and recommending ways to improve the delivery of services at the community level.	34 Advisory Councils or Committees will be established and maintained composed of 550 individuals or representatives of various public and private agencies, business groups, and community groups. 10 training conferences or workshops will be held to develop community leadership skills. 1,500 adult volunteers will be recruited to help in scout programs, athletic activities, field trips, and cultural events.	359,380
C. Intergroup Coordination	To improve communications and effective working relationships among groups, agencies, organizations and institutions at the local community level, by organizing and convening meetings and committees where information regarding common issues and concerns can be shared.	23 intergroup committees will be organized and maintained. New committees will be organized as the need arises. Staff will participate in 200 meetings for the purpose of establishing new or enhancing existing cooperative relationships.	272,209

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
II. Youth Development			
A. Youth Guidance and Counseling	To divert youth from involvement in the juvenile justice system by improving their own abilities to relate to themselves, their families, and their communities. Services to youth range from individual counseling, referral and linkages to specialized services, group counseling; youth and family counseling, to the provision of a stable home-like living situation as an alternative to incarceration. In addition, youth victims of crime and their families are provided assistance at the time of crisis.	Case assessment, counseling and supportive services will be provided to 23,000 youth and their families who are referred by the Chicago Police-Youth Division, courts, schools and other public agencies. Programs tailored to specific needs will be developed and implemented for 5,000 youth. Crisis intervention services will be provided to 500 youth and their families who are victims of crime. 15 group homes will provide residential care to 190 youth. 15,000 contacts to community-based agencies will help develop and/or augment youth programming. Skill training and job placement will be provided to 100 youthful offenders and ex-offenders. Referrals will be made for 8,000 youth and their families to agencies which provide supportive services.	$ 684,361
B. Interagency Coordination	To improve the effectiveness of the juvenile justice system by physically locating all components of the system in the community; by systematically sharing information; through mutual policy development; and through joint program planning and implementation.	Joint Youth Development Centers (JYDC) which provide common program space for each juvenile justice system component will be maintained in five different geographic areas of the City. Staff will collaborate in 400 cases to jointly assess youth problems and to develop coordinated service plans. Mutual policy development of component agencies will be augmented through 12 monthly meetings between the middle management personnel and 4 quarterly meetings between the administrators of each juvenile justice system agency. Joint programming will be augmented through data generated by each JYDC's information system and 12 monthly meetings at each of the five JYDC's between the combined staffs.	175,861

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
C. Leisure Activities	To provide opportunities for the intellectual, social and physical development of youth; to improve communication and understanding among youth from all areas of the City; and to direct youth energies into constructive channels. Types of activities for youth range from resident camping; developing musical skills and talents through participation in the DHR choir; to assist in the organization and management of sports and games at the community level.	150,000 youth will be recruited for a wide variety of Department and City sponsored programs: basketball, volleyball, and softball tournaments, track and field events, chess tournaments, field trips to various cultural and recreational experiences, art fairs, etc. 2,400 Inner City youth will spend one or two weeks at resident camps during the summer. 440 youth will participate in weekend resident camping during the fall and winter. 12 choir performances will be scheduled.	$1,001,544
D. Employment, Placement, Career Development	To assist youth in choosing appropriate job and career goals through personal counseling; to further assist youth in pursuing these goals through the provision of work and training experience; financial assistance in the forms of stipends; budget management; supplementary education; and cultural enrichment programs.	1,500 youth will be placed in full-time positions during the summer. 80 youth will receive in-depth personal assessment and intensive counseling as well as support for their enrollment in a higher education program. 220 youth will receive general counseling services and participate in cultural enrichment programs.	102,178
E. Nutrition	To provide wholesome meals as well as training in nutrition for disadvantaged youth.	3.8 million meals will be served to youth at 800 different sites during the summer. An average of 76,000 meals per day will be served.	105,503
III. Family Development			
A. Family Services	To strengthen family functioning and prevent family breakdown by providing services which range from individual and family counseling, information and referral, job placement; short-term supportive services such as housekeeping, transportation and other direct services which enable a family to function more effectively in urban society.	4,500 individuals and family members will receive counseling for both short-term emergency and long-range needs. Referrals to resource agencies will be made on 4,500 requests initiated by individuals, other service providers, and the media. Direct services to consumers, tenants, and the homebound ill will be provided to 600 individuals. Homeless men will utilize shaving, reading, and rest facilities 16,500 times.	358,990

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
B. Crisis Intervention	To provide emergency assistance to individuals and families during time of personal crisis. This program frees police from non-law enforcement services and provides immediate social services on a 24-hour seven day per week basis.	Expansion of this pilot program into two additional police districts will result in emergency social services for 3,000 individuals and family members. Each person reached will receive an initial needs assessment and emergency service based on individual problems. Each person will also receive a fuller needs review, additional referrals and follow-up with servicing agency.	$ 256,535
C. Leisure Activities	To provide recreational and cultural activities focused upon involving all members of the family as active participants, to improve their inter-personal relationships.	Family resident camping on weekends on a year around basis; family outings, picnics, social events, block parties, and other recreational events are examples of family leisure activities provided. 40 Neighborhood Assistant sites program family recreation during the early evening hours. An estimated 2,250 campers representing 450 families will participate in weekend camping.	185,287
D. Resource Development	To assess family needs; evaluate resources and determine areas of unmet need. To develop methods for increasing the utilization and coordination of existing resources; and to create new resources when needed. Methods used by the Department will include the development of resource inventories by community areas, organization of community workshops and Citywide meetings to review and evaluate human resource issues and programming; and the assessment of family needs by community leaders and local residents.	Survey and analysis will produce resource utilization patterns and family needs profiles organized by the Department's community service area boundaries. A resource file of agencies serving the City's 76 community areas will be established and maintained. 2,250 agency representatives, community residents, and social service professionals will attend 45 community and Citywide meetings to discuss human resource issues. Identification of 7,000 job openings will be done through canvass of 1,100 employers. 600 individuals will attend 12 community meetings on employment market issues.	169,857

1975 Operations Plan—Summary

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
I. Crime Control			
A. Prevention and Discovery	Provide protection against loss of life, bodily injury, and loss of property due to unlawful actions of individuals and organizations.		
1. Patrol, Observation, Investigation and Apprehension	Discourage criminal activity and reduce opportunities for the commission of criminal offenses through conspicuous police presence and rapid response to emergency calls; solve crime and apprehend offenders.	The Department will deploy 1,277 distinctively marked motor beat cars on preventive patrol duty. Approximately 1,000 of these will be staffed by two police officers and the balance will be one man cars. These cars will respond to approximately 2,650,000 calls from citizens for police service and will expend 2,000,000 man-hours conducting preliminary investigations at the scene. These units will effect the arrest of approximately 234,000 offenders. Through the investigation process, elements of crime will be established, reports prepared, physical evidence will be gathered and analyzed, utilizing criminalistic, photographic, polygraph, latent print, electronic, and questioned document examinations, and evidence will be secured for court presentation. Field interrogation will be conducted of suspicious persons, and surveillances and stake-outs will be established to identify, locate, and apprehend offenders. Further investigations of reported crimes will be conducted by Criminal Investigation Division personnel. Districts will also provide 62 tactical patrol teams consisting of 480 members who will operate independently of the district motor beats and foot beats assigned to geographic patrol beat areas. The Special Operations Group will also deploy 107 vehicles (82 marked and 25 unmarked) as a flexible support force to provide additional patrol coverage to areas indicating an unusual need for specialized, concentrated patrol. Two hundred and twelve (212) police officers will provide security and protection to passengers of the Chicago Transit Authority rapid transit system.	**$130,643,206**

2. Youth	Curtail and prevent the commission of crime by youthful offenders. Identify causes of delinquent behavior and arrange for referral of delinquent youths to appropriate public or private service agencies for extended guidance and counsel.	The Department will provide a specially trained force of 415 officers who will concentrate their efforts on the deterrence of antisocial behavior of youths. More than 61,000 diagnostic investigations will be conducted in an effort to determine individual causes of delinquent behavior. As a result of interviews and counseling, approximately 43,000 youths will be referred to appropriate public or private youth service agencies for extended professional guidance and counsel, and an estimated 18,000 youths will be considered such a danger to themselves or to the community that they will be directed to the Juvenile Court for hearing and disposition. An additional 67 police officers will be assigned in and around school premises to provide protection and to curtail the incidence of drug abuse, gang violence, auto theft, intimidation, extortion, unauthorized persons entering and disrupting school order, and to discourage loitering and truancy. Officers will visit 18,200 elementary and high school classrooms to discuss youthful activities which often lead to adult criminality. The Department will develop and participate in numerous youth counseling programs and job placement programs for youths, will take custody of approximately 80,000 youths for curfew law violations and will deliver them to the custody of their parents or legal guardians.	$ 1,982,955

3. Law Enforcement and Public Safety, Education and Information	Encourage the participation of the community and business establishments in crime prevention, promote better understanding between the police and the community.	The Department will prepare and distribute approximately 125,000 brochures relating to crime causes and prevention; promote citizens participation in neighborhood safety patrol and neighborhood security programs; register approximately 20,000 bicycles; conduct workshops, seminars and attend approximately 200 association meetings to discuss topics such as burglary prevention, security, theft, and employee safety; maintain continuous liaison with business firms to provide information regarding methods of reducing vulnerability to crime; conduct approximately 500 surveys of business establishments to detect weaknesses in physical security; meet regularly with neighborhood advisory committees to discuss possible areas of misunderstandings between the police and the community; conduct 1,800 Officer Friendly visits with more than 616,700 youths to provide them with an opportunity to develop an understanding of their rights and obligations as citizens, to explain laws, and to encourage youths to view police as a positive influence; remain abreast of community conditions by conducting community workshops and meetings for more than 50,000 people and take appropriate action or relay to the proper authority about 7,000 complaints of neighborhood problems; conduct approximately 500 human relations investigations.	$ 3,276,688
4. Gang Crime Control	Reduce criminal incidents perpetrated by street gangs or by individuals with gang affiliations.	The Gang Crime Investigation Division will conduct operations to determine membership and ascertain the identity of leaders. Members will monitor the activities of organized street gangs to curtail gang related crimes such as intimidation, business extortion, and traffic in dangerous drugs. The Division will investigate reports of illegal gang activities and will confiscate approximately 500 to 600 firearms, $1,000,000 to $3,000,000 in narcotics, and more than $1,000,000 in stolen property.	672,991

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
B. Prosecution, Custody, and Court Appearance	Provide for custody and participate in the prosecution of persons arrested for criminal offenses.	Arresting officers will provide assistance to agencies responsible for prosecution of criminal offenses by presenting all reports and physical evidence for legal review and case preparation. The Department will detain and process approximately 270,000 arrestees; provide care for arrestees in detention facilities and will receive, safeguard, and store physical evidence, stolen property, contraband, and arrestee personal property. Arresting officers will appear at approximately 139,000 administrative hearings, pre-trial hearings, and trial proceedings.	$15,196,313
C. Vice Control	Control illegal activities involving narcotics, prostitution, and gambling.	The Department will investigate all suspected locations of vice activity and will conduct approximately 15,000 vice raids to apprehend offenders and seize evidence. Approximately 21,000 licensed premises will be investigated to detect illegal vice activity. It is anticipated that approximately 38,000 offenders will be apprehended for vice offenses.	7,247,573
D. Organized Crime Control	Investigate and suppress organized criminal activities.	The Department will conduct more than 7,000 investigations to secure information relating to the identity of leaders, members, supporters, associates, activities and businesses that are possibly involved in organized criminal activities; in-depth investigations of the financial manipulation or conspiratorial involvement of crime syndicate figures will be undertaken by the Intelligence Division. It is estimated that 315 raids will be made at locations where surveillance has indicated organized criminal operations and it is anticipated that approximately 400 offenders will be taken into custody.	3,766,343
E. General Support of Crime Control Programs	Managerial, administrative, and clerical activities necessary for the proper functioning of crime control programs.		2,237,289

II. Public Service			
A. Emergency Assistance and Referral	Provide rapid response and service in emergency situations which do not involve criminal activity; provide service in medical emergencies to assure minimum personal injury.	The Department will provide assistance to the public by responding to requests for service, providing information as to the appropriate agency to be contacted for needed service, or by referring the matter directly to the agency concerned; prepare plans for responding to disasters and rendering public assistance to protect life and property; provide for the orderly and rapid activation, assembly, and deployment of resources to prevent or minimize disruptions of the peace and public disturbances; gather, record, evaluate, analyze, and disseminate information on planned disruptive activities. The Marine Unit will respond to approximately 1,500 calls for emergency assistance on the waterways. The unit will remove an estimated 400 navigational hazards, tow 400 disabled vessels, will recover and secure approximately 75 boats, and will rescue approximately 75 persons.	**$17,138,131**
B. Regulation and Licensing	Investigate applicants for various City licenses to assure compliance with legal requirements.	The Department will conduct an estimated 16,000 background investigations of applicants for City licensed premises and will submit findings and recommendations to the Local Liquor Control Commission. Approximately 125 subterfuge investigations will be undertaken to determine whether unauthorized persons own or are involved in the operation of legitimate licensed premises, and license revocations will be sought when investigations reveal such action is warranted.	**1,305,297**
C. Public Vehicle Regulation	Assure that public vehicles are properly licensed and that they are operated in accordance with rules of the Public Vehicle License Commission.	The Department will monitor the operation of public passenger vehicles and will issue citations for Municipal Code or Public Vehicle License Commission rule violations. It is anticipated that inspections by the Department will remove more than 500 improperly licensed or non-licensed vehicles from illegal operations.	**506,948**

III. Traffic Safety and Mobility			
A. Preventive Enforcement	Reduce vehicular and pedestrian accidents and injuries and apprehend violators of traffic laws.		
1. Traffic Patrol	Encourage safe driving practices through conspicuous police presence and enforcement of traffic laws and regulations.	Conspicuous traffic patrol will cover all areas of the City concentrating efforts at locations experiencing high rates of vehicular and pedestrian accidents. Specialized units utilizing Radar and Vascar will be deployed to assure compliance with legal speed limits; technically trained personnel will enforce State and Municipal vehicle weight limitations. It is expected that approximately 3,200,000 citations will be issued for violations of traffic laws, and that 700,000 of these will be for moving violations.	$ 6,331,706
2. Court Appearance and Prosecution	Participate in adjudication proceedings for traffic violators.	Traffic court dates will be scheduled to minimize time spent in court by the public and the police; arresting officers will participate in approximately 51,200 Traffic Court hearings.	1,123,329
B. Accident Response	Respond to scenes of traffic accidents, provide vital services, alleviate congestion to restore normal traffic flow, prepare comprehensive traffic reports.	District motor beat cars on preventive patrol and traffic beat cars will respond to and conduct investigations of approximately 200,000 traffic accidents. It is anticipated that 330,000 man-hours will be devoted to such investigations.	12,594,190
C. Traffic Flow	Provide for the safe and expeditious movement of vehicular and pedestrian traffic.		
1. Intersection Control and Pedestrian Safety	Control and direct traffic at congested Loop intersections.	Police personnel at 60 locations will control and direct the safe movement of more than 250,000 vehicles and 800,000 pedestrians in the Loop area daily.	2,530,200
2. School Crossing Protection	Assure safe movement of children to and from school.	Crossing guards will be assigned to control and direct traffic and pedestrians at 1,206 intersections at which more than 500,000 children must cross arterial streets daily.	18,277,531
3. Parking Control	Ensure the expeditious movement of traffic by enforcing parking regulations.	District motor beat and traffic beat cars will issue more than 2,500,000 citations for violations of parking regulations.	812,674

1975 Operations Plan—Summary—Continued

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
D. Safety, Education and Information	Promote vehicular and pedestrian safety by presenting informational programs to the general public.	Specially trained personnel of the Department will make an estimated 12,000 presentations in traffic safety to approximately 468,000 persons. It is expected that 700 driver improvement classes will be presented to drivers in English, Polish, and Spanish and that 200 sessions will be presented in sign language for the deaf and hard of hearing.	$ 283,106
E. General Support of Traffic Safety and Mobility Programs	Managerial, administrative, and clerical activities necessary for the proper functioning of traffic safety and mobility programs.		1,376,627
IV. Public Order	Assure public safety and minimize disruptive incidents and accidents at parades, athletic events, fairs, expositions, and other special events; assist in assuring the orderly process of elections.	The Department will render public assistance to protect life and property; provide for the rapid assembly and deployment of resources to prevent or minimize disruptions of the peace; gather, record, evaluate, analyze, and disseminate information of community tensions, rumors, and planned disruptive activities. It is expected that 88,000 man-hours will be utilized to maintain order and minimize injuries and accidents at public events. Police officers will also be assigned to 3,215 polling places on election days.	10,716,356
V. General Support			
A. Department Administration	Administration, supervision, and clerical activities necessary to sustain Department operations not attributable to specific program areas.		5,980,635
B. Communications	Provide for rapid response of field units to meet police service requirements.	It is anticipated that the Department will receive 4,400,000 requests for police service. Approximately 2,600,000 of the requests will result in vehicles being dispatched and 1,800,000 of the requests will be relayed or referred to appropriate agencies.	10,078,144
C. Motor Vehicles	Provide new vehicles, service and repair police automobiles, motorcycles, and other motorized equipment to ensure the efficiency of the Department fleet.	The Department will staff four garages and six mobile repair vehicles to ensure fleet safety, discover mechanical deficiencies, and reduce equipment failure as a cause of accidents. Garage personnel will service and maintain the operational readiness of the department fleet of 2,770 vehicles consisting of 15-6-cylinder marked cars, 31-squadrol cabs (without compartment), 108-squadrols, 115-vans and trucks, 209-3-wheel motorcycles, 10-solo motorcycles, 1420-8-cylinder marked cars, and 862-8-cylinder unmarked cars. These pesonnel will also prepare approximately 930 new vehicles for fleet service.	11,984,142

D. Training, Professional Development, and Discipline	Develop the knowledge, skills, and attitudes required for proper performance of duty; assure the integrity and adherence to professional standards of the Department by receiving and investigating complaints against Department members alleging violations of statutes, ordinances, rules or directives.	The Department will provide formal preparatory training for approximately 1,500 newly appointed Police recruits. In addition, the Department will provide in-service training for 5,000 police officers to update their knowledge and skills, a conversational Spanish training program for 160 police officers, computer training for 200 Department members, compulsory firearms training for 13,000 police officers. To ensure operational efficiency and effectiveness, the Department will conduct more than 4,000 field inspections of police personnel, equipment used, and operations performed.	$ 4,783,915
E. Property Management	Provide and maintain adequate facilities to assure continuous functional effectiveness of the Department.	The Department will plan and coordinate property acquisitions; negotiate leases for rented facilities; provide maintenance, improvement, and repair service for all buildings under direct administrative control of the Department.	2,920,568
F. Data Processing	Provide a computer-based data system to collect, store, and rapidly retrieve information necessary for police purposes.	The Department will design, document, evaluate, implement, and maintain computer applications to meet Department data processing requirements.	4,820,313

FIRE DEPARTMENT

1975 Operations Plan—Summary

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
I. Prevention of Fires			
A. Residences	Prevention of fires in residential buildings, such as high rise, multiple dwellings and single-family residences.	Under the supervision of Operation Action and Operation Pride the Fire Prevention Bureau expects to make 50,000 residential inspections.	$ 518,177
B. Schools, Hospitals, Nursing Homes and Day Care Facilities	Inspection of schools and other institutional buildings to prevent fires and assure proper maintenance of existing fire alarm systems.	Each school will be inspected yearly and when violations are found, corrective action will be taken. In addition, all schools will have supervised fire drills once a month; and supervised automatic sprinkler system tests. All hospitals, nursing homes and half-way houses, (1,000 buildings) will be inspected on a monthly basis. All day care centers and day care homes are inspected once a year. When violations are found, subsequent reinspections are made monthly until all violations are corrected. Employees in 250 hospitals and nursing homes will be trained in emergency evacuation procedures.	269,100
C. Hotels, Night Clubs, Large Restaurants and Public Assemblies	Inspection of hotels to protect lives and property of guests. Inspection of night clubs and large restaurants (day and night) to protect lives and property.	Hotel inspectors in the Fire Prevention Bureau will conduct over 15,000 complete inspections of all hotels, night clubs, and restaurants, to eliminate fire hazards and avoid dangerous overcrowding. All fire alarm systems in hotels are checked at time of inspection.	1,033,033
D. Commercial and Industrial Establishments	Inspections to prevent fires and disasters in business and industrial establishments.	Approximately 125,000 inspections of business and industrial buildings will be made to prevent fires, and hazardous conditions.	2,846,025
E. Court and Compliance Inspection	Provide evidence for all court and compliance board proceedings concerning fire department notices of violation.	Approximately 25,000 inspections per year are conducted in conjunction with compliance board and precourt hearings. Court and compliance personnel provide expert testimony in all court proceedings involving Fire Department violation notices. At the compliance board level they assure accurate information for a fair hearing.	305,419

1975 Operations Plan—Summary

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
F. Technical Assistance and Inspection Services	Examination and approval of all plans for installations of fire protection devices, flammable liquid tanks and room and exit signs. Inspection of high rise buildings under construction to assure compliance with fire code safety standards.	A diversified group of services covering plan examination inspections of buildings under construction, ports and harbors inspections, fire pump and automatic sprinkler testing, gas leak inspection and fire alarm systems and exit sign systems. Consulting assistance to the general public, architects and engineers in the interpretation of fire ordinances. Working in cooperation with the fire prevention engineers, advisor inspectors perform inspections and tests to insure proper installation and performance of fire protection equipment, emergency lighting, and hazardous use installations.	$ 632,108
G. Fire Prevention, Education and Information	Coordinate a year around fire prevention program and communicate with the general public regarding fire prevention	An education program to instruct the business community and the general public on how to prevent fires and organize evacuation programs. Information is communicated to the public through news releases and lectures on fire prevention and demonstrations on the proper use and maintenance of fire protection equipment.	105,382
II. Rescue of Persons and Fire Extinguishment			
A. Communications	Operate a 24-hour per day communication center to receive emergency calls from citizens in need of Fire Department assistance. Dispatch equipment to the scene of the emergency and communicate with personnel at the emergency scene to provide additional apparatus and assistance as requested.	It is estimated in 1975 the communication center will receive over 250,000 calls from citizens in emergency situations. The center will dispatch apparatus to these emergencies within 30 seconds after receiving the emergency call. More than 730,000 radio transmissions are expected between fire companies and the communication center to assist fire companies at emergency scenes.	1,344,331
B. Fire Rescue and Extinguishment	Respond to fire alarms within an average time of 4 minutes from receipt of call. Remove fire trapped persons and extinguish fires in buildings, open areas and autos. Contain fires to their point of origin thereby reducing damage and loss of property.	In 1975, per past experience, we expect to fight over 45,000 fires. Of these fires, the Department expects to contain 90% to their point of origin.	71,315,281

DEPARTMENT OF BUILDINGS

1975 Operations Plan—Summary

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
I. Preservation of Existing Buildings	Conservation of existing buildings and structures by elimination of housekeeping and structural defects, through inspections and cooperation with property owners.	A variety of inspections will be made on a scheduled basis, averaging 125,000 annually, to determine proper use or operation of structure, attached equipment and utilities, or operation of the facilities themselves. Under the Neighborhood Service Program, the Department will carry out the full range of inspection and code activities in Urban Renewal Areas—directed at problem buildings and potential sources of blight. Approximately 13,000 such inspections will be made. Speedy response to and prompt investigation of more than 90,000 complaints lodged against existing buildings and structures, from whatever sources, will be further emphasized. Approximately 60,000 notices will be sent to violators and 30,000 are expected to be abated. An average of 12,000 Certificate of Inspection inspections will be made to correct violations prior to sale of property, and to continue the 1974 compliance rate of 90%.	**$ 2,164,893**
II. Prevention and Elimination of Hazards			
A. Inspections and Surveys	Enforcement of the building and housing codes by systematic inspection of property, utilities, equipment, and operation of facilities to detect violations which may prove directly injurious to the health, welfare and safety of individuals. Nursing homes, public places of assembly, amusement riding devices, electrical equipment and installations, refrigeration, heating and ventilation, elevators, construction equipment and the like, present potential hazards in this category.	Technical Bureaus such as Electrical, Plumbing, Heating and Ventilation, Refrigeration, Elevator, Institutional and Assembly, will make approximately 23,000 examinations. Planned preventive programs of survey inspections will be made in designated areas periodically to identify sources of potential danger, deterioration, or to detect and halt illegal work in progress. License applications will be reviewed meticulously to prevent conditions or practices detrimental to the public health, welfare and safety.	**2,193,021**
B. Lead Poison Control	A cooperative program with the Chicago Board of Health to identify sources of potential danger to children from lead-bearing paint. This is a preventive program to reduce the probable lead intake level and thus decrease the death or disability rate from this cause.	The program in 1975 is expected to reduce the number of children who contract lead poisoning. This will be accomplished by house-to-house surveys in six areas of greatest potential hazard to discover and correct incidences of peeling paint and broken plaster. During the inspection, efforts are made to assist the owner to remove the cause; and where necessary, the City will remove the condition. 20,000 survey-type inspections and an additional 4,500 complete Board of Health referral inspections will be made in 1975.	**805.847**

1975 Operations Plan—Summary—Continued

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
C. Rodent Control	In conjunction with the Board of Health and the Department of Streets and Sanitation, to reduce the problem of rat infestation. Inspections are made of residences in designated areas to detect and correct conditions which attract rodents.	Approximately 33,000 buildings will be inspected for rodent and vermin infestation in 1975. It is estimated that 5,500 notices of rat presence will be sent to owners of property requiring corrective action.	$ 272,668
D. Demolition	Removal of buildings that have been abandoned by owners which represent a potential threat to the health and safety of the community.	After inspection and failure of owner to comply with notice, the court orders the wrecking of buildings or structures constituting a danger and hazard to the residents within the community. The City will remove about 1,000 buildings in 1975.	2,518,748
E. Emergency Response	Emergency action to assure proper heating, supply of hot water, and to alleviate hazardous conditions when immediate response is required.	Inspectors are on 24-hour call and emergency staff contacts owners or managers to secure cooperation. Legal action is taken immediately where the situation is severe; or, children, aged, or ill persons are affected—when corrective action by owner is not taken reasonably soon after notification. In 1975, 1,500 emergency calls regarding dangerous and/or hazardous situations are expected. Approximately 20,000 heat and hot water complaints will be processed in conjunction with the Mayor's Office of Inquiry and Information.	60,985
F. Safety Research and Recommendations	Conducting studies to formulate or amend codes and standards for the installation, use, construction of systems, materials, appliances and devices to safeguard persons and structures from hazards.	An electrical commission and the Mayor's Advisory Committee on Building Code Amendments conduct studies of new methods of protecting the health and safety of the public. By 1975, the Elevator Code will have been revised and amended to keep up with advances in the field. Similar studies and research in other areas, such as fire safety in high-rise buildings, and complete revision of the electrical code will be continued.	53,837
G. Registration of Electrical Contractors	Assure the public of safe, competent installation of electrical facilities by reviewing qualifications of contractors.	Review applications and determine qualifications of applicants for title of supervising electrical contractor. Give examinations to approximately 40 applicants each month. Issue approximately 895 certificates. Withhold certificates or inform contractors who have failed to correct defects.	7,899

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
III. Maintaining Standards in New Construction	Assure that construction work is performed in conformity with the Chicago Building Code and Zoning Ordinances; and to prevent improper or unlawful installations of electrical, plumbing, ventilation, elevators and hoists and other equipment, appliances or systems.		
A. Plan Examination and Permits	Examination of all plans, drawings and sketches for new construction, alterations and/or additions to existing buildings or structures to determine the feasibility of new concepts, application of present standards, and to assure compliance of proposals with provisions of the Building Code and the Zoning Ordinance.	Examination is made by professionally qualified and knowledgeable staff, representing all technical bureaus. Testing of new materials or equipment will be done by the Electrical Laboratory and other City facilities. It is estimated that 14,000 plans will be examined in 1975. Strict zoning examinations will continue to assure stability of existing communities and to reduce vehicular congestion. Permits issued will approximate 13,000 plus about 45,000 electrical permits.	$ 767,656
B. Inspection	On-site inspections while work is in progress to assure that work is done in conformity with the building code, in a safe, skilled manner.	Field inspections will be made as complaints or permits require. Emphasis in construction will be focused on those jobs in progress for which no permits were issued, being done contrary to permits issued, fire-damaged buildings and work being done in a dangerous and unworkmanlike manner. Approximately 135,000 such inspections are anticipated for all technical bureaus. It is expected that more than 500 stop orders will be sent to the Superintendent of Police.	**2,327,422**
IV. Enforcement	Remedial action when necessary to correct violations and assure compliance with City standards and codes.		
A. Hearings	Hearings are conducted when violations are found, to determine the appropriate means of correction and whether court action is necessary.	Approximately 34,000 compliance board cases are anticipated in 1975. Of this number, we expect about 17,000 or 50% compliance without court action. In addition, an estimated 5,130 cases will be heard by the Electrical Inspections Bureau, of which an expected 2,052 or 40% will be complied without court action.	**118,127**

1975 Operations Plan—Summary—Continued

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
B. Adjudication	In cooperation with the Law Department, cases are referred to court when warranted. In severe cases, when criminal intent in property maintenance is indicated, criminal action is brought against property owners.	Approximately 9,000 court cases will be processed in 1975 in the Department's Compliance Bureau; and 2,500 in the Electrical Inspections Bureau. Through this program more than 37,250 pre-court inspections will be made. These inspections are supported by testimony and up-to-date photographs of violations made by inspectors and presented as evidence. The Criminal Housing Management concept is a vigorous and effective cooperative effort with the State's Attorney's office, to stimulate compliance by bringing criminal action against those property owners who have defied the Department and the Civil Courts with criminal intent in property maintenance situations. The owners building(s) would have long history of violations, with the owner allowing conditions warranted as criminal action under the statutes. More than 300 cases will be vigorously prosecuted under the State Criminal Code to eliminate dangerous or slum buildings and, by punitive example, to stimulate activity on the part of slumlords to correct violations on their buildings before being brought to court. This will ultimately affect other compliance action throughout the Department and hopefully, reduce the case load.	$ 1,159,198
V. General Support			
A. Administration	Supervision and clerical functions necessary for the operation of the Department as a whole, not identifiable with any specific program element.		1,785,777
B. Training	Professional and job improvement training for Department personnel to assure a high level of performance and compliance with Departmental standards of conduct and safety.	In-service training will accommodate fifteen classes for approximately 350 inspectors on a continuing basis. A new application will include on-site field trips training under close supervision. Encouragement and assistance will be provided personnel to improve skills through use of formal academic training available to City employees.	111,654

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
C. Records Maintenance	Maintaining a coordinated system of records to provide relevant and accurate information needed by Department personnel in performance of their duties, and to the public.	In 1975, it is the intent to increase the Department's computerized data base to include the results of the activities of all bureaus, to increase management control over permit finalizations, improve the performance of the various systems which feed the Comptroller's warrant issuance system; and to improve the accuracy of data already on file.	$ 599,894
D. Public Education and Information	To inform the public and develop a better understanding and awareness of matters pertinent to Department operations to obtain cooperation in properly maintaining physical aspects of the community and eliminating potential hazards.	The media used are illustrated pamphlets in Spanish and English, car cards, electrical code Bi-Monthly Bulletins, personal appearances of selected personnel before civic groups, T.V. appearances. Some 5,000 Bi-Monthly Bulletins will be disseminated to electrical contractors, 1,100 car cards on lead poison dangers will be posted in CTA vehicles; plans also include providing approximately 15,000 lead poison warning shopping bags; and distribution to the public and civic groups of 40,000 Landlord and Tenant Responsibilities pamphlets in Spanish and English.	63,207

DEPARTMENT OF CONSUMER SALES, WEIGHTS AND MEASURES

1975 Operations Plan—Summary

Chicago consumers spend over $9.9 billion in retail trade annually, with wholesale sales in Chicago at the $25.8 billion level. The scope of trade within Chicago is indicated by a Gross Metropolitan Product which equals $65.5 billion. Advertising affects the impact level for each program element. The Chicago daily newspapers report advertising sales exceeding $180 million per year.

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
I. Assuring fair sales practices and accurate sales quantities of indicated products and services			
A. Food	Performing tests and investigations of both quality and quantity to assure fair representations in labeling and advertising.	Approximately 11,000 investigations will be made to monitor: Retail food sales $3,365,544,000, retail meat sales $812,500,000, eating and drinking establishments $834,141,000.	$ 309,812
B. Fuel and Petroleum Products	Performing tests and investigations of both quality and quantity. Samples of gasoline, sold by service stations, will be taken for laboratory analysis and fuel advertising will be monitored to assure accurate representation.	Approximately 8,000 investigations in fuel and petroleum products, monitoring sales of: Gasoline, heating oil, and related products $474,485,000.	209,784
C. Natural Gas and Electricity	Examination of rotating electrical standards and voltmeters and testing of natural gas meters to assure accuracy of measure in both commercial and residential sales. Monitoring the B.T.U. value of natural gas to provide assurance of energy content.	Approximately 1,800 electrical standards and 130,000 gas meters will be examined which affect: Electricity sales $613,410,000 and natural gas sales $465,000,000.	95,113
D. Housing and Building Materials	Sales practices will be monitored to assure fairness in qualitative and quantitative representations. Labeling and advertising will be examined for possible violations of statutes enforceable by this Department. Investigations will be conducted to insure compliance with product safety statutes (lead poison prevention) and that consumers are receiving accurate information concerning product quality, quantity and safety. Condominium sales will be monitored to assure fairness in advertising and full disclosure.	Products in this category include: hardware, chemical products, paints and decorating supplies, building materials, rent, real estate, lumber, landscaping, heating, air conditioning and home improvements. Approximately 2,000 investigations will be made in housing, rentals, and building materials monitoring sales such as: Retail hardware, building materials and lumber sales $295,212,000, wholesale plumbing, heating, cooling and piping product sales $1,434,993,000 and wholesale lumber and construction material sales $872,298,000, and condominium sales of approximately 5,000 units.	32,473

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
E. Hard Line Merchandise	Sales practices will be monitored to assure fairness in qualitative and quantitative representations. Labeling and advertising will be examined for possible violations of statutes enforceable by this Department.	Products in this category include: new and used automobiles, appliances such as television and radio, home furnishings, carpeting and art galleries. Approximately 3,100 investigations in hard line merchandise will be made monitoring sales such as: New and used automobile sales, and automotive parts sales $1,253,165,000, small and large appliances, furniture and home furnishing sales $1,346,604,000, and carpeting sales $165,000,000.	$ 64,943
F. Soft Line Merchandise	Sales practices will be monitored to assure fairness in qualitative and quantitative representations. Labeling and advertising will be examined for possible violations of statutes enforceable by this Department. Investigations will be conducted to insure compliance with product safety statutes (toy safety) and that consumers are receiving accurate information.	Products in this category include: yard goods, clothing, toys, sporting goods, jewelry, drugs, notions, cosmetics, stationery and photography equipment. Approximately 2,900 investigations in soft line merchandise will be made monitoring sales such as: Retail apparel and dry goods $632,730,000, retail toy sales, $198,000,000, and drugs, cosmetics and related products $2,110,710,000.	59,598
G. Services	Sales practices will be monitored to assure fairness in qualitative and quantitative representations. Labeling and advertising will be examined to determine possible violations of statutes enforceable by this Department. Investigations will be conducted to insure that consumers are receiving accurate information concerning service quality, quantity and contract terms.	Services include: automobile, appliance and furniture repairs, equipment leasing, theater, sports, entertainment and travel agencies, cleaners, laundries and barber shops, beauty shops, storage and warehousing, schools and correspondence courses, magazine and distribution agencies and photography studios. Approximately 2,500 investigations of service organizations will be made, monitoring sales such as: Coin operated cleaners and dry cleaner sales $50,000,000, travel agency sales $90,000,000 and vending service sales $201,163,000.	51,463

1975 Operations Plan—Summary—Continued

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
II. Research, Education, and Information			
A. Research	Gathering data and performing analyses to provide basic information for consumers, and provide data for increasing effectiveness of Department operations.	The energy shortage experienced in 1974 was an important element of the 1974 program. Research was directed toward Department and City Government measures which would improve the energy situation. Gasoline distribution problems were evaluated along with complaints and immediate problems were resolved. The Weekly Food-Commodity Price Survey was formalized by conducting field-surveys on commodity prices every week in Chicago retail and wholesale markets. The summary of average retail prices is published for distribution every week to the public. In 1975 research efforts will focus on food and energy shortages along with rising costs. Unit pricing, nutritional information, and energy conservation will also be studied. Specific information will be collected regarding Chicago's market place for public distribution.	$ 86,119
B. Education and Information	Providing consumer education and information through speeches, exhibits, radio and television announcements, and personal contact with consumers and consumer groups. This program alerts the public to various types of abuses in the market place and serves to instruct them to make purchase decisions based on their needs.	The Department maintains exhibits providing consumer information at various locations with a high degree of exposure to consumers. A complaint and information booth will be located at retail grocery markets throughout the City. These generate inquiries and an increased awareness of the Department and its services. For 1975 it is estimated that 200 presentations on matters of consumer interest will be given. The Department has developed new consumer aid publications and will distribute nearly 300,000 pamphlets to consumers during the year.	22,257
III. General Support	Administration, supervision and clerical activities necessary to sustain departmental operations not attributable to specific program areas.		114,592

DEPARTMENT OF ENVIRONMENTAL CONTROL

1975 Operations Plan—Summary

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
I. Air Pollution Control	To improve the quality of air and reduce the damage to health, vegetation, and property due to air pollution.	To reduce the following air pollution emissions by 20.2% from 647,000 tons in 1973 to 516,000 tons in 1975: *Suspended Particulates* *1973* — 76,000 tons; *1975 est.* — 68,000 tons *Sulphur Dioxide* *1973* — 99,000 tons; *1975 est.* — 92,000 tons *Hydrocarbons* *1973* — 115,000 tons; *1975 est.* — 106,000 tons *Automobile Carbon Monoxide* *1973* — 357,000 tons; *1975 est.* — 250,000 tons	
A. Permits	To insure effectiveness of required control devices, inspections are made and permits are issued for new installations of industrial processes and fuel-burning equipment.		$ 396,796
B. Enforcement	To discover violations and respond to specific complaints. Maintaining an air pollution abatement patrol.		651,689
C. Inspections and Monitoring	To monitor and control sources and emissions by annual inspections of industrial processes and control devices. To inventory and monitor hazardous chemicals and accidental spills. In addition, operate an air monitoring network and analytical testing laboratory and a stack testing facility.		599,923
D. Auto Emission	To reduce carbon monoxide and hydrocarbons by testing all automobiles registered in the City for proper emission levels.		2,155,755
II. Noise Abatement	The reduction of manufacturing, construction and transportation noise.	To reduce background noise levels, a systematic program of plan examination, surveillance and enforcement activities is maintained along with the availability of technical assistance. To reduce vehicle noise, some 700 citations are expected to be issued. In addition, at least 1,500 noise complaints will be serviced and over 300 citations are expected to be issued for manufacturing and building construction noise.	127,155

1975 Operations Plan—Summary—Continued

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
III. Water Pollution Control	To control water quality and reduce the amount of industrial waste discharged, a systematic program of plan examination, surveillance and enforcement activities is maintained.	The conduct of periodic surveys of 4,000 commercial and industrial waste sources; annually for large and biannually for small emitters. The initiation of compliance programs for industries that emit excessive amounts of water pollutants. It is expected that nearly 200 engineering compliance programs will be initiated. Nearly 800 inspections of pleasure craft will be made to insure they contain holding tanks.	$ 79,687
IV. Solid Waste Disposal	The improvement of sanitary conditions at permitted landfill areas within the City.	To regulate sanitary landfill operations and eliminate illegal refuse dumping activities, a systematic program of plan examination, surveillance and enforcement is maintained. Some 1,900 site inspections will be conducted by enforcement personnel.	53,990
V. Boiler, Pressure Vessel and Fuel Burning Safety	To control emissions and protect the public against defective equipment, annual inspections are conducted on fuel and refuse burning equipment, plus boilers and unfired pressure vessels.	20,000 boilers, refuse burning equipment and furnaces will be inspected. 17,000 unfired pressure vessels and compactors will be inspected.	548,263
VI. General Support			
A. Administration	To operate the department through the administration of supervisory and clerical functions, provision of training for Department personnel and direction of operations not applicable to any specific program element.		407,186
B. Research	To conduct an effective environmental control research program.	More effective methods and procedures in new environmental control problem areas. This includes a ten year air quality maintenance plan and hazardous spill measures.	48,844
C. Public Information	To better inform the public, announcements, brochures and information on pollution programs are prepared and published.	6,100 newsletters will be mailed quarterly, and 150,000 brochures and posters dealing with noise, auto and industrial pollution will be distributed to industrial, civic and community groups, schools and individuals. Public service radio and television spot announcements will be continued.	57,204

DEPARTMENT OF STREETS AND SANITATION

BUREAU OF SANITATION

1975 Operations Plan—Summary

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
I. Solid Waste Collection and Disposal			
A. Refuse Collection	Improving the environment of the City by providing at least weekly pickup of refuse from residences and other locations in the City as specified in the Municipal Code.	The Bureau will collect approximately 1,135,000 tons of refuse in 1975. This represents the refuse from approximately 871,400 households and 550 public schools.	$ 39,880,301
B. Refuse Disposal	Provide sanitary disposal of refuse through incineration and/or landfill while adhering to environmental control standards. The Bureau is responsible for disposing of the material it collects as well as that collected by several other City agencies.	The Bureau will dispose of 830,000 tons of refuse at the City-owned and operated incinerators; 30,000 tons at private incinerators; 235,000 tons through a contract transfer/landfill operation and 75,000 tons by direct haul to private landfills. The City will receive revenue from the sale of steam generated as a by-product of the incineration process and from the sale of metals separated from the incinerated residue.	16,328,988
C. Bulk Collection	Provide collection of bulk material, such as discarded appliances and furniture from residences at least once a month and remove materials abandoned on public ways.	The Bureau will collect approximately 60,000 tons of bulk material in 1975.	2,734,329
D. Bulk and Debris Disposal	Provide sanitary disposal of collected bulk material through landfill, shredding and/or incineration while adhering to environmental control standards. The Bureau strives to recover the optimum amount of resources from collected bulk materials, giving consideration to economic as well as ecological factors.	The Bureau will dispose of 20,000 tons of bulk material at City-owned and operated grinding stations and incinerators, 10,000 tons through a contract transfer/landfill operation and 30,000 tons by direct haul to private landfills. Also 90,000 cubic yards of street debris will be disposed of at private landfills. The City expects to receive revenue from the sale of metals removed from the collected bulk.	748,799
II. Debris and Weed Control			
A. Weed Control	Reduce the pollen in the air and improve the appearance of the City by cutting, spraying and removal of weeds from City parkways and vacant lots, and in other areas where necessary.	During the weed season (May-October) an estimated 11,000,000 square yards of public ways, vacant lots, and other areas will be cleared of weeds.	157,993

BUREAU OF SANITATION—Continued

1975 Operations Plan—Summary—Continued

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
B. Lot Cleaning	Enhance the appearance of vacant land in the City by clearing debris and discouraging dumping.	The Bureau will remove bulk items and other debris from 4,800 lots during 1975.	$ 561,990
C. Litter Collection	Providing litter baskets throughout the City for the convenience of the public in disposing of litter-type material and collecting this material, thus improving the appearance of City streets.	The Bureau will place and maintain litter baskets on the streets at locations where high pedestrian flow and heavy volumes of litter could potentially exist.	465,888
D. Street Cleaning	Improve the environment of the City by the removal of dirt and debris from the streets.	To provide street cleaning activities on a monthly to bi-monthly basis for residential areas, and twice-weekly to daily on main arterials, using mechanical sweepers, flushers, and hand cleaning as required. An average of 200,000 curb miles of streets are expected to be cleaned during the year.	5,571,880
III. Dead Animal and Rodent Control			
A. Dead Animal Removal	To eliminate potential spreading of disease by the removal and disposal of all dead animals in the City as soon as possible.	The Bureau will remove more than 165,000 dead animals during 1975.	65,000
B. Rodent Control	Reduce the potential danger of rodent bites and spreading of disease by reduction of the rodent population in the City.	A treatment of gassing and baiting will be provided for rodent infested alleys on a systematic and "as needed" basis to a minimum of 33,000 blocks. An elementary school course about rodent control will be developed for both private and public schools.	707,195
IV. Snow and Ice Control	Provide for the safe movement of traffic by controlling ice, and removing snow from main arterial and secondary streets, when required.	It is difficult to forecast the amount of this activity required, but past experience indicates that an average of 35 inches of snow falls annually in Chicago and approximately 29 separate operations are required. The planned allocation is based on these averages.	2,361,285
V. General Support			
A. Administration	Bureau administration and supervision not identifiable with any specific program element.		490,243

Department of Streets and Sanitation—*Continued*

BUREAU OF SANITATION—Continued

1975 Operations Plan—Summary—Continued

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
B. Research and Development	Analyze Bureau programs to provide better management and operational systems.	The Bureau will continue to work on long range projects such as, a supplemental fuel processing system; an investigation of various analytical approaches to route scheduling; the automation of the information reporting/resources allocation system, and research in the field of resource recovery.	$ 164,183
C. Engineering and Technical Services	Plan, direct, and supervise the design and construction of major engineering projects. Plan and coordinate the maintenance of the City solid waste reduction, transfer, and ward yard facilities.	The Bureau will be continuing its program for installation of pollution control equipment in 1975, and this will be coordinated with design for increased efficiency in all disposal operations.	206,398
D. Public Education and Information	Develop community interest in creating a cleaner environment. Improve the appearance of the City through the education of citizens and enforcement of ordinances. This includes a summer program of patrolling the City's beaches and parks, in cooperation with the Police Department and the Park District.	This program will work with community groups and students in promoting good sanitation practices. It will also be responsible for informing the public about Bureau activities. Patrolling of parks and beaches on Saturdays, Sundays, and holidays for a 12 week period will also be made to enforce sanitation ordinances through education and ticketing.	288,080
E. Training and Safety	Providing training for Bureau personnel to assure high levels of performance and adherence to Bureau standards and safety requirements.	The Training Division will conduct seminars for over 500 laborers and clerical personnel directed at more efficient and safer methods. Programs will also be held for such specific operations as the snow and ice control and rodent control activities.	75,230

DEPARTMENT OF STREETS AND SANITATION
BUREAU OF ELECTRICITY
1975 Operations Plan—Summary

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
I. Street Lighting			
A. Maintenance and Operation	To maintain optimum illumination on streets and alleys, and in railroad underpasses.	In 1975 the Bureau will relamp and clean 53,300 street lights, make 33,920 field and shop repairs, and handle 89,510 maintenance jobs in restoring lighting service and replacing damaged equipment. The street lights will require 250,000,000 KWH of electrical energy.	$ 12,912,264
B. Installation and Adjustment	To improve illumination on the public ways through extension, rehabilitation, and adjustment of the street lighting systems.	The Bureau in 1975 will install or modernize 13,000 street lights, and will relocate and adjust facilities of the street, alley and underpass lighting systems. This will complete the sodium vapor lighting for the entire city, which also included 70,000 new light installations in 1974.	2,850,000
II. Fire and Police Communications Facilities			
A. Maintenance and Operation	To maintain transmission capability for police and fire alarm communications.	In 1975 the Bureau will make 11,106 field and shop repairs, and handle 48,240 maintenance jobs in restoring service and replacing damaged equipment. In complying with the Board of Fire Underwriters' rating requirements, 10,300 scheduled inspections will be made during 1975.	1,886,173
B. Installation and Adjustment	To improve service capability and dependability through extension, alteration and adjustment of signal lines and station facilities.	In 1975 the Bureau will extend the signal wire and cable plant, install and modernize station equipment, and relocate and adjust communications facilities.	90,000
III. Traffic Control Signals —Maintenance and Operation	To assure optimum traffic control by maintaining and servicing the traffic signal systems.	In 1975 the Bureau will relamp and clean 167,000 signal sections, make 6,555 field and shop repairs, and handle 19,210 maintenance jobs in restoring service and replacing damaged equipment. Preventive maintenance activities will be performed to assure traffic control system reliability.	2,778,694
IV. General Support			
A. Administration	Bureau administration, supervision and support services not identifiable with any specific program element.		2,311,827
B. Engineering and Technical Services	Plan, direct and supervise, the design and construction of major electrical engineering projects, system adjustments, and alterations.	The Bureau in 1975 will be continuing its program for the extension and modernization of the street lighting, traffic signal, and the fire alarm and police communications systems. This function includes research and planning services to provide technical improvements and innovations.	608,491
		Total	$ 23,437,449

ELECTRICAL CONSTRUCTION CAPITAL ACCOUNT

The Electrical Construction Capital Account is established for the purpose of constructing, maintaining and repairing street lighting and other public electric facilities, and for the purpose of purchasing and maintaining a stock of material and supplies in connection therewith, the expense of which is to be reimbursed from appropriations of City funds, from funds of other governmental agencies or by private persons.

This account shall be maintained and used subject to the conditions and limitations of Sections 7-24.1 to 7-24.10 of the Municipal Code of Chicago and the conditions and limitations herein set forth.

Charges shall be based on the total cost of furnishing material and services, including for incidental and overhead expense, not to exceed the following percentages: Forty per cent of the total definitive direct labor charges plus a rate not to exceed fifteen per cent of the material and other charges; the overhead rates will be determined by audit and approved by the Chairman of the Committee on Finance, City Comptroller and the Budget Director; further provided that charges for the use of trucks, compressors, mixers and other rolling and mechanical equipment shall be made on a unit rate per day or other unit as shall be determined by the Commissioner of Streets and Sanitation and approved by the Comptroller. Such unit rate or other basis of charge shall be determined and shall be adjusted from time to time on the basis of actual cost for furnishing the use of such equipment, which cost shall include expense incidental to the maintenance, housing and operation of such rolling and mechanical equipment and an appropriate charge for depreciation. The rates or other basis as determined from time to time shall be reported to the Committee on Finance of the City Council showing the various details included as parts of the total rate or other basis.

A reserve for depreciation shall be set up for all charges for depreciation included in the costs. Amounts equivalent to the periodic charges for depreciation shall be transferred from the general cash of the Electrical Construction Capital Account to a depreciation reserve fund and expended therefrom for the replacement of rolling and mechanical equipment.

BUREAU OF ELECTRIC WIRING AND COMMUNICATIONS

ELECTRIC SERVICE CAPITAL ACCOUNT

The Electric Service Account is established for the purpose of purchasing and maintaining a stock of material and supplies used in the installation, maintenance and repair of electrical equipment, communications equipment, and appliances and fixtures, and for the purpose of operation of a communications center, and furnishing services to install, maintain or repair electrical equipment, appliances and fixtures for any department of the City government, including subway lighting but exclusive of City street lighting and police and fire alarm systems under the jurisdiction of the Department of Streets and Sanitation, the expense of which is to be reimbursed from appropriations of City funds, from funds of other governmental agencies or by private persons.

This account shall be maintained and used subject to the conditions and limitations of Sections 7-24.1 to 7-24.10 of the Municipal Code of Chicago and the conditions and limitations herein set forth.

Charges shall be based upon the total definitive direct labor cost (except materials and supplies) plus an overhead rate not to exceed forty per cent plus a rate not to exceed fifteen per cent of the cost of materials and supplies. The overhead rates will be determined by audit and approved by the Chairman of the Committee on Finance, City Comptroller and the Budget Director.

Expenditures are authorized for the following items and are to be charged as overhead expense:

Office supplies and stationery, equipment, tools, instruments and charges and expense for maintaining a stock of material and supplies.

BUREAU OF EQUIPMENT SERVICE

Equipment Service Account

The Equipment Service Account is established for the purpose of maintaining, repairing, housing and operating rolling equipment, such as trucks, tractors, trailers and steam rollers and such other activities as this account may be equipped to furnish.

This account shall be maintained and used subject to the conditions and limitations of Sections 7-24.1 to 7-24.10 of the Municipal Code of Chicago and the conditions and limitations herein set forth.

Charges for the use of such rolling equipment shall be made on a unit rate per day or other unit as shall be determined by the Commissioner of Streets and Sanitation and approved by the Comptroller. Such unit rate or other basis of charge shall be determined and shall be revised and adjusted from time to time on the basis of actual cost for furnishing the use of such equipment which cost shall include expense incidental to the maintenance, housing and operation of such rolling equipment and a reasonable and proper charge for depreciation. The rates or other basis as determined from time to time shall be reported to the Committee on Finance of the City Council showing the various details included as parts of the total rate or other basis.

A complete cost record shall be kept showing the cost of maintaining and repairing the rolling equipment, the charges for depreciation and the cost of operating such equipment by each piece, or by type or group.

A reserve for depreciation shall be set up for all charges for depreciation included in the costs. Amounts equivalent to the periodic charges for depreciation shall be transferred from the general cash of the Equipment Service Account to a depreciation reserve fund and expended therefrom for the replacement of equipment and machinery.

Expenditures from this account are authorized for all expense for material, supplies, fuel, repairs, services and other expense and for maintenance of necessary stock, incident to the maintenance, housing and operation of rolling and other equipment.

Expenditures for salaries and wages are authorized for the following employes, at not to exceed the rate or number specified, for such period of time as may be necessary; including increments for schedule salary adjustments; and for vacation relief for Foremen.

PUBLIC WORKS REVOLVING FUND

The Department of Public Works Revolving Fund is established for the purpose of providing architectural, engineering and construction services in connection with projects under the supervision of the Department of Public Works of the City of Chicago for the study, research, design, construction, maintenance, rehabilitation and repair of these facilities, the expense of which is to be reimbursed from appropriations of the City funds, from funds of other governmental agencies, or by private persons.

This account shall be maintained and used subject to the conditions and limitations of Section 7-24.1 to 7-24.10 of the Municipal Code of Chicago and to the conditions and limitations herein set forth.

Charges shall be based on the total cost of furnishing the services including not to exceed forty percent for overhead and incidental expenses, provided that the overhead and incidental expenses, engineering and drafting furniture, machinery and equipment used in the furnishing of services shall be charged for at fair rates as determined by audit and approved by the Chairman of the Committee on Finance, the City Comptroller and the Budget Director. Personnel transferred in this budget to the Public Works Revolving Fund from the former Bureau of Architecture and Building Maintenance shall be limited to an overhead charge of five percent. Such rates shall be determined and adjusted from time to time on the basis of actual cost of overhead and incidental expense, the cost of furnishing the use of equipment, which cost shall include the expense incidental to the maintenance and operation of such equipment and an appropriate charge for depreciation. Upon approval, the rates or other basis as determined from time to time shall be filed with the Committee on Finance of the City Council showing the various details included as parts of the total rate or other basis.

A reserve for depreciation shall be set up for all charges for depreciation included in the costs. Amounts equivalent to the periodic charges for depreciation shall be transferred from the general cash of the Public Works Revolving Fund to a Depreciation Reserve Fund by the City Comptroller and expended therefrom for the replacement of equipment; including automotive equipment.

Expenditures are authorized for all items as may be necessary, as shall enter into or become a part of the cost of furnishing the services herein authorized.

Expenditures for salaries and wages, and compensation for use of personally-owned automobiles are limited to such positions, such number of positions, and rates of compensation as are specified hereunder, or where no numbers of positions is shown, only one employee may be hired for such position except with the written permission of the Budget Director and the Comptroller.

Additional compensation of twenty-five cents per hour is authorized to be paid to employes during such periods as they may work under compressed air.

Overtime at established rates is authorized to be paid to employes.

BUREAU OF MAPS AND PLATS

The Bureau approves plats of subdivisions, street and alley dedications and similar adjustments in real property parcels. It compiles and keeps up-to-date maps and the basic data required for simple and orderly legal description of real property parcels. It also prepares vacation and dedication ordinances, checks frontage consent petitions, assigns house numbers, issues house number and legal description certificates and prepares maps for other City agencies.

DEPARTMENT OF AVIATION

1975 Operations Plan—Summary

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
I. O'Hare Airport			
A. Airfield Maintenance and Operation	Maintenance and operation of the runways, taxiways and ramps associated with the landing, taking-off and parking of aircraft and the related land areas, storm drainage systems and airfield lighting systems.	Facilities required to conduct an estimated 700,000 aircraft take-offs and landings, including an anticipated 530,000 scheduled air carrier operations. Also included are facilities required to route the aircraft to and from, and to park the aircraft at payload pick-up and delivery points.	$ 7,335,151
B. Terminal Complex Buildings Maintenance and Operation	Operation and structural and interior maintenance of the two domestic terminal buildings, the restaurant building, the international terminal building and concourses.	A complex of buildings approximately 1,700,000 square feet that will serve an estimated 40,000,000 enplaning and deplaning passengers in 1975, as well as a similar number of visitors and spectators.	13,678,946
C. Parking and Ground Transportation	Operation and maintenance of the public parking structure, the public and employee parking lots, the shuttle-bus system to remote parking lots, and the airport access and service roads.	A 9,200 car capacity public parking garage and the adjacent ground level lot, which has a capacity of 3,000 cars. Together, these public parking areas are expected to handle approximately 4,300,000 cars during 1975. In addition, parking lots operated on the periphery of the airport for employees require shuttle-bus service to the main portion of the airport. The airport access roads are expected to handle 9,800,000 vehicles of various types during the year.	5,364,995
D. Safety and Security	Fire, crash, rescue and police protection and security checking of passengers (with personnel provided by the fire and police departments respectively on a reimbursable basis).	174 personnel and 17 pieces of equipment are required to provide the airport with the necessary fire, crash and rescue services in accordance with the standards established by the Federal Aviation Administration. 190 police and security personnel are required to provide police protection, vehicular traffic law enforcement and passenger screening as required by Federal Aviation Administration regulations. Approximately 17,500,000 enplaning passengers will be screened to prevent criminal acts.	10,224,139

1975 Operations Plan—Summary—Continued

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
E. Capital Improvements	Studies of facility expansion requirements, planning, design, and detailed engineering studies of such expansions. Construction of new paving, structures, and systems or improvements to existing paving, structures, and systems.	Continued study of the need for expansion and improvements to handle the ever-increasing air traffic volumes and to meet tenant and Federal Aviation Administration standards will be carried out. Planning and design of facilities to meet these needs as well as detailed engineering for the construction of these facilities will be performed. (Services will be provided in part by the Department of Aviation staff and in part by other City departments and outside firms.) Construction of the required new and improved paving structures and systems.	$ 9,469,223
F. General Support	Overall management of the personnel and activities at the airport including the day-to-day supervision of maintenance, repair and operation activities.	Overall management and direction of all of the activities at the airport will be handled through the administrative offices of the Department of Aviation. Direct supervision of day-to-day airport management staff working directly at the airport. Management activities also include design and supervision of capital improvement programs as well as revenue development and expense controls.	5,600,951
II. Midway Airport			
A. Airfield Maintenance and Operation	Maintenance and operation of the runways, taxiways, and ramps associated with the landing, taking-off and parking of aircraft and the related land areas, storm drainage systems and airfield lighting systems.	Facilities required to conduct an estimated 135,000 aircraft take-offs and landings, including an anticipated 12,000 scheduled air carrier operations. Also included are facilities required to route the aircraft to and from, and to park the aircraft at payload pick-up and delivery points.	972,854
B. Terminal Buildings Maintenance and Operation	Operation and structural and interior maintenance of the domestic terminal building and concourses, and the international terminal building.	The terminal buildings consist of about 184,000 square feet and are expected to handle approximately 597,000 enplaned and deplaned passengers in 1975.	474,812

DEPARTMENT OF WATER AND SEWERS

1975 Operations Plan—Summary

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
I. Water Supply			
A. Acquisition and Treatment	Transport raw lake water to the filtration plants where it is converted to a safe and sanitary quality.	Through the cribs, tunnels and shore intake raw lake water is provided to the two water filtration plants where purifying chemicals are added as it goes through the purification process.	$16,545,648
B. Delivery	Transport treated water from filtration plants through tunnels to the pumping stations, then distribute, under sufficient pressure, through water mains to consumers for domestic, commercial, industrial and fire protection use.	385 billion gallons of treated water of a safe and sanitary quality will be delivered throughout the City and to 72 suburban communities.	34,047,579
C. Quality Control	Through testing and surveillance of the water supply, insure that a safe, potable drinking water is delivered to the citizens of Chicago and those surrounding suburbs supplied by Chicago.	Over 218,000 chemical tests will be performed to determine residual chlorine, fluoride, ph, and dosage for alum, lime, caustic soda, and activated carbon. Also, 205,000 bacteriological tests will be conducted of both raw and treated water for coliform bacteria and plankton counts.	1,206,634
D. Emergency Response	The completion of work in response to emergency situations which cause an interruption in any phase of the water supply operation.	Main breaks, accidental damage by outside parties, pump failures, illegally opened fire hydrants, frozen hydrants, and connections, and other types of emergencies must be responded to as they occur.	3,195,471
II. Water System Expansion and Improvement			
A. Planning and Construction	Plan, direct and supervise the design and construction of water distribution system additions. Coordinate the design and construction of major engineering projects.	Field engineering services will provide for the construction of approximately eleven (11) miles of water mains. Field records of installations and platbooks will be maintained and drawings prepared. Plans and specifications will be reviewed and approved for the system including installation of new pumping units and improvements at the two filtration plants.	2,191,375
B. Research	To conduct studies of new and potential developments in water microbiology, chemistry and flow to improve operating capabilities and quality.	Units of the Laboratory Section will search for and experiment with improved and faster methods for detecting substances in water. Tests and experiments will be conducted to determine the feasibility of system control of the distribution system.	70,470

1975 Operations Plan—Summary—Continued

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
III. Cost Recovery and Conservation			
A. Measurement	To determine the amount of water used by the consumers for purposes of billings and to establish output figures for the system.	Meters, through which the water consumed is measured for the 159,000 accounts, will be installed, replaced, repaired, and read. Water delivered to suburban communities as well as plant input and output will also be measured. Annual inspections of assessed rate premises will be made to determine if any changes have occurred necessitating changes in annual assessments.	$ 4,544,863
B. Billing and Collection	To bill for and collect monies due for the amount of water consumed for domestic, commercial and industrial use.	Over 2,000,000 assessed and metered bills will be prepared and mailed. Revenues derived from these billings will be collected and accounted for. In addition, the unit will bill and collect for out-of-town sewer connections.	2,253,481
C. Conservation	To reduce the amount of unaccounted for water throughout the system.	To detect by various means of inspection leaks in the system, to measure and repair such leaks and reduce the amount of treated water lost.	1,593,285
IV. Waste Water Collection and Storm Water Drainage			
A. Maintenance of Sanitary Flow	Keep main sewers functioning at full capacity and eliminate potential blockages. Minimize flooding of basements and eliminate gas pockets and odors.	Maintenance crews utilizing vactors, bucket machines, auto flushers, etc. will clean over 2,100 miles of sewers, removing debris and thereby eliminating obstructions that might otherwise develop into blockages requiring excavation and repair.	4,524,563
B. Maintenance of Storm Water Drainage	Maintain free flow of surface water and prevent hazards to pedestrians and vehicles.	Repair and replace over 1,200 gutter grates and catch basin outlets. Over 257,000 catch basins will be cleaned by hand and automatic equipment to assure maximum drainage of surface water during heavy rains.	5,169,195
C. Sewer Repair and Maintenance	Eliminate conditions that could result in personal injuries and/or property damage. Minimize flooding of streets, viaducts and basements from caved-in, obstructed or damaged main sewers.	Replace defective frames and lids on an estimated 1,250 manholes to prevent possible street cave-ins. Necessary repairs to an estimated 900 main sewer stoppages to restore proper flow.	5,073,561

1975 Operations Plan—Summary—Continued

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
D. Monitoring Sewer Installations	Protect property owners through permit issuance and licensed inspections.	Review qualifications of applicants. Prepare an estimated 11,000 permits for issuance and inspect and supervise in excess of 35,000 installations and in excess of 41,000 repairs to assure materials and workmanship meet Departmental standards to provide sanitary safeguards.	$ 2,456,257
E. Sewer Installation	To alleviate dangers to the public health resulting from periodic flooding of basements, streets, and viaducts.	To continue sewer installation and construction of twenty major sewer projects including auxiliary and outlet connections.	26,000,000
V. General Support			
A. Administration	Supervision and administration not identifiable with any specific program element.		565,707
B. Financial Reporting and Control	To provide financial reports for bond holders as well as analytical summaries of receipts, expenditures and operations for management purposes.	The Department's accounting office maintains records and provides reporting on a utility basis in conformance with the National Association of Regulatory Utility Commissioners for Class A utilities.	268,371
C. Training and Safety	Providing training for personnel to assure high levels of performance and adherance to Departmental standards and safety requirements.		484,372
D. Property Management	The maintenance of Water Fund property used by the Department.	Repairs and renewals of the physical facilities that are owned by the Water Fund and/or operated from appropriations chargeable to the Water Fund.	399,277
E. Public Education and Information	Providing consumer education and information to develop community interest in the system and promote water conservation and pollution prevention.	Information is provided through speeches, exhibits, news media, car cards, bumper stickers, buttons, guided tours, and personal contact with consumers, and consumer groups.	187,898
		Total	$110,778,007

WATER DISTRIBUTION DIVISION REVOLVNG FUND

The Water Distribution Revolving Fund is established for the purpose of doing necessary work in connection with paving projects, laying mains under Section 185-17 of the Municipal Code of Chicago, and other work in connection with construction and maintenance of the Water Works Distribution System of the City of Chicago, the expense of which is to be reimbursed from appropriations of City funds, from funds of other governmental agencies or by private persons.

This account shall be maintained and used subject to the conditions and limitations of Sections 7-24.1 to 7-24.10 of the Municipal Code of Chicago and the conditions and limitations herein set forth.

Charges shall be based on the total cost of furnishing the material, services and incidental expense, including overhead at a rate approved by the City Comptroller, provided that machinery, trucks and other equipment used in the furnishing of services shall be charged for at fair rates as established by the department, subject to the approval of the Comptroller; the rates shall be reported to the Committee on Finance of the City Council showing the various details, included as parts of the total rate; and further provided that material charged to other than Water Fund appropriations shall be charged on the basis of average cost, the last purchase price or the known replacement price, whichever is greater.

Expenditures are authorized for all items, as may be necessary, as shall enter into or become a part of the cost of furnishing the services herein authorized.

Expenditures for salaries and wages and compensation for use of personally owned automobiles are limited to such positions, such number of positions, and rates of compensation as are specified in the appropriations for the Water Distribution Division and the employment of the following:

WATER DISTRIBUTION STOCK ACCOUNT

The Water Distribution Stock Account is established for the purpose of maintaining a necessary stock of material and supplies in connection with the Water Distribution System of the City of Chicago, the expense of which is to be reimbursed from appropriations of City funds, from funds of other governmental agencies or by private persons.

This account shall be maintained and used subject to the conditions and limitations of Sections 7-24.1 to 7-24.10 of the Municipal Code of Chicago and the conditions and limitations herein set forth.

The charges for materials and supplies shall be based on the average cost, the last purchase price or the known replacement price, whichever is greater when materials and supplies are furnished to other than Water Fund Appropriations plus an overhead rate not to exceed forty percent to cover administrative, inspection and incidental expense, except that when materials and supplies are furnished to Water Fund Appropriations the charges shall be based on the average cost thereof plus an overhead rate not to exceed forty percent to cover administrative inspection and incidental expense. The overhead rates will be determined by audit and approved by the Chairman of the Committee on Finance, City Comptroller and the Budget Director.

Expenditures are authorized for the purchase of material and supplies and for freight or other transportation charges on material and supplies received.

Expenditures are authorized for all items, as may be necessary, as shall enter into or become a part of the cost of furnishing the services herein authorized.

Expenditures for salaries and wages and compensation for use of personally owned automobiles are limited to such positions, such number of positions, and rates of compensation as are specified in the appropriations for the Water Distribution Division and the employment of the following:

BUREAU OF STREETS
1975 Operations Plan—Summary

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
I. Street and Alley Repair and Renovation	Maintain improved streets and alleys to assure traffic safety, flow and provide proper drainage.	The necessary renovation will be accomplished for 1,200,000 sq. yds. of improved pavements and 1,090 lin. ft. of street crack and joint sealing. Additionally 20 miles of improved streets will be resurfaced and engineering services will be provided as needed.	**$10,047,974**
II. Curb, Gutter, Sidewalk, and Retaining Wall Repair and Renovation			
A. Curb and Gutter	To provide for proper drainage, preclude erosion and afford a physical barrier for vehicular traffic.	900,000 lin. ft. of curb and gutter will be repaired and engineering services provided as needed.	**8,703,336**
B. Sidewalk Repair and Retaining Wall Maintenance	Reconstruction and renovation of street and alley retaining walls to eliminate sub-base, base and surface failure. Additionally, to provide property owners the opportunity to improve sidewalks on a 50% City—50% property owner basis.	35,970 lin. ft. of retaining wall will be renovated. 1,200,000 sq. ft. of sidewalk will be repaired throughout the City. Engineering services will be provided as needed.	**1,306,657**
III. New Construction Engineering	To provide engineering for the Bureau of Streets projects and to assist in the design and construction of projects by other agencies.	Field surveys, design review and construction supervision will be conducted for projects in the public way as required.	**166,670**
IV. Construction Authorization and Inspection	To assure that work done in the public way by any public utility or private contractor is in conformity with engineering and construction requirements of the City. Permit issuance and field investigations insure compliance. In addition, field inspection of the public way will be conducted on a continuing basis to determine the condition and serviceability of City facilities.	An estimated 75,000 permits will be issued for 26 various uses of the public way. Inspection of the public way and engineering services will be provided as needed.	**943,956**

(See Corporate, Motor Fuel Tax and Bond Funds for other appropriations.)

The Vehicle Tax Fund shall be reimbursed for the total cost of restoring street pavements in connection with street openings and for the inspection thereof, including not to exceed ten per-cent for overhead and incidental expense. The charges therefor shall be in accordance with a standard schedule of rates or upon such other basis as shall be established from time to time by the Commissioner of Streets and Sanitation and approved by the Comptroller.

The rates or other basis as determined from time to time shall be reported to the Committee on Finance of the City Council showing the various details included as parts of the total rate or other basis established.

The salaries and wages of employes when assigned to Motor Fuel Tax projects or to other public work projects payable from other than the Vehicle Tax Fund, together with other expense in connection with such projects, shall be charged directly to the Motor Fuel Tax Fund or other funds made available therefor or shall be reimbursed to the Vehicle Tax Fund.

The Bureau of Streets is responsible for the maintenance and repair of streets and alleys, including curbs and gutters; and the designing and planning of new pavements. The bureau issues permits for use of streets, alleys, sidewalks, including permits for opening of streets by public utilities and others.

ASPHALT PLANT CAPITAL ACCOUNT

The Asphalt Plant Capital Account is established for the purpose of manufacturing and delivering asphalt for street pavements, the expense for which is to be reimbursed from appropriations of City funds or funds of other governmental agencies.

This account shall be maintained and used subject to the conditions and limitations of Sections 7-24.1 to 7-24.10 of the Municipal Code of Chicago and the conditions and limitations herein set forth.

Asphalt and the delivery thereof to jobs shall be made on standard schedules of rates as determined by the Commissioner of Streets and Sanitation and approved by the City Comptroller. The rates as determined from time to time shall be reported to the Committee on Finance of the City Council showing the various details included as parts of the total rate. Such rates shall be revised and adjusted from time to time on the basis of the total cost, including maintenance and depreciation of the asphalt plant buildings and equipment, and plus not to exceed ten per cent for general administrative, overhead and other expense.

Expenditures are authorized for salaries and wages of authorized titles, material and supplies, truck service and other expense incident to the manufacture and delivery of asphalt.

BUREAU OF STREET TRAFFIC

1975 Operations Plan—Summary

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT OR ACTIVITY LEVEL	PLANNED ALLOCATIONS
I. Regulation of Traffic Flow			
A. Street Signs and Pavement Markings	Provide for more effective flow of traffic by installing and maintaining traffic control signs and pavement marking controls on the City streets.	In addition to the normal maintenance of traffic signs, the Bureau will have special programs to install one-way street signs, street name signs, and the new symbolic signs. It is estimated that the Bureau will install 25,000 new signs, replace 45,000 damaged signs, and remove 17,000 signs. We will also clean approximately 620,000 signs and manufacture 86,000 signs. There are nearly 4,000 miles of streets in the City of Chicago which require various pavement marking controls to insure the regulated and safe movement of traffic. At the present time there are 12,934 intersections, 41,772 crosswalks, and 19,121 stoplines all requiring continuous maintenance. We estimate that we will paint 700 miles of center lines, 1,000 miles of lane lines, 25,000 crosswalks, and 14,000 stoplines during the coming year.	$ 4,940,946
B. Rush-Hour Traffic Change	Regulation of directional traffic flow on various main arteries during morning and evening rush-hour periods, providing for more effective flow of traffic.	The Bureau changes the direction of traffic on specified lanes during rush periods on weekdays through the use of mechanical lane dividing fins, traffic cones and barricades.	443,537
C. Construction Detours	Provide for safety of motorists and pedestrians through the design and installation of alternative traffic routes in various construction areas.	Each year approximately 350 construction detours are planned, designed, and implemented.	115,754
D. Driveway Permits	Investigate and process all driveway permit requests to determine the justification of these requests and their feasibility from an overall engineering and traffic flow standpoint.	The Bureau will process approximately 900 applications for driveway permits. It is estimated that we will issue 300 residential permits and 500 commercial permits to install driveways.	80,581
E. Parking Studies	Provide for the orderly use of curb parking spaces by installing regulations as needed to control the presence, duration, time limit and/or type of on-street parking. Study off-street parking facilities to assure safety and smoothness of operation.	Review of on-street parking problems, resulting from changes in parking demand and traffic growth. About 5,580 surveys are made each year to determine the feasibility of parking control at various locations. About 7,600 work orders are written annually to prohibit or regulate parking. The Bureau reviews and approves all proposed parking facilities, either municipally or privately owned, relative to the basic design and operational characteristics; and prepares reports on the operation of existing parking facilities.	136,196
